COMPULSORY MILITARY TRAINING FOR U. S. BOYS

Death Blow for Pact Compromise

CHANGE REFUSED IN RESERVATIONS BY REPUBLICANS

Senator Lodge Tells the Democrats the Reservations About the Monroe Doctrine and Article 10 Will Not Be Modified.

QUESTION IS THROWN TO FLOOR OF SENATE

"It Looks Like Jig Is Up," Says Senator McNary, and This Seems to Be View of Most Senators.

By Norman W. Baxter.
(The Constitution—Philadelphia Public Ledger Service—Copyright, 1920.)

Washington, January 26.—Treaty negotiations once more entered the primary stage today when Senator Henry Cabot Lodge, of Massachusetts, informed the bipartisan compromise committee that the republicans would not agree to any change in language or modification of the reservations dealing with article X of the league covenant or the one on the Monroe doctrine.

The announcement of the republican leader, made immediately after the bipartisan committee met today, disrupted all plans that have been made so far looking to a compromise to insure ratification of the peace treaty, and bids fair to result tomorrow in the dissolution of the bipartisan committee itself.

Lodge Makes Statement.

"I have only this to say about the committee meeting this morning," said Senator Lodge, "that I said to the committee that there is a very strong feeling among many senators against any change in the Lodge reservations, either in words or in substance, and that I thought it only fair to say now what I have already said in public, that there can be no compromise of principle andt hat it would be impossible to secure, in my judgment, two-thirds of the senate, if any change was attempted in such articles as 2 and 5, those relating to article 10 and the Monroe doctrine. I said this was a mere statement of the situation."

The two outstanding features in the developments that followed were:

Decision by Senators Gilbert N. Hitchcock and F. M. Simmons, democrats, to place before the senate tomorrow the exact point which the compromise negotiations had reached on Friday, when further progress was halted by the threatened "bold" on the "irreconcilables."

A movement on the part of certain "mild reservationists" to join with the democrats to bring the treaty out on the floor of the senate once more and obtain a vote upon the Lodge reservations, modified, if necessary, not as a whole, but singly.

The democratic members of the bipartisan committee will reply to the ultimatum of Senator Lodge at a meeting of the committee to be held tomorrow, but from their conversation today, it is certain that they will not consent to further negotiations on the basis set forth by the republicans.

According to at least two members of the compromise committee, their discussion had already reached a point where a modification of the article 10 reservaton had been submitted and considered, and they believe it would be futile to proceed on any terms that would exclude such a compromise.

Statement by Hitchcock.

This was indicated in a statement issued by Senator Hitchcock, in which he said:

"When the conference assembled Senator Lodge advised the senators present that he had been called into a meeting by certain republican senators and for that reason had not been able to attend the last conference Friday. He regretted to say that he found it impossible to resume the conference for a compromise except upon the understanding that no change shall be made in the reservation on Article X or on the Monroe doctrine. The democratic members retired for a private conference and will make their reply to Senator Lodge Tuesday morning at a meeting at 10:30 o'clock.

"The conference up to the time its meetings were interrupted had tentatively agreed upon the preamble and all sections of the reservations except that relating to Article X, the Monroe doctrine and one of two minor matters and an agreement was apparently almost consummated on Article X when ad-

Liquor Allowed On Foreign Ships In American Ports

Orders Requiring Liquor to Be Sealed While Ships Are in U. S. Harbors Have Been Suspended.

Washington, January 26.—Orders requiring liquors on foreign vessels to be sealed while the ships are in United States ports have been suspended pending ruling by the attorney general, Assistant Secretary of the Treasury Shouse announced today.

While the attorney general has not yet rendered an opinion, the action of Assistant Secretary Shouse was regarded here as indicating that the port ban on liquors on foreign ships will be lifted permanently.

The treasury decision rendered some weeks ago under which it was held that when a foreign vessel reached the three-mile limit all liquors aboard should be sealed and remain sealed until leaving port was based on an opinion by the solicitor of the treasury department. A formal protest was made to the state department by the Italian government, it being stated among other representations that wine was a part of the regular ration of the ships' crews. Other governments are understood to have made informal protests and the matter was referred to the attorney general.

International comity requires that every possible courtesy be shown foreign governments, Mr. Shouse said, and while the rules and regulations of American ports are controlled by the United States, foreign merchant vessels, like embassies, should be regarded as foreign soil so far as prohibition control is concerned.

Embassies and legations are permitted to keep any liquor they desire on their premises and also to clear shipments of liquors through the customs. The question of whether foreign representatives who own warehouse certificates can withdraw stock from bond has not arisen since January 16, when the national prohibition constitutional amendment went into effect, and in case it does, that matter also will be referred to the attorney general for decision.

HOUSTON CHOSEN TO SUCCEED GLASS

President Wilson Decides to Put Secretary of Agriculture in Charge of the Treasury Department.

Washington, January 26.—(By the Associated Press.) — Unless plans suddenly are changed, President Wilson is expected to transfer Secretary Houston from the department of agriculture to the treasury department to succeed Carter Glass, who is about to take his seat as senator from Virginia.

While all official information still was being withheld today, it was understood that the nomination of Mr. Houston had been prepared, and unless some development arises at the last moment, it is expected to be presented to the senate within a day or two.

The move would be the first transfer of a cabinet officer from one department to another during President Wilson's administration. Shifts were frequent in the administration of President Roosevelt, but all the changes in President Wilson's cabinet have been resignations.

The successor to Mr. Houston as Secretary of Agriculture has not been announced, but it is believed he will be one of the men who have been identified with the work of that department. In official circles here Mr. Houston is credited with having been willing to accept the treasury portfolio when William G. McAdoo resigned. Before entering the cabinet Mr. Houston was a college professor at St. Louis, and it is said that as secretary of agriculture he has been close on the inside circle of the administration.

Until today the name of Assistant Secretary Leffingwell was foremost among those being mentioned to succeed Secretary Glass.

Mr. Glass will take his seat in the senate to fill the unexpired term of the late Senator Martin, of Virginia, as soon as his successor has qualified.

CLOTHING FIRM BREAKS RECORD AT PROFIT-MAKING

Chicago, January 26.—The earnings of Hart Shaffner & Marx, clothing firm, for the year ended November 30, 1919, were the largest in the company's history, according to the annual report, made public today. Net profits were announced as $2,200,218. After preferred dividends and federal taxes the company earned 13.11 per cent on its $15,000,000 common stock, compared with 8.20 per cent the preceding year, the report showed.

WING OF FULTON JAIL IS WRECKED BY RIOTOUS BOYS

Window Glasses Are Smashed, Cots Torn From Walls, and Meal Pans Are Thrown Away.

THEN PRISONERS PASS LONG SHIVERING NIGHT

Monday Cases of Malicious Mischief Are Docketed Against Youthful Rioters and They Will Soon Face Court.

That a part of the Fulton County jail was practically wrecked Sunday night by riotous prisoners, developed Monday when cases of malicious mischief were made in the city criminal court against twenty young men and boys who are being held on charges varying from automobile stealing to burglary. The charges were preferred by the jailer, "Bob" Holland, who stated that the east wing on the fourth floor "resembled a calm sea after a mighty tempest and that the temperture was low."

After the "tea party" Sunday night when the prisoners decided that they were confined too closely and needed the pure air, and accordingly broke every window in the entire wing, Mr. Holland declared that if they wanted air he was in favor of humoring them.

The real party started when the boys had been served their supper. The day had been quiet and uninteresting and as most of the prisoners are accustomed to leading exciting lives, they decided to have some excitement in the jail.

Each man took his "tea pan" and aimed at the window in his cell. Prizes had been mentioned for the best shot through the window bars. So, with one accord, the "tea pans" started on their various ways.

Not satisfied with the amount of damage done by beating the windows out with the pans, they next decided to take their beds down from the walls, where they were suspended from each end by chains. The boys raised their beds as high as they could, then let them fall. In a few minutes the chains began to snap and shouts of glee went up from the prisoners. Several of them took the chains, tied them to their blankets and indulged in a little indoor sport, knocking out the glass near the top of the ceiling. This pastime proved popular and it was taken up along the row of cells.

Cold Wind Blowing.

After the prisoners had spent five minutes in breaking up everything in their cells and had refused to heed the demands of the jailers to stop their riotous living, they settled down.

A cold wind was blowing in the east wing. A damp chill began to invade the cells, which a few minutes previously had been warm and dry.

Mr. Holland took his cigar out of his mouth and addressed the boys. This time they listened.

"Well, gentlemen, if you want me to raise any of the windows on this floor tonight, just let me know. If you prefer to stay in here without glass in your windows, that will be satisfactory with me.

"You have demonstrated by your actions tonight that you had rather sleep on a cot on the floor than on a raised cot. That is also satisfactory with me.

"And as for dishes, I don't see how we can give you anything but a little bread and water, as you have thrown away your dishes.

"I tried to tell you this a moment ago, but you would not listen, and you know that we are entirely too civilized to use corporal punishment. So if you get cold just remember, it is your own fault."

Grab Their Blankets.

When Mr. Holland left the east wing, some twenty young men grabbed their blankets and at a late hour Monday night were wrapped head and feet in them.

Mr. Holland stated that he did not know how long it would take him to find a man who could put the panes back in just as he wants them.

The young men who are suffering with a home-made case of cold feet are: Walter Strickland, C. W. Bruce, Charles Carter, Clyde McEwing, George Connally, W. T. Byerly, Charles Robertson, H. G. Priest, Mack J. Green, Francis Berryhill, Robert Thweat W. L. Fox, Hugh Robertson, Alfred Nurch, G. S. Smith, C. E. Pendley, Niah Walsh, Alvin Landers, Homer Burge and James Wilson.

Berger Case Costly.

Washington, January 26.—The contested election case of Victor L. Berger, Milwaukee socialist, and Joseph P. Carney, cost the house $4,499.42. The special elections committee decided to deny both men a seat. Berger has since been re-elected and again denied his seat.

Found Hanging In Prison Cell With Hands Tied

Mystery Shrouds First Tragedy in Tennessee Involving Enforcement of National Dry Law.

Nashville, Tenn., January 26.—(Special.)—Mystery surrounds the first tragedy in Tennessee that involves the enforcement of the national prohibition amendment. It is the case of Fred Murphy, government informant against Sheriff A. P. Warren, of Warren county.

Sheriff Warren is under $1,000 bond for appearance at the next term of federal court, charged with owning, operating and furnishing food products for a distillery.

His Body Swinging.

Saturday at 1 o'clock Murphy, aged 35, was brought into McMinnville from his home in the Dibrell neighborhood. He had been under bond on a charge of forgery. His bondsmen gave him up and Murphy was placed in a cell. At 5 o'clock Mrs. Warren, wife of the sheriff, is said to have opened the door of the cell and saw the lifeless body of Murphy swinging to a piece of wire suspended from the ceiling.

It is reported that Murphy's hands were tied behind him. Howard Ewing, assistant United States district attorney, will be in McMinnville Tuesday to investigate the case. Representing the state, C. D. Lamb, district attorney general, will be on the scene.

First reports from McMinnville indicated that Murphy had committed suicide. Other information received later points to a murder.

"We do not believe it a suicide from the information received," said Howard Ewing. "Murphy has been a government informant for some time."

Hinted at Revenge.

It is understood that Murphy hinted at revenge and that the arrest on the charge of forgery was a frame-up.

Governor Roberts got into communication with Attorney General Lamb Monday evening at the latter's home at Fayetteville. Judge Robert Smartt, of the eighth judicial circuit, lives at McMinnville and court is reported to be in session at the present time.

Grand jury investigation will be begun at once, it is also reported. While Warren county is aroused over the tragedy, the citizens of the county are reported to be disposed to allow the state and government authorities to take the initiative and rely upon their action. Sheriff Warren was arrested December 13 on a warrant sworn out by an officer of the international revenue department. Murphy was the chief witness against Warren. The sheriff still held his office and was jailor. He was therefore in charge of Murphy at the jail when the latter was incarcerated by the act of his bondsmen, when they surrendered him.

SOUTHERN PORTS FIGHT FOR RATES

Legislation Will Be for Retention of Existing Tariffs and of Trade Routes Fixed by Ship Board.

By James A. Hollomon.
(By Constitution Leased Wire.)

Washington, January 26.—Business men and trade body representatives from the south and middle west are pouring into Washington tonight to appear tomorrow before the senate commerce committee to protest against threatened interference with trade routes recently established from south Atlantic ports to Latin-America and elsewhere and against the equalization rates to these ports recently established by the rail administration.

J. W. Thomas, of Chicago, president of the Great Lakes Trust company, and chairman of the Midwest Gulf-South Atlantic Foreign Trade and Transportation committee, which is representative of business interests in twenty-four states, was among the first delegates to arrive here.

Conference Is Held.

The early arrivals held a conference today to outline their campaign against what threatens to become a bitter fight of the south and middle west against the east for a fair division of export business through southern ports.

Eastern railroad lines, through Daniel Willard, president of the Baltimore and Ohio, have announced their intention to attack these rates as soon as the roads go back to corporate control. The shippers' organizations have claimed that differentials heretofore existing favored northern ports.

The statement was in form recog-

TROOPS MASSED TO CHECK REVOLT OF MONARCHISTS

German Government Fears an Insurrection in Berlin by the Partisans of the Former Kaiser.

ATTEMPT TO MURDER MINISTER ERZBERGER

Finance Minister Shot as He Was Leaving Criminal Courts Building. Assailant Is Put Under Arrest.

Berlin, January 26.—(By the Associated Press.) — Wilhelmstrasse tonight is barricaded and under the guard of numerous troops. A patrol of eighteen armed automobiles and a half dozen huge motor trucks loaded with armed troops arrived early in the evening and immediately took up their positions in front of the government building and shut off all traffic from the thoroughfare.

The precautions taken by Minister of Defense Noske was stimulated, in addition to the assault upon Mathias E. Erzberger today by rumors that the monarchists would attempt an insurrection on the eve of the emperor's birthday (which occurs tomorrow) and that the attack was to be primarily directed against the independent socialists and radicals.

Minister Erzberger Shot.

Herr Erzberger, the minister of finance, was shot as he was leaving the criminal courts building after a hearing in the Helfferich libel suit. Only one shot struck the minister, who was slightly wounded in the shoulder. His assailant, who gave his name as Oltwig von Hirschfeld, was arrested.

The assailant of the finance minister was seized by the police and taken to a police station, where his name was discovered. He is 20 years old and now is a student living in a suburb of Berlin with his parents. His father is a bank official.

Bullet Entered Shoulder.

Herr Erzberger was engaged in conversation with his solicitor, Dr. Friedlander, outside the criminal court at 2:30 o'clock when his assailant, a well-dressed young man, approached and fired a revolver at the finance minister. The shot entered his shoulder.

Dr. Friedlander sprang at the youth, who at the same moment fired a second shot which hit Herr Erzberger in the region of the stomach but glanced off his watch chain and a button.

Herr Erzberger staggered into his motor car, which was waiting to take him home, and drove off at full speed.

While the finance minister is not seriously wounded, an operation will be necessary to extract the bullet from his shoulder.

MORE SUICIDES SINCE SIGNING OF ARMISTICE

New York, January 26.—Since the signing of the armistice there has been a constantly increasing number of suicides everywhere, according to a report issued today by the Save-a-Life league. In Germany, Russia, Syria and other foreign countries where the number has been very large, the cause is attributed to despair because of miserable living conditions brought about by the war.

The report tabulates 5,121 cases of suicides in the United States during 1919. Of the professions, lawyers led the list with 43, of whom twelve were judges; 36 victims were physicians, 28 teachers and 11 clergymen. The list included twenty presidents of large business concerns, and fifty prominent club members, millionaires and wealthy society women. Unhappy marital relations were responsible for 350 tragedies.

Men outnumbered women 2,987 to 1,637, but of the child suicides, 252 were girls and 225 boys. Newspaper editors appeared to be immune.

Widow Shonts Sues Woman Who Benefits By Will of Shonts

New York, January 26.—A summons in a new suit against Mrs. Amanda C. Thomas, principal beneficiary under the will of the late Theodore P. Shonts, was filed today by his widow, Mrs. Milla D. Shonts. The new action is said to be for the purpose of recovering real and personal property which Mrs. Shonts believes her husband gave to Mrs. Thomas before his death. This property is said to exceed $1,000,000 in value. The complaint in the action has not yet been filed.

Mrs. Shonts recently filed suit against Mrs. Thomas asking for $1,000,000 damages for alleged alienation of her husband's affections.

Bolsheviki Able To Battle World, Asserts Martens

Soviet Ambassador Boasts of Strength of the Red Organization Before Senate Committee.

DENIES PROPAGANDA IN THE UNITED STATES

Martens Says at One Time Bolsheviki Planned World Revolution, But When Regime Grew Strong Conditions Made It Unnecessary.

Washington, January 26.—Soviet Russia, transformed by assured success of its leadership at home, is no longer fired by the missionary zeal which led its agents and emissaries during the first months of its existence to preach wide revolution, Ludwig C. A. K. Martens, who calls himself the ambassador from that country to the United States, testified today before a senate investigating committee.

The soviet republic at present, Martens said, "does not care what kind of government other people have," and has indulged in general revolutionary propaganda only "when it was on the defensive and hard pressed by nations which had armies in the field against it." Today, because it is "strong enough to fight the world," it has abandoned, he added, the principles first promulgated to the effect that it can be maintained only by the destruction of other governments everywhere which recognize rights and capitalistic organization.

Fire of Questions.

These statements, Martens made under oath, were in response to a fire of questions from Senator Moses, republican, New Hampshire, chairman of the investigating committee and Senator Borah, Idaho.

Senator Borah shot him query after query, repeating various reported manifestos of the Federated Soviet Russian Republic which call upon revolutionary elements everywhere to organize workingmen to revolt against all organized government, and demanding to know whether or not every soviet supporter was not bound to work for the destruction of all governments recognizing capital. Martens met him with quick denials.

Particularly Martens denied all connection with revolutionary movements in the United States, though admitting some knowledge of them. He said they were "purely American, arising out of American conditions," and as soviet agent here he had not helped or financed them or their followers. He had instructions from his government, he said, to stay clear of interference with American internal affairs. All of his publicity efforts, very extensive as outlined in his testimony, were devoted to explaining the soviet system to the end that Americans would allow its recognition as the established government in Russia, and were not to extend it in the United States.

To Examine Records.

When the committee demanded copies of the actual governmental instructions to that effect, former Senator Hardwick, of Georgia, attorney for the soviet bureau, argued that to give them might disclose "code" in which the soviet foreign office corresponded with Martens which should be entitled to immunity, but promised notwithstanding to furnish them in the original or in sworn translations. An adjournment was taken until Thursday, partly to let Martens examine his records for that purpose.

Martens also told the committee that the soviet government had $450,000,000 or $500,000,000 in gold to spend in foreign trade, stating briefly that there was "little or no gold in the hands of private banks or individuals" and that about one thousand American concerns were ready to sell it goods.

Much of Martens' testimony took the form of a written statement, though he was interrupted constantly in its readings by the sharply put questions of his senatorial auditors. Besides entering his denial of charges that he had participated in financing revolutionary activities in the United States, the witness said he was spending $2,500 a week on the maintenance of an organization of some thirty-five employees. He gave the committee names and addresses of all of them, including American clerks and stenographers and press agents.

Educational Department.

The money expended came from

MACON MAN KILLS WIFE AND STUDENT

Herrington Claims He Returned Home Unexpectedly and Found the Pair Together Washing Dishes.

Macon, Ga., January 26.—(Special.)—R. E. Herrington, an employee of the Central of Georgia railway, shot and killed his wife and Charlie Howze, a 21-year-old Georgia-Alabama Business college student, in the Herrington home at 414 Jackson street this evening.

It is reported that Howze was the uncle of Mrs. Herrington.

Three little children of the Herringtons witnessed the tragedy.

The couple were married here eight years ago, Mrs. Herrington coming from Valdosta. Her father, A. G. Shinholser, resides at Heresford, Fla.

Couple in the Pantry.

Herrington came home unexpectedly, it is reported, and found Mrs. Herrington and Howze in the pantry the shooting, walking from the dishes. He opened fire on them. Mrs. Herrington being shot through the forehead and Howze through the right side of the face. Both were killed instantly.

Herrington then called up the sheriff's office and asked that an officer be sent for him. Howze came to Macon from Cotton, Ga., to take a business course.

Herrington appeared cool after the schooting, walking from the room and when asked by a neighbor what the trouble was about, stated, "Oh! only a little family affair." He then stepped to a telephone and called the sheriff at the jail.

Suit for Divorce.

Tonight Herrington refused to discuss the case or give any reason for his action. It was learned, however, that Mrs. Herrington had some time ago brought suit for divorce, charging her husband with desertion and abandonment of minor children. Herrington filed a cross bill charging his wife with infidelity. They had been separated for some time, but had gone back to living together two weeks ago.

It was reported tonight that the shooting followed something Herrington's children are alleged to have told him after he came home. Just what this was has not been ascertained. Herrington is a foreman in the Central of Georgia railway shops in Macon.

Short-Horn Bull To be Domiciled In Bridal Suite

Best Quarters in Montgomery Hotel for Lavender's Lord During Convention of Southern Cattlemen.

Montgomery, Ala., January 26.—Lavender's Lord, pure bred shorthorn bull, formerly owned by President Wilson, and sold by him at a Red Cross actiion sale in Birmingham, Ala., for $10,000 on July 2, 1918, reached the city today and will be domiciled in the bridal suite of a local hotel during the annual convention of the Southern Cattlemen's association, which opens here tomorrow.

The pedigreed specimen of royalty was purchased by a party of Birmingham men and Messrs. Allison, of Bellamy, and R. I. Derby, of York, Ala., and will be offered for sale by them at the shorthorn auction Wednesday afternoon.

Headquarters of the association were established here today with the arrival of President John Eldridge, of Gregory, Ark., and Secretary R. M. Gow, of Little Rock, and other officials. Rr. R. A. Ramsay, head of the department of tick eradication, United States department of agriculture, on Wednesday's program, and others to take part in the convention also reached the city today.

All incoming trains are bringing delegations from throughout the south.

The first session will be called to order at 10 o'clock Tuesday by President Eldridge, Mayor William Gunter, Jr., and President Dewees, of the chamber of commerce, delivering the welcoming addresses, to which Vice President J. F. Jackson, of Savannah, Ga., will respond.

LADS FROM 18 TO 21 MUST BE TRAINED FOR FOUR MONTHS

Provision to That Effect Voted Into Army Measure by Senate Committee and Favorable Report Ordered.

BOYS GO TO RESERVE AFTER BEING TRAINED

Specific Provision Made That Citizen Army Can Not Be Called Except in Case of Declaration of War — Hot Fight Expected in Senate.

Washington, January 26.—By a vote of 9 to 5 the senate military committee today approved provisions providing for compulsory military training for boys between 18 and 21 years, inclusive, and ordered a favorable report upon the army reorganization bill.

The compulsory military training provision, which fixes the training period at four months, was opposed in the committee by Senators Lenroot, Wisconsin, and Capper, Kansas, republicans, and Senators McKellar, of Tennessee; Sheppard, of Texas, and Kirby, of Arkansas, democrats. Senators Wadsworth, New York; Warren, Wyoming; Sutherland, West Virginia; Frelinghuysen, New Jersey; Knox, Pennsylvania, and Spencer, Missouri, republicans, and Chamberlain, Oregon, and Thomas, Colorado, democrats, supported it. Senator McKellar announced that he would submit a minority report, in which a number of the senators who opposed the plan are expected to concur.

Features of the Bill.

As finally agreed upon the bill is virtually the same as reported by the subcommittee, but is radically different from the reorganization bill submitted by the war department to congress. In addition to establishing compulsory military training the bill provides for the establishment of one army, to be divided into a citizen army composed of men who have received the compulsory training, a standing army consisting of 280,000 enlisted men and 18,000 officers and national guard.

Specific provision is made in the bill that the citizen army cannot be called to the colors except in case of a declaration of war. To accommodate the reserve force built up under the system of military training, provision is made in the bill for an annual reduction of 5 per cent in the enlisted strength of the regular army and 2 per cent in the number of enlisted officers for the first five years. This will mean, Chairman Wadsworth explained, that at the end of five years, the regular army will be reduced by 70,000 men and 1,800 commissioned officers, which will greatly decrease the cost of maintaining the military establishment.

On the Reserve List.

The bill also would place all youths who have undergone the four months' military training on the reserve list to be subject to two weeks' training annually. Under an amendment by Senator Spencer, republican, of Missouri, dependents of such youths during train-

C. F. von HERRMANN,
Meteorologist, Weather Bureau.

ing would receive an allowance the same as now provided under the war risk insurance act.

Establishment of the office of under-secretary of war, who would be charged with the solution of the great industrial and business problems involved in the procurement of military supplies, is provided by the committee upon Secretary Baker's recommendations eliminated provisions which would work to make General Pershing chief of staff in place of General March, the present chief of staff.

The bill, if passed as drafted, Senator Wadsworth said tonight, will reduce expenditures for the military establishment by approximately one-half. Estimates for the war department and the army for the coming year, he said, are placed at $1,100,000,000, while the proposed bill would not require more than approximately $500,000,000 annually.

Senator Wadsworth said he would report the bill to the senate possibly tomorrow, and would seek to call it up for consideration at the earliest possible moment. Owing to other measures now pending he hardly expects to bring it up in the senate before next week.

"Does your husband take a keen interest in public affairs?"

"No. I'm glad he doesn't. Things would surely be much worse than they are if he were trying to run them."—Detroit Free Press.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind. —(adv.)

ALLIES CONSIDER DUTCH REFUSAL

To Deliver Former Kaiser for Trial—French Legal Experts to Reply to Holland.

Paris, January 26.—The reply to the refusal of the Dutch government to comply with the demand of the allies for the surrender of former Emperor William was the first subject discussed today at the initial meeting of the council of the ambassadors, created to carry on the unfinished routine work of the supreme council of the peace conference, which disbanded last week. It was decided the French legal experts available should go into all the aspects of the case and prepare the reply, which probably will be submitted for approval of the council early next week.

Legal Phase of Question.

The discussion in the council did not disclose the trend of opinion among the members further than that it appeared to be the view that the legal phase of the question had become the chief one.

The council was presided over by Premier Millerand. Hugh C. Wallace, the American ambassador, was present with the other members of the body. After disposing for the day of the extradition question the council decided to give the representatives of the Jugo-Slavs four days' additional time to reply regarding the proposed compromise on the Adriatic question, including the disposition of Fiume. This carries the question along until Wednesday.

The council received a letter from Stanislas Patek, minister of foreign affairs of Poland, calling attention to the possibility of a strong aggressive movement by the bolsheviki against Polish territory and recommending that a plan be adopted for defensive measures. The letter asked that the question be called to the attention of Marshal Foch.

Boundary Commissions.

The council also had before it a note from the German plenipotentiaries raising certain points regarding the make-up of the boundary commissions provided for by the treaty of Versailles. The questions were raised by the Germans because of the non-ratification of the treaty by the United States and the consequent lack of American members on the commissions as provided for by the peace document. The absence of the Americans also raised a question as to the presidency of the commissions to control the plebiscite in the Teschen territory on the Czecho-Slovak-Polish frontier. It was pointed out the French member would act, pending the qualffication of the American member through the ratification of the pact, should such action be taken by the United States government.

WEST POINT PLANS FLOOD PROTECTION

West Point, Ga., January 26.—(Special.)—West Point people are busy working up plans so that the city will be protected in the future from floods. Nesbit Wingfield, of Augusta, is expected here in a day or two to make a levee survey. Mr. Wingfield has had much experience in building defensive walls against floods and entertains no doubt as to the feasibility of protecting the city against future floods.

The best thought of the city is being devoted to the perfection of plans for the proposed dikes and Mr. Wingfield's report is awaited with much interest.

SCOTCHMEN CELEBRATE BIRTHDAY OF BURNS

Henry H. Cabaniss Named President—Address Made by Dean Johnston.

More than a hundred Atlanta Scotchmen and other worshippers at the shrine of the poet of human brotherhood and liberty gathered at the Burns cottage last night to commemorate the birthday of Robert Burns. It was the old-time Burns club in all its glory, but the attendance, which was probably the largest in the history of the club, and the enthusiasm shown for the Scotch "patron saint" both proved that the old-time liquid cheer was not essential to an old-time celebration.

The speech of Dean Thomas H. Johnston, the subject of which was "What Burns Did for the Religion of Scotland," was a plea for religious tolerance and a most sympathetic account of the war which Burns waged with the bigotry and superstition of his day. He showed that the poet's terrible satires on the church of his day, "The Holy Fair" and "Holy Willie's Prayer," were not attacks on religion, as some narrow minds had viewed them, but indictments of the spiritual pride which had wrought tremendous havoc in the moral life of his time.

Dr. Johnston, who was presented to the Burns diners by former Governor John M. Slaton as a son of Erin, demonstrated by his flashes of wit and humor that he must, indeed, have kissed the famous Blarney stone. He not only instructed, but entertained his hearers from the beginning of his speech to the end.

Deacon Henry H. Cabaniss, who was elected president of the club for the ensuing year, paid high tribute to the Scotch board as the world's greatest singer of democracy, whose fame was destined to grow as the cause for which he plead encircled the earth. No other poet, he said, not even Shakespeare, could gather such a devoted band of followers to sound his praises as could Burns.

Luther A. Rosser responded to the toast, "The Day We Celebrate." He found in Burns' humanity, even in his frailties, the secret of the influence which he still holds.

Rabbi David Marx spoke in an eloquent and serious fashion on "Our Country." He made a plea for greater toleration in church and state, declaring that the American ideal was one of liberty, and that, if freedom of speech and freedom of thought were restricted, the system of government framed by the fathers of our country would be lost to the world.

While severly pleadeding fo rlaw and order, he intimated that matters had gone altogether too far, when "men were denied seats in a representative body to which they had been elected merely because they belonged to a certain party," alluding to the recent action of the New York assembly in refusing seats to the socialist members elected from New York city.

"Holy Willie's Prayer."

Dr. Alexander W. Stirling read in a most unctious manner, that had a telling effect upon his hearers, "Holy Willie's Prayer," which Dean Johnston had defended in his speech. Other features of the evening entertainment were the songs from Burns and other Scotch poets rendered by A. W. Browning, a duet by Mr. Browning and A. A. Greig, retiring president of the club, and the reading of letters of regret for their inability to attend from absent members, interspersed with inimitable comment by Secretary R. M. McWhirter.

The last speakers of the evening were Dr. Joe Jacobs, whose Burns enthusiasm is well known to all Atlantans, and Hamilton Douglas, also a past president of the Burns club.

The officers elected for the ensuing year are: President, H. H. Cabaniss; first vice president, R. M. McWhirter; second vice president, Alex S. Taylor; secretary-treasurer, Eugene F. King; superintendent of the cottage, Robert M. Murray; chaplain, Rev. Russell K. Smith; piper, George Wallace; directors, Thomas Scott, James Carlisle, James Duffy, James Strachan and F. S. Scoggins.

The following past presidents are also directors of the club: Hamilton Douglas, Donald McK. Bain, Dr. Joseph Jacobs, John M. Graham, Robert M. McWhirter, Dr. Alex W. Stirling, Piromis H. Bell, John S. Cameron, Eugene Oberdorfer, Alex S. Taylor, Dr. John Osman and A. A. Craig.

Diplomatic Bill Passed.

Washington, January 26.—The diplomatic and consular appropriation bill, carrying $8,843,038, a paredown of $3,070,125 from estimates, for expenses during 1921, was passed today by the house. No provisions were made for increased salaries for ambassadors and ministers as requested by Secretary Lansing, but under secretaries and clerks at American embassies and legations were given a $1,000 flat raise.

Fatal Fat

Unhealthy Fatness Shortens Life. Reduce Weight.

Would you like to reduce your weight 10 to 60, or more, pounds in a simple, safe, comfortable way?

Do you want to be healthier, to look younger, to be sprightly, to be more efficient, to possess a good figure without wrinkles or flabbiness?

Then stop harmful drugging; do not follow starvation diet or tedious exercising, but adopt the delightful, guaranteed, korein system.

Stand by your window or in the open air each morning and evening, taking deep breaths. Use **oil of korein** and follow other simple directions of the system.

You will reduce your weight, or receive a forfeiture in cash under $100 guarantee. Get a small box of oil of korein (in tabules), now sold in drug stores at lowest before-war price, or write to Korein Company, NB-69, Station F, New York City, for free book, "Reduce Weight Happily." Amaze everybody by attractive figure, vigorous health and personality. Show others this adv't. —(adv.)

SALES MANAGER WANTED BY NAVY SALES BOARD

A Sales Manager is wanted by the Sales Board, Navy Yard, Charleston, S. C., for the states of South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Oklahoma and Arkansas.

Young, vigorous executive is desired, who is familiar with southern trade conditions and with selling a varied line of goods. Assistant Sales Managers in large wholesale houses, particularly in mill and machinery houses, are invited to apply.

Applicants must give full particulars as to age, experience and references. Good pay and good business experience to right man.

Apply at once to

GEO. M. STACKHOUSE,
Commander, U. S. N., Senior Member Board of Survey, Appraisal and Sale,
NAVY YARD, CHARLESTON, S. C.

Members Are Gained By America's Churches; Sunday Schools Lose

New York, January 26.—America's churches have gained nearly 3,000,000 members since the last church census was taken in 1916, but there has been a marked decrease in the number of Sunday schools, and Sunday school pupils, according to "The Year Book of the Churches," which will be issued tomorrow by the federal council of the churches of Christ in America.

The total church membership has increased 2,779,667, the announcement says, with an increase of 3,519 ministers and 5,350 church organizations. The total number of churches is now 233,834. There are 195,513 ministers, priests and rabbis, with 44,709,521 members of their various organizations. The decrease in Sunday school membership is estimated at more than 3,500,000.

The total Protestant church membership is given at 25,980,456 and the Roman Catholic figures as 17,549,324. It is explained that the Protestant figures include only adult communicant members of a family, while the Roman Catholic statistics represent the entire family. Estimating four persons to a family, the Protestant constituency would be more than 50,000,000, the book says.

An estimate of members of Jewish synagogues is 250,000 and the two Mormon bodies report a membership of 494,388.

The largest Protestant body reporting was the Methodist Episcopal church with 4,175,502 members and the smallest the Primitive Friends with fifty members and two ministers. The national Baptist convention (colored) is the second largest Protestant organization with 2,938,579.

POWHATAN CRIPPLED BY BOLSHEVIK AGENTS?

Washington, January 26.—Secretary Baker was asked to advise congress if the condition of the disabled transport Powhatan was the result of bolshevism aboardhip, under a resolution introduced today by Representative Britten, republican, Illinois. The resolution would also direct that Secretary Baker supply the house military committee with copies of reports from masters and chief officers of other transports, especially the transport America. Mr. Britten, in his resolution, says: "It is understood that mutiny, theft, gambling and insubordination exists on transports."

The wrecksking tug Relief, under charter to the war department, has reached the disabled army transport Powhatan, it was announced today at army transport headquarters here. Latest reports from the transport were that she was in a bad way, but officials hoped that the tug, with her powerful pumps, could keep the ship afloat until she could be towed to port.

The Powhatan is a former German liner and, while still under war department control, is included in the list of vessels the shipping board is offering for sale. Tenders for this and other of the former German liners are expected to be received by the board tomorrow.

Halifax, N. S., January 26.—The United States army transport Powhatan is being towed into port at the rate of five knots an hour and will arrive here tomorrow afternoon, according to a wireless message received tonight by the marine department from the steamer Lady Laurier. All is going well aboard the transport, it was stated, and there has been on serious mishap since the start was made this morning.

With the exception of the low temperature, the weather is reported to be favorable.

MOULTRIE VOTE SOLID FOR ISSUES OF BONDS

Moultrie, Ga., January 26.—(Special.)—A bond election marked by the largest vote and the most enthusiastic support was held today, 553 votes being polled and not one cast against school or sewer bonds and only two recorded against paving bonds. It was the largest vote ever polled in Moultrie with the single exception of the last municipal election, when there were four popular candidates for mayor, the vote in that election being 596.

The bond issue will include $35,000 for schools, $60,000 for paving and $10,000 for sewer extension. The bond election was as the first progressive and united step in the program of the chamber of commerce for the new year, and business men put aside all other business to make it a success.

NAVAL DECORATIONS FOR 156 ENLISTED MEN

Washington, January 26.—Secretary Daniels made public tonight a letter to Chairman Hale of the senate subcommittee investigating naval war decorartions transmitting a list of awards made to enlisted men of the service by the secretary, without reference to the Knight Medal Award board. It consists of twelve awards of distinguished service medals, the only instances, Mr. Daniels explained, of such awards to enlisted men, and 144 navy cross awards.

Chairman Hale was informed, also, that a list of awards to officers made by direction of the secretary "without the action of the board" was being compiled and would be transmitted when completed, as the senator had requested.

Secretary Daniels in his letter said that when the report of the board of awards reached him, he noticed "that out of a half million men in the naval service during the war, only about 113 enlisted men had been recommended for the distinguished service medal."

Ordered Study of Reports.

"I knew," Mr. Daniels' letter continued, "that there were reports of brave and heroic action by many enlisted men as well as by many officers. I directed a study of there reports be made and as a result of this partial study directed that distinguished medals and navy crosses be awarded."

Mr. Daniels recalled his order calling upon the entire service personnel to report instances of courage or unusual service within their knowledge and added:

"Many men whose deeds are yet unreported will be rewarded. No final action would be just without the information and recommendations requested from all officers and men in the service."

Citations accompanying the list of awards transmitted show that the medals have been awarded not only to men on ships in the war zone, but also to several members of the naval hospital unit which served with the marine brigade in France. One award is to be Joseph B. McCrisaken, Washington, Ind., pharmacists' mate on the gunboat Marietta who stuck to his post in sick bay during the influenza epidemic in 1918 until he succumbed to the disease himself; another to Osmond K. Ingram, Pratt City, Ala., gunners' mate aboard the destroyer Cassin, who was blown to pieces while trying to dispose of depth charges when the vessel was struck by an enemy torpedo.

Another Posthumous Award.

Another posthumous award was to John V. Mallon, Brooklyn, N. Y., seaman who remained on duty as signalman on watch on the bridge of the trawler Bulkley, sunk by a mine and went down with the ship. Gunnery Sergeant Amil Wiman, marine corps, observer in the marine aviation force, France, also was awarded a medal for having made four flights over a party of besieged French troops at low altitude and under heavy fire to drop them food packages, and also one for attacking twelve enemy scout planes, shooting down one and himself being finally brought down in the Belgian front line trenches.

Award of crosses were made for a great variety of exceptional services, many of them to members of the armed guard detachments on merchant craft attacked by enemy submarines.

HELD FOR KILLING AGED MOONSHINER

Benton, Tenn., January 26.—Following a hearing before Justices of the Peace Higdon and Kerr here, Deputy Sheriffs S. H. Quintrell and Mark Lillard, charged with the murder of James Blankenship, an aged "moonshiner," near Ball Play a few days ago, were held to the grand jury in bonds of $1,000 each.

The defendants claimed that they acted in self-defense, Blankenship, according to their statements, having opened fire first, while the prosecution contended that the arrest could have been made without bloodshed.

West Point Deal.

West Point, Ga., January 26.—(Special.)—The West Point Wholesale Grocery company, after suffering a heavy loss in the recent flood, is moving to new quarters and enlarging its business. This corporation purchased the property of the Farmers' Products company, which is about one block from the old place. The Farmers' Products company owned one of the largest warehouses here, and in view of this fact will give the grocery company ample room for its large stocks.

EMBARGO ON IMPORTS OF COAL TAR PRODUCTS

Washington, January 26.—With amendments which virtually place an embargo on the importation of coal tar products and their derivatives, favorable action on the house dyestuffs bill was ordered today by a senate finance subcommittee which has conducted extensive hearings on the measure.

As finally agreed upon by the subcommittee, the licensing provision contained in the house bill was eliminated and instead the federal tariff commission was given authority to determine what dyestuffs are to be admitted.

The bill alsoo was amended so as to continue in effect for ninety days after the bill becomes a law, should peace be proclaimed sooner, provisions of the trading-with-the-enemy act prohibiting or controlling the importation of dyes or other coal-tar products.

ANNUAL DINNER AT WEST END CHURCH

The annual turkey dinner of the Men's association of the West End Presbyterian church will be held at the church tonight at 7:30 o'clock. Invitations asking all men of the church to attend have been mailed, and a large attendance is expected.

At this dinner, accomplishments of the past year will be discussed, and plans will be formed for the present year. Reports will be made by officers of the different church departments, including that of the clerk of the church session, the chairman of the board of deacons, and the pastor. Other members of the congregation will make short talks. One of the principal speakers will be Dr. R. F. Kirkpatrick, pastor of the church.

The dinner will be prepared and served by the ladies of the church. The committee in charge of the program and invitations is J. T. Boardman, George H. Seal and W. L. Smith.

OVERTURES TO CHINA ORDERED BY JAPAN

Tokio, January 26.—(By the Associated Press.)—The foreign office in a statement issued today says Japan acquired the German rights and interests in Shantung by virtue of the terms of the peace treaty, but that in pursuance of its own repeated declarations and agreements, Japan has instructed its minister at Pekin to make overtures to the Chinese government as follows:

1. The Japanese government desires to open negotiations regarding the retrocession of Kiauchow bay and other measures with the view of effecting a sincere and speedy settlement and hopes the Chinese government will make necessary preparations.

2. With regard to troops along the Shantung railroad, Japan intends to withdraw them as soon as possible, even before reaching an agreement with China, unless the absence of other railway guards affects the security of communications and the interests both of Japan and China, her partner, in which case the Japanese will garrison the railway until the Chinese government has organized a railway police force. Since, however, Japan desires to withdraw even before a Japanese-Chinese agreement has been reached, Japan hopes for the earliest organization of Chinese railway police.

WOMEN TO IMPROVE DEMOCRATIC PARTY

New York, Januayr 26.—The charter of the Women Democrats of America, a national organization of women formed to "better conditions in the democratic party," was approved today by Justice Peter A. Hendrick. Miss Margaret Vail inaugurated the movement, and it has been sponsored by Mrs. George H. Childs, president of the club. Mrs. George Bass, chairman of the women's bureau of the national democratic committee, has indorsed the organization.

The Proof of

IT'S in the smoking—and the smokers. At all of these prominent places, and at many others besides, Fatima leads in sales. Surely this is proof that "just-enough-Turkish" is just what most smokers want.

J. B. WEAVER IS OUT OF GOVERNOR'S RACE

Dawson Man Retires Thanking Friends for Promised Support.

J. B. Weaver, of Dawson, vice president of the Georgia Farmers' union, who has been urged by his friends to make the race for governor this year and who had indicated very strongly that he intended to run, while in Atlanta yesterday issued a statement to the effect that he would not enter the campaign. His statement, thanking his friends for their support, follows:

"While I deeply appreciate the courtesy and honor accorded me by a great many people over the state who have volunteered their support should I decide to make the race for the governorship, and, in view of the fact that I stated some time ago I would make a definite conclusion early this year, I deem it my duty to make the statement at this time that I will not be a candidate.

"Any Georgian should feel not only compensated, but highly honored, as I do, to be advanced as a suitable candidate for the highest and most important office in our commonwealth, but, after very mature deliberation and proper consideration of the demands upon me in the conduct of my personal business I find that I cannot consistently make the very great sacrifice a campaign for this office would entail at this time."

This leaves only two announced aspirants in the campaign for gubernatorial honors—Attorney General Clifford Walker, of Monroe, and Speaker John N. Holder, of Jefferson. Neither of these gentlemen has opened his campaign formally as yet, but developments are expected very soon after the meeting of the state executive committee, to be held in Atlanta on February 7.

To Bar Betting Ods.

Washington, January 26.—A bill to prevent transmission by mail or wire any record of betting odds on horse races or other contests in which men, beast or automobile takes part was introduced today by Senator Sterling, republican, South Dakota.

HOOVER'S BOOM NOT SUBSTANTIAL, SAYS HOLLOMON

Said to Have Been Perfectly Staged and Backed by Wall Street. Great Britain's Interest in Mr. Hoover.

By James A. Hollomon.
(By Constitution Leased Wire.)

Washington, January 26.—Figure it anyway you can, there is nothing substantial to the Hoover boom for president. That it has been most perfectly staged of any campaign of the like in the history of America is admitted. That it has suffered from having been over-staged is unquestionable. It reached an anti-climax before the people had time to analyze it, and all because it carried the earmarks of a set demonstration. That the interests of Wall street, particularly the Morgan interests, representatives as they are in America of financial Europe, are behind the Hoover boom there is little doubt.

That Great Britain would be acutely interested in having Mr. Hoover for president, if such a thing could be made possible, is evident without any alleged disclosures of Mr. Hearst and his newspapers.

The crux of the matter is, however, the American people are, as a rule, close adherents to party lines. No appreciable number of them have ever broken off at a tangent on independent or non-partisan lines but that they subsequently returned as the prodigal and sought shelter again under a party roof. Mr. Hoover's lack of party affiliations, and his lack of keenness to party organization has left him standing as a stone candidate, set up with great pomp, but free from the human touch that draws men together. There is little doubt that the republican machine, anxious to obstruct the Wood candidacy, has abetted the Hoover boom in the hope that it might appease to some degree the demand for a war-service candidate for a sufficient time at least to wind the Wood entry.

On the whole there is no warmth to the Hoover campaign, no enthusiasm, no spontaniety, and no hope of ultimate success.

Bryan's Scheme.

The fact that William Jennings Bryan has put his stamp of disapproval upon him is of no serious concern one way or the other in the appraisement of the American public. That Mr. Bryan's scheme of eliminating everybody else from the running, leaving himself in spite of himself as the only man who measures up to the self-made Bryan astandard, is already discounted by the democratic votes of this country, is well established.

His taboo on Hoover, therefore, is not responsible for the lack of Hoover sentiment. The people, according to the consensus of opinion here, where every nook and corner of the country is represented, are not seeking Mr. Hoover for president and have become more or less sickened at the stage setting so carefully planned for his debut in American politics.

The utter lack of strength for Mr. Hoover for president does not in the slightest reflect upon him as a great executive and one whose service during the war was of a high order and unstinted commendation.

The Dewey Boom.

Admiral Dewey was one of the nation's greatest heroes when he returned to America from the waters of the far east in 1899. As victor in the battle of Manila he won the plaudits of his countrymen, but as a prospective candidate for president in 1900 his candidacy boomed for a day or two like the cannons of his flagship and then it died like the fading of the flash. The people loved the admiral, but they did not want him for president. The people of America may love Herbert Hoover, but they don't want him for president.

There never has been a boom staged with such precision and yet so lacking in the cheer of real friends.

NEGRESS CLAIMS AGE IS 123 YEARS; GRANDSON IS 63

Americus, Ga., January 26.—(Special.)—Frances Stewart, a negro woman living in the 882d militia district of Schley county, near the Sumter county line, is believed to be the oldest person living in Georgia. When interviewed by J. H. Hooks, of LaCrosse, census enumerator for her district, the woman said she was 123 years of age.

She lives on the farm of W. L. Reed, in the home of Tom Stewart, her grandson, who is himself 63. Her age is accurately established by the family Bible, which has been seen by many persons residing in that neighborhood, all of whom say the records therein show Frances to be 123.

She came to Georgia from North Carolina, where she was born, before the beginning of the civil war, and said yesterday she was getting well along in years when Lincoln's emancipation proclamation was issued.

SEVEN ILLICIT STILLS RAIDED IN ALABAMA

Birmingham, Ala., January 26.—The largest "moonshine" establishment ever found in Alabama, composed of seven stills, ranging in capacity from 125 to 250 gallons, was discovered and destroyed by prohibition enforcement officers Sunday in the hills near Pelham, twenty miles south of here.

The raiding officers destroyed 13,500 gallons of mash and arrested five men.

The seven stills were set up within a radius of a few hundred yards and were in full blast when the raiders ran upon them.

It is stated by the officers that it was from this "plant" that Birmingham's supply of corn liquor has been coming. It brings $25 a gallon here now.

WASHINGTON PRIMARY DATE IS FEBRUARY 18

Sandersville, Ga., January 26.—(Special.)—Washington's county primary will be held on February 18. This is two months earlier than heretofore, in order that the farmers may not be deterred from their work during April. Candidates also stated they preferred a short, snappy race to a long-drawn-out affair. Opposition will be offered to all officeholders except for ordinary. The election for representative to the legislature will not be held at this time.

GREAT SANDERSVILLE DAIRY IS INSPECTED

Sandersville, Ga., January 26.—(Special.)—The government vocation board sent an inspector to Sandersville recently to inspect the Fern Crest dairy, which is said to be the largest dairy in the south. It is located one mile north of Sandersville. The immense barn has accommodations for 400 cows. More than 200 are milked daily and the milk and cream shipped to various points in Florida. The vocational board is planning to send some of the disabled soldiers here to learn the dairy industry.

KILLED YOUNG WIFE, THEN KILLED HIMSELF

Chattanooga, Tenn., January 26.—Ben Thomason, a well-known farmer of Rutherford county, shot and killed his young wife at her father's home near Murfreesboro this morning and then shot and killed himself.

SPECIAL TAX LEVY MONEY IS DIVIDED

The Finance Committee Agrees to Appropriate $15,000 for Public Comfort Station If County Gives Equal Sum.

Apportionment of estimated income from the levy by council of an emergency tax was made by the finance committee at a meeting held Monday afternoon.

In accordance with the purpose of the levy, $250,000 was apportioned to the water department to provide enlargement of the filters and clearwater basins at the waterworks; $150,000 was apportioned to the board of education to erect a new Commercial high school building, and $238,000 to pay increased salaries to the school teachers; $65,000 was appropriated to the waterworks department to construct an extension to the supply water main south of McCall's crossing, and $100,000 was apportioned to the park department to build a new Cyclorama at Grant Park.

Council voted to levy an extraordinary tax of three-eights of one per cent, which will produce an estimated revenue of approximately $840,000.

The finance committee Monday afternoon agreed to appropriate the sum of $15,000 toward the erection of a public comfort station on a lot adjacent to the city hall, provided the county will appropriate an equal amount for its construction.

Councilman R. H. Jones, Jr., who is chairman of the public improvements committee and who has been active in fostering plans for a public comfort station, came before the committee and stated that he had the informal consent of members of the Fulton county commission to contribute $15,000 toward the project.

Plans for the proposed station have already been drawn and contemplate accommodations for both races and both sexes. There will be a basement, a ground floor, and a story built above the ground.

Increase of $15 a month was granted to each employee of the office of building inspector.

An appropriation was authorized to employ an architect to prepare plans and estimate on the proposed merger of the Emory hospital buildings and Grady hospital. The Emory group opposite Grady hospital has been offered to the city by Emory university provided they be used for a negro hospital.

MURDER CASES PLACED ON DOCKET THIS WEEK

Several murder cases have been placed on the criminal docket this week, although it is doubtful if they wil lbe reached. The trial of Marvin Calloway, a boy charged with the murder of a nightwatchman at the plant of the Southern Furniture company several weeks ago, has been set for today. The trial of Charles Lipshutz, a traveling salesman for a New York concern, charged with larceny of a trunk of jewelry from another salesman, has been set for Thursday.

The trial of Jack W. Farrior and Sid Allen, two taxicab drivers, charged with the murder of James Smerles, has been set for Thursday. It is charged that Farrior and Allen engaged in an unlawful automobile race with the result Smerles, a passenger in Farrior's car, was killed when the machine collided with a telephone pole on Boulevard, near Forrest avenue, May 22, 1919.

RECEIVER IS NAMED FOR STREET RAILWAY

Pensacola, Fla., January 26.—On complaint of the Old Colony Trust Company of Boston, a leading creditor, Judge Sheppard, of the United States district court, today appointed James G. Holtzclaw receiver for the Pensacola Street Railway company. Inability to operate at a profit on a 5-cent fare is the principal reason given for the application.

EXPECT TO CONCLUDE COWAN CASE TUESDAY

Decatur, Ga., January 26.—(Special.)—The empaneling of a jury in the case of Walter Cowan, whose trial on the charge of murder of Sam Farris, a neighbor, at Constitution last July, was the only progress made today in DeKalb superior court. Officials state, however that it is hoped to conclude the trial Tuesday. Cowan claims that Farris attempted to assault him.

DEATH BEFORE 100 YEARS IS SUICIDE, SAYS POMEROY

Century Mark Is Normal Human Age, Claims Authority Who Is Visiting Atlanta—Is Himself Living Example of What Puratone Will Do for Sick and Suffering Here.

"Death before a hundred years of age has been reached is nothing more or less than slow suicide. A man or woman who dies at an earlier age is simply ignorant of the laws of health."

Such was the original and rather startling statement made by John Pomeroy, the celebrated New Zealand scientist and authority who has established headquarters in Atlanta at the Jacobs' Pharmacy main store on Marietta street, where he and his assistants are personally meeting the people here.

Mr. Pomeroy is a living embodiment of the cheerful creed he preaches. Virile, well poised, active and energetic, he looks as though he would himself easily attain the century age limit, which he declares is the normal one. He said:

"I want the people of Atlanta to know my opinions on the subject of health, which is the fruit of a life-time devoted to helping sick people. There isn't a building in this city big enough to hold the people right here in Atlanta who are going to be benefited by my Puratone.

"I want to talk most of all to the sick people, the discouraged ones, the victims of nerve-wearing, body-racking diseases and ailments, for these are the ones to whom the message of hope which I bear will bring the greatest blessing.

"I want to talk to the rheumatics, the sufferers from stomach trouble, the ones afflicted with that noxious disease—catarrh. I want to tell my story to the women who have become chronic invalids as the result of nervous troubles. I want to talk to the men who are 'all run-down,' whose health has been broken by overwork, improper diet, late hours and other causes, and who feel the creeping clutch of serious chronic illness.

"To these people I bring a story of hope. I can give them a promise of better things. I want to astonish them by showing the great number of people who have again become healthy and robust through my Puratone.

"I have no 'cure-all,' but my preparation is the very best thought of modern science. Old methods must give way to new. Medical science moves. I know what my Puratone is doing for humanity. I know what it will do for the people of Atlanta. Let me prove my statements—that is all I ask."

Puratone is sold in Atlanta exclusively by the Jacobs' Pharmacy stores. It is also sold by one leading druggist in every town.—(adv.)

B

The L. B. Card ledger for department store accounts—

Department stores from Maine to California have never been so busy. Charge accounts have increased rapidly in the last four years. Accuracy in keeping these accounts has become more necessary than ever.

Here are three definite reasons why the L. B. Card ledger, machine posted, is helping leading department stores to keep their accounts up-to-the-minute:—

1. *Flexibility.* The work can easily be divided among any number of operators.
2. *Accuracy.* Each day the postings can be proven with a minimum amount of work.
3. *Credit Reference.* Questionable accounts can be referred with the greatest of ease to the ledger for credit.

Executives prefer the L. B. Card ledger because it relieves worry, clears their desks of complaints and gets statements out on time. Employees prefer it because it reduces mistakes to that irreducible minimum and makes the day's work easier yet more productive.

One of our representatives will be glad to talk card ledger to you and show its adaptability. Write, 'phone or call.

BETTER THAN WHISKY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Indorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price, While You Wait at Counter, If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the Two-Minute cold and cough reliever, authoritatively guaranteed by the Laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whisky, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with this wonderful new elixir, so all you have to do, to get rid of that cold, is to step into the nearest drug store, hand the clerk a half dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take a drink at one swallow, and call for your money back in two minutes if you cannot feel your cold fading away like a dream, within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and most agreeable cold and cough remedy for infants and children.—(adv.)

How to Relieve

CATARRH

No Medicine to Swallow, Just Inhale Medicated Smoke

Wonderful cures of catarrh, head noises and deafness are being reported by men and women who suffered for years. They found quick relief in soothing medicated smoke. Then, by following the easy directions, their ailments vanished and have never returned.

One of the world's veteran physicians compounded this amazingly successful remedy of herbs. It may be obtained in the form of cigarettes; or for smoking in a pipe or holder. Just ask the druggist for a box of Dr. Blosser's Catarrh Remedy and mention how you prefer to use it.

This delightful remedy is harmless; contains no tobacco. The relief is usually felt at once. A triple guarantee comes in the box; you are sure to be benefited or no cost to you. Could anything be fairer? *Adv't.*

THACHER MEDICINE CO. Chattanooga, Tenn., U. S. A.

U. S. TO GET HALF CUBA SUGAR CROP

Predicted That Refined Sugar Will Be Slightly Lower in February, Followed by March Decline.

By James A. Hollomon.
(By Constitution Leased Wire.)

Washington, January 26. — The United States, after all, will get fully one-half of the Cuban sugar crop of approximately 4,000,000 tons. It is authoritatively predicted in Washington today, therefore, that refined sugar will be slightly lower in February and will decline perceptibly in March.

The whole sugar flurry may end with the coming of spring and a return all over the world of more nearly normal conditions.

That the United States will get one-half or more of the Cuban crop "by default" is based upon what has been discovered to be the limited purchasing power of the nations of Europe, only a part of which can necessarily be sugar. Officials here are notified today that, predicated upon reliable and carefully prepared estimates of the total that Europe can consume under its limited power to purchase, the United States can confidently count on 2,000,000 to 3,000,000 tons of the current crop from this source.

Fruits of Strife.

The present high sugar prices are one of the fruits of the partisan strife stirred up here early last year when the republicans took control of the special session of congress.

Along in August after the partisans had shouted all summer about the overexercise of government control, the question of continuing the sugar equalization board another year and buying the Cuban sugar crop came up. At that time there was at least one member of the board itself who thought it was time for the government to get out of the market and the sentiment among the majority in congress seemed to urge such a source, one school of economists holding this theory that the peace treaty would be signed and all the nations would be released from their war alliance and ready to go into the market on a supply-and-demand basis.

The Sugar Board.

Then came October, with world markets still unsettled, and when the sugar board appeared before congress it urged that its existence be continued until December 31, 1920, and that it be authorized to purchase the coming Cuban crop. But congress still seemed to favor getting out of the market and there was no action. In December the attorney general, who had taken over the food situation, announced that the board, lacking congressional continuance, would cease to function after December 31.

This meant that the relentless law of supply and demand would have to be allowed to enter an unready field again after that date. In other words, with an actual existing sugar shortage, the bars were to be thrown down. There would be no market control. There would be no wholesale distributing scheme and every corner of the world was to get what it would pay for. Realizing what their failure to act was bringing on congress at the last minute got busy and on December 20 the sugar equalization board was continued for another six months.

By this time, however, the central Cuban agency had gone out of existence and control of the market could not be secured through one agency as before, but the market must be chased down wherever Cuban purchases were possible. Meanwhile the allied nations, who controlled the Cuban market last year, had unbound themselves from their alliance and were already in the field as our competitors. Besides, in removing the life of the board, congress had failed to provide it anew with its former powers of equalization and distribution.

Will Continue to Act.

In face of the new situation the board has been forced to act in the most serviceable capacity possible and will continue to make available purchases and the licensing operations. But to go into the Cuban field at this time would mean that it would become a bull in the market, driving prices up against itself and against all other purchasers. In other words, congress acted so late that it is now impossible for the government agencies to secure control of the Cuban supply by purchasing operations with "skyrocketing" prices. And since it is going out of business in July it would be uneconomical to purchase the entire crop.

Had we bought a control or the entire crop in October or November prices would have been stabilized by this time. As it is, however, January prices are considerably above normal. February quotations are slightly lower and March prices show further receding, with the forecast that the flurry may end in April or May. Meanwhile, with a greater consumption in this country than ever before, with abnormal conditions generally and with the necessity for high quotations to secure preferred sugar stocks from other fields that the Cuban and with hoarding and profiteering still going on, the law of supply and demand is gradually working back into its own, but only gradually.

BOLSHEVIKI ABLE TO BATTLE WORLD

Continued from First Page.

Russia, he testified, in the form of paper currency of Finland, Sweden and other neighboring states. Besides publishing a weekly magazine, "Soviet Russia," the soviet bureau, he said, maintained an educational department designed to help Russians to get technical education in the United States which would be useful to the soviet government when these persons returned and went into industry; a technical department, to employ experts to assemble data for use in the state-operated industries; a legal department, to advise him and other Russians; and a medical department, also designed to get Russia competent practitioners and surgeons.

Senator Borah inquired as to the "Soviet Russia" publication's mailability, and when Martens replied that Postmaster Burleson had never objected to its circulation, the senator remarked grimly amidst laughter in the hearing room that "it must be all right."

Martens incidentally told of his endeavors to secure title to property of Russian consular agents and diplomatic representatives already in the country, but said he had not pressed the matter in the courts because the state department had not recognized him. Senator Moses warned Martens at the conclusion of the session that he was still to regard himself as in custody until the inquiry was resumed.

Hardwick Explains for Martens.

Examination of Martens before the senate subcommitte investigating radical propaganda was resumed today and his statement as to the policy of the Russian soviets followed the request of the committee that the originals of his instructions be presented. Previously former Senator Hardwick, Martens' counsel, had explained Martens had refused to present the code used for communicating with his government before the Lusk legislative committee in New York.

"I'd like to have a little time to see what instructions I have," Martens said, "I'd like to furnish the committee everything it requests."

The code was the only thing the soviet agent wanted to protect, Hardwick declared.

"These instructions from my government have at all times guided my policy and conduct," he said, reading from a prepared statement. "In all my activities I have scrupulously refrained from any interference or participation in the domestic affairs of the United States."

"My government specifically instructed me that the funds at my disposal should not be used for any purposes involving interference in the internal affairs of the United States," he read.

Original Instructions Wanted.

Senator Borah, republican, Idaho, declared the committee would want to have the original instructions from the soviet government to him.

"That's his inference only from the instructions," remarked Senator Brandegee, republican, Connecticut.

"It is a very grave question as to how far we can go in disclosing the correspondence in code between Mr. Martens and his government," Hardwick said.

"Have you ever carried on propaganda in this country with a view to getting soviet government established in this country?" Senator Borah asked.

"Never," Martens answered. "I have carried on a propaganda in this country to get the soviet government recognized, that is all."

"Isn't it one of the tenets of your creed that soviet governments should be established everywhere?" Senator Borah asked.

"No, we don't care what kind of government other peoples have," Martens replied.

World-Wide Revolution.

"Isn't it a fact that the Russian soviet federation has a cardinal purpose of instituting a world-wide revolution among other peoples?" Senator Borah demanded.

"There was a time when Russians believed that was necessary to sustain their own soviets," Martens said. "Now conditions have made it unnecessary. Russian soviets are firmly established, and have grown strong enough to sustain themselves; strong enough to fight the world.

"Just recently the change was shown by a letter from Premier Lenine to the Italian socialists advising against a revolution there."

"You mean to say, then, that the cardinal tenet we have been told about, requiring every soviet supporter to preach and agitate everywhere for the establishment of soviets everywhere has been abandoned?" Senator Borah pressed.

"It is not necessary now," Martens said.

Answering a question, Martens said: "A few thousand dollars' worth of boots and automobiles" were his only purchases in the United States, but produced a list containing, he asserted, 1,000 names of American business houses with whom dealings could be opened.

Russians for Soviet Regime.

The witness said he regarded the soviet government as the legitimate successor to the former Russian government, adding that about "80 per cent of the Russian people support the soviets."

"To what extent do the people participate in the government now?" asked Senator Borah, republican, Idaho.

"Anybody doing work participates," Martens said, "except those who live on efforts of others, or were connected with the old regime."

"Any useful activity is work, scientific research, inquiries, or writing, all of that is considered work."

Martens produced a list of some 35 employees of the soviet bureau in New York; most of them were secured, he said, through Morris Hillquit, named as "director of legal department." Funds to support the establishment came from Russia, he added, placing the payroll at $1,200 a week and total expenses at about $2,500 a week.

"Any of that raised in the United States?" asked Senator Borah.

"None," Martens answered, adding that it came by courier in Swedish or Finnish paper money, "no gold."

BARRON & REAGAN FORM NEW FIRM

J. Lee Barron and Frank Reagan yesterday resigned from their positions with the federal government of division chief deputy collectors for the Atlanta and Macon divisions respectively. They will immediately open an office in Macon and engage in the business of advising people in the income and other federal tax laws and in assisting them with the preparation of their returns.

Messrs. Barron and Reagan are both well known throughout Georgia, both having been newspaper men and having various public positions. Mr. Barron at one time published the official organ of the Farmers' union and Judge Reagan conducted papers at McDonough and Covington. Mr. Barron held the state office of keeper of public buildings and grounds in 1910 to 1912 and Judge Reagan was judge of the county court of Henry county from 1908 to 1912 and has been a member of the legal profession since 1909.

Both these gentlemen are unusually well versed in the intricacies of the income tax law and their experience in that and the federal tax laws in general peculiarly fit them for this difficult work.

Their many friends throughout the state predict for these gentlemen a splendid success in their work.

DEATH BLOW GIVEN TREATY COMPROMISE

Continued from First Page.

journment suddenly came, followed by the intervention of the irreconcilable republicans."

Unless there is a change in front on the part of the republicans Senator Hitchcock tomorrow will place before the senate the Lodge reservations and the modifications which had been suggested and approved by the bipartisan committee with the statement that until pressure was brought to bear upon Mr. Lodge by the "bitter enders" there was every prospect that the committee would be able to reach a solution acceptable to all but those senators who desired to defeat the entire treaty. Mr. Hitchcock hopes his democratic colleagues said, in this way to show the country exactly where the blame for the delay in ratification rests.

The "mild reservationists" who, in the final vote supported the Lodge reservations almost as a unit, gave every indication today of an uprising which may still further disturb the rest of the treaty antagonists, when several of their number expressed extreme displeasure over the action of Mr. Lodge in refusing even to discuss a compromise on Article X and the Monroe doctrine.

Feelers Put Out.

Feelers were put out by Senator Charles N. McNary, of Oregon, to see what support could be obtained from among the "mild reservationists" for a coalition with the democrats to bring the treaty out on the floor of the senate. It was understood that the Oregon senator was confident of the backing of four other members of his group and hoped to get through enough others to bring a majority that would vote for bringing the treaty out for open debate.

In the event that the treaty can be brought out on the floor again it is the intention of the "mild reservationists" to bring up each of the reservations seriatim and vote upon each one separately with such modifications as may be suggested. Senator McNary said today that he felt confident that there would be no trouble in obtaining an agreement in such a way on the preamble, and the majority of the reservations, and that he thought a compromise could even be arranged on Article X and the Monroe doctrine.

Opposition in his own camp developed to Senator McNary's proposal when Senator L. B. Colt, of Rhode Island, said that he would not support any change in Lodge reservations or vote to bring the treaty out on the floor of the senate.

"Senator Hitchcock does not want to compromise and wants to throw the blame for the defeat of the treaty on the republicans," he said.

The most optimistic proponent of bringing out the treaty was Senator Athee Pomerene, of Ohio, who said that 43 democrats and 15 republicans would vote for unreserved ratification of the treaty if it were brought out on the floor today and that pressure from the country would force the six other votes needed to make two-thirds out in short order.

"It looks as if the jig's up," declared Senator McNary, republican, of Oregon, a leader of the mild reservation group, and this seemed to hit the nail on the head, in the opinion of most senators.

REV. W. M. SENTELL TO FILL PULPIT AT OAKLAND CITY

Rev. W. M. Sentell, after having occupied the pulpit in the Gordon street church, in Knoxville, and in Cuthbert, Ga., has responded to the invitation of the Oakland City Baptist church to accept the pastorate of this church. His initial sermon will be preached on the first Sunday of February, when he is expected to be greeted by every member of the church.

Rev. Sentell has been doing a great work in the various churches of which he has been the pastor, but feels that more can be accomplished by his acceptance of the Atlanta church. He will need no introduction to Atlanta churchgoers, having been immensely liked during the several years that he was pastor of the Gordon street church.

BAD WEATHER BRINGS MANY CALLS FOR AID

Fifty appeals for help were answered by the city warden's office Monday. All day Miss Elizabeth Ivey and Miss Mae Kinard were kept busy making investigations to establish the necessity behind the calls for aid and writing orders to meet them. Food was supplied in some cases, coal in others, and a few applicants were aided who were without both food and fuel. The increased number of appeals followed at the end of two days of rain and cold weather which the city has experienced. All cases were met and handled promptly.

MUSICAL RECITAL TO BE HELD MONDAY NIGHT

The musical recital of the pupils of Mrs. A. R. Burt and Miss Grace Bell, given for the benefit of the Central Baptist church, scheduled for last night, will be held next Monday night, February 2, at the Central Baptist church, at 8:30 o'clock. Tickets that have been purchased for last night's recital will be accepted.

SPRING STREET WORK DELAYED BY WEATHER

County Had Planned to Start Paving and Widening on Monday.

Work on Spring street will be delayed several weeks on account of the bad weather, according to W. A. Hansell, Jr., superintendent of public works of Fulton county Monday morning.

The county had planned to start to work on the widening and repaving of Spring street Monday morning, but the heavy rains of Sunday and the drop in temperature made it impossible for the work squad to go to work.

Plan Enforcement Of Law Compelling School Attendance

Notices were sent by Superintendent J. W. Simmons Monday to all parents and guardians in Fulton county who have failed to comply with the compulsory education law, which requires that all children must be sent to school for a certain period in each school year. Each delinquent was notified that unless the children are in school within a period of ten days from the time of receiving notice prosecution will be started.

A large majority of parents and guardians in the county have already complied with the law, Mr. Simmons said, and less than one hundred notices had to be sent out Monday. The majority of the notices, it was said, were sent to families in the mill districts who have their children at work in the mills.

BAD WEATHER DELAYS FUNERAL OF VETERANS

Funeral services for Captain Thomas McCall Yopp and Dr. William A. Johnson, two confederate veterans who were to have been laid to rest yesterday morning at 10:30 o'clock, has been postponed on account of the bad weather. These two inmates of the Confederate Soldiers' home, who fought for the long four years of the civil war, were the best of friends at the home. They will be buried side by side in West View cemetery.

M. FELDMAN, ATTORNEY, NOT THE ONE INDICTED

Morris Feldman, for several years a practicing attorney of Atlanta and now visiting New York city, has requested The Constitution to state that he is not the Morris Feldman who has been indicted for murder, and, furthermore, is in no way related to him. He wishes this fact known so that anyone not personally acquainted with the attorney might not be led to believe that he had been indicted. On the contrary, he has always enjoyed the highest regard and confidence of his Atlanta friends and business and professional associates.

"Well, I only want you to explain to me exactly what's meant by the covenant of the league of nations."
—Houston Post.

BIBB TO REMODEL OLD COURTHOUSE, IS NOW BELIEVED

Macon, Ga., January 26.—(Special.) Indications are that Bibb county will have to worry along with a remodeled courthouse, due to the fact that the $400,000, representing the proceeds of a bond issue voted two years ago, will not be sufficient to erect an entirely new building and the county commissioners do not favor submission of another bond issue because of more pressing needs in other lines.

It is now proposed that the $400,000 be used in enlarging the present building, including the addition of another story to be used for a county jail, thus bringing all of the county departments under one roof.

At the time the bonds were voted it was the intention to either tear down the present courthouse and erect a new building, or secure a site elsewhere and build from the ground up. The advance in prices of materials, however, makes it impossible to do this and give the county an administrative building in keeping with the needs. Definite action by the county commissioners looking to the improvement of the present property is expected within a short time.

Dr. Tucker H. Frazer Dead.

Mobile, Ala., January 26.—Dr. Tucker H. Frazer, dean of the medical department of the University of Alabama, and a prominent Baptist layman, died at noon today.

ASSAILS INCREASE IN GASOLINE PRICE

Raise by Standard Oil Company Declared "Unjust, Unauthorized and Unnecessary" by J. W. Austin.

Declaring that the increase of 1 cent per gallon in the price of gasoline, announced Monday by the Standard Oil company, was "unauthorized, unjust and unnecessary," J. W. Austin, chairman of the subcommittee of the Fulton county fair price commission, appointed recently to investigate the high cost of oil by-products in Atlanta, told The Constitution last night that the recommendations of his committee at the meeting of the general commission this morning, would take up the matter in its minutest details.

Mr. Austin stated that he was not at liberty to outline a synopsis of the report that would be made at the meeting, other than to declare that a definite line of action would be determined at Tuesday's meeting of the fair price body at the chamber of commerce at 10:30 o'clock.

Make Report Today.

The subcommittee chairman declined to state whether or not he and his co-workers had discovered any evidence of gasoline profiteering by local dealers, except that general conditions needed the instant attention of the fair price commission.

"But our committee has made an exhaustive survey of conditions as they exist in the local gasoline trade, and the report we will make Tuesday morning is complete in every detail. Just what course the committee will take I am unable to state, but I think some action is necessary, and I believe that it will be taken."

That no definite action in regard to the appeal of various installment-plan clothing dealers, that the maximum margin of 35 per cent on clothing, "up to and including $45," was not enough to warrant the risks they incurred in dealing with their class of credit customers, would be taken at Tuesday's meeting of the fair-price board, was hinted last night in reliable sources. More time to prepare their claims for the consideration of the fair-price commission will be asked by the clothing dealers.

For the first time in many weeks John A. Manget, state fair-price commissioner and chairman of the Fulton county fair-price commission, will attend the deliberations of the body he presides over Tuesday. Mr. Manget has been desperately ill at his apartments at the Georgian Terrace, but, despite his sickness, he never relinquished complete control of the affairs of the fair-price commission, although most of the actual administration has been in the hands of Marion M. Jackson, assistant state commissioner.

Manget in Charge.

That the return of Mr. Manget at the helm of the local commission might bring sensational developments in the price of clothing at the meeting today was hinted several days ago in a statement published in The Constitution to the effect that the present regulations, permitting a maximum profit of 35 per cent on suits, "up to and including $45," contained a "joker," and that every effort would be made to have this margin include all clothing, regardless of textile or selling price.

Indications that the controversy between Mr. Manget and the druggists of Atlanta over the price of prescriptions would be amicably adjusted with the acceptance of the agreement, the terms of which were published exclusively in The Constitution Sunday morning, by which the druggists will receive a maximum profit of 130 per cent on goods compounded by the prescription men and 100 per cent on drugs ready for immediate sale, are borne out in the statements of several Atlanta druggists Monday that the recommendations of the subcommittee were satisfactory to the retailers.

Women Will Assemble.

Marion Jackson announced Monday that representatives of the women's organizations in Georgia would be asked to assemble in Atlanta on February 5 to formulate plans to aid in the fight against profiteering.

According to telegraphic information from Washington the matter of organizing the women has been placed in the hands of Mrs. J. E. Hays, of Montezuma, president of the Georgia Federation of Women's clubs. Mrs. Ogden Ware, special representative of the department of justice, will be in Atlanta on that date.

The chairmen of all the fair price organizations in the state will m[eet] here on February 4, the day prece[ding] the women's meeting, when th[ey] will be addressed by J. G. Weath[er]ly, another representative of th[e] department of justice.

MEASURE IS PASSED FOR AMERICANIZATION

Washington, January 26.—The senate, by a vote of 36 to 14, today passed the Kenyon Amercanization bill which would require all residents of the United States of 16 to 21 years of age, not mentally or physically disqualified, and all alien residents between the ages of 16 and 45, who cannot speak, read or write English, to attend school not less than 200 hours a year.

Administration of the bill's provisions was placed in the secretary of the interior, working through the bureau of education. The measure requires that the sum be apportioned among the states in ratio to the number of resident illiterates, providing, however, that the state appropriate an equal sum for the same purpose. Not less than $5,000 would be allotted to one state in any year.

Efforts to transfer the administration of the measure to the secretary of labor were defeated just before the final vote was taken. The measure had been before the senate for about a week and, during debate, several senators expressed apprehension that the variance in the age limits fixed for American and for alien illiterates would conflict with existing treaties.

SOUTHERN PORTS FIGHT FOR RATES

Continued from First Page.

nized by the government when it equalized the rates to southern ports.

Before the senate committee, the delegates will insist that legislation for the disposition of government-owned ships "should embody provisions for the maintenance of all trade routes now in operation, and such trade routes as may, owing to conditions, be established in the future, so that the shippers of the United States may be given gree access to all ports on equal terms."

Southerners Present.

Prominent business men to appear will include J. B. Morrow, of the Cincinnati Chamber of Commerce, vice president of the committee; P. L. Renshaw, Cincinnati Traffic club; Barton Meyers, chairman of the port commission, and W. A. Cox, secretary of the chamber of commerce, Norfolk; E. L. McColgin and H. T. Silvernail, of Dayton, Ohio; H. P. Adair, Jacksonville; Matthew Hale, of the Wilmington Chamber of Commerce, president of the South Atlantic Maritime corporation; Thomas F. Grady and C. J. Nash, Savannah; R. G. Cobb, Mobile Chamber of Commerce; Walter Park and A. T. Pradillo, of New Orleans; A. M. Smith, secretary Brunswick Board of Trade; C. W. Thacker, of the Gulf, Alabama and Southern railroad, and R. L. McKellar, freight manager, Southern railroad.

Members of congress from the South Atlantic and gulf states will assist in their fight for achange of rates on routes. It is the first real fight of the reconstructiou period, and is of paramount importance to the southern and middle western states.

Search of Sixteen Years For Sister Ends in Success

Savannah Woman Finds Lost Sister Through Picture in New York Papers. Latter Was Kidnaped, She Says.

Savannah, Ga., January 26.—(Special.)—A story which would afford the author of "Les Miserables" the basis plot for a fine novel, came to light here today when Mrs. A. S. Inhulsen, of 509 Barnard street, by means of pictures and feature stories clipped from last week's New York papers and sent to her by a girl friend in New York, found her little sister, the last close-kin relative she has on earth, after a fruitless search extending over sixteen years, a search for the little sister, matched only by the equally despairing but continued quest for Mrs. Inhulsen by the "lost" girl in Gotham, now married to Joseph Valentine Lahey and living at 130 Cumberland street, Brooklyn.

Margaret Lahey declarres she was 'stolen" from her home when she was 7 years old by a rich woman who claimed to be her aunt, but who later, she believed to be no relation. The woman, she says, finally sent her to a refuge home on Staten Island and there, she declares, she was ill treated and ran away. She had with her, when stolen, a family group picture of her father and mother and four children, the eldest, Mrs. Inhulsen, now of Savannah, then a girl of 14.

This picture she treasrued and clung to. Hardships and adventures and struggles were her portion till she was married some months ago and, with the aid of her husband and that old picture, she began again the search for her oldest sister, for she had learned of the death of all the others of her immediate family. Special future stories appeared in the New York papers last week containing the old family group picture.

Mrs. Inhulsen, who was married ten or twelve years ago and came to Savannah to live, had a copy of that old picture, but it was lost when her trunk was stolen on the trip as a bride to Savannah. A former girl friend in New York, upon seeing the articles and pictures last week, remembered Mrs. Inhulsen as the older sister whom Mrs. Lahay was pathetically seeking. She clipped the stories and pictures and mailed them to the Savannah woman with a letter so full of the good news and so full of details as to the life of the "little lost sister" that Mrs. Inhulsen was all but overcome by the receipt.

Sobbing and almost hysterical, she told the newspaper men who heard of the "find" how happy she is at the end of the chapter of searching and mystery. She hopes to see her little sister in a few days.

Willing to Forgive Wife He Says Left With Another Man

Another alleged case of the "eternal triangle" was brought to the notice of police officials Monday when Ed Bishop, white, of 76 McDaniel street, asked the aid of the police in finding his wife who had left home last Wednesday.

Mr. Bishop stated to the police Monday that his wife and he had been married for over eleven years, and they had been on the best of terms. "Last Wednesday," stated Mr. Bishop, "my wife left home without even saying good-bye. However, she left a note saying, 'I have gone with the man I love.'"

The description of the missing wife as given First Assistant Chief of Police Lamar Poole was: very good looking, 26 years of age, 120 pounds, 5 feet tall. "I'm ready to forgive her and am awfully anxious to have her back," the husband told the police.

Chief Poole is having a search made for the missing wife.

RATHOM'S CHARGES AGAINST THE NAVY

Washington, January 26.—A special senate naval committee concluded examination today of Arthur L. Fairbrother, of The Providence Journal, in connection with charges by John R. Rathom, editor of that paper, that a naval "vice squad" had been ordered by naval officers at Newport to commit nameless practices in an effort to incriminate citizens.

Senator King, democrat, Utah, was engaged with another committee and could not attend. After he has read the evidence of Mr. Fairbrother the subcommittee will report to the full committee, which will decide whether to make a thorough investigation of the charges.

47 Stills Destroyed And 25 Men Caught By Revenue Raiders

Two Automobiles, Containing 70 Gallons, Captured Near Gainesville. Assistants Appointed for Districts.

With reports received Monday morning showing the destruction of 47 illicit stills, the arrest of 25 men charged with violating the liquor laws, and the confiscation of two automobiles containing 70 gallons of whisky, Revenue Agent D. J. Gantt is all enthusiasm over the work of his deputies throughout the southeast.

Mr. Gantt, who is revenue agent for the state of Georgia, and federal prohibition enforcement officer for the gulf district, embracing the five states of Georgia, South Carolina, Florida, Alabama and Mississippi, returned to his work in the Federal building Monday after a several days' trip in Florida, in the interest of the organization work necessary to perfect his force of prohibition enforcement assistants. His Florida trip included visits to the cities of Tampa and Ocala.

The reports received on Monday brings the total number of stills destroyed since the first of the year nearly up to 300. Of this number more than 150 were in the state of Georgia.

Done Without Help.

Mr. Gantt has called attention to the fact that the capture of these stills has taken place without the assistance of the newly-formed enforcement organization, as that organization has not been perfected and is not yet active. This enforcement organization will consist of scores of men allotted to him under the provisions of the new dry law, which became effective January 16.

"When this organization is completed," said Mr. Gantt, "we are going to destroy these stills faster than they can be replaced. Although moonshiners are difficult to get at while in their winter quarters, we are preparing to enter into our spring drive shortly, and telling results may be expected, as I venture to say that the raiding officers in the south are the most efficient in the country."

Mr. Gantt received a reportf rom Deputy Clerk J. O. Lay and Posseman Tom Montgomery, federal officers operating in the vicinity of Gainesville, containing evidence that they were not inactive by any means.

According to the report the two officers observed an automobile six miles northeast of Gainesville, going in the direction of town. Suspecting the presence of whisky in the car, the officers telephoned the Gainesville police department to head them off if they reached there. The federal officers chased the car and captured it about a mile from Gainesville. In the car were C. P. Curtis, alias Nix, and J. A. Evans. Thirty-five gallons of whisky also were found. The two arrested men are being held at Gainesville.

Another Car Captured.

Only a few minutes later another automobile was captured by Deputy Jackson just a few hundred feet from the spot where the first car was taken. J. D. Sutton, an occupant of the car, was arrested and is be held at Gainesville. Thirty-five gallons of whisky were also found in his car. In each car the whisky was in five-gallon kegs.

Appointments of various assistants are already being made by Mr. Gantt. His assistant for the northern district of Georgia will be G. T. E. Hardeman, with headquarters in Atlanta. In the southern district, E. C. Pierce has been appointed assistant, and will maintain headquarters in Dublin. Another sasistant for the southern district is yet to be named. More than thirty men will be placed at the disposal of the Georgia assistants for raiding purposes.

Prohibition enforcement in the state of Mississippi will be in charge of Jasper Boykin. He will have his headquarters at Jackson, and under him will be J. G. Buchanan, of Newton; J. L. Boyd, of Jackson; G. W. Whitehead, of Oxford, and W. Ed Smith, of Brookhaven.

Mr. Gantt is allowed to allot seven men to the state of Florida. The following men have already been appointed for that state: Jackson Gray, of Tallahassee; F. J. Cortina, of Jacksonville; C. F. Hurlburt, of Pensacola; Otis D. Whiteman and A. B. Moore, of Tampa. A chief assistant for Florida has not been named.

Chicago Home of Mail Order

Chicago is the particular home of the mail-order business in the United States, and that business reaches out to the most remote corners of the world.

Never Was Married Claims the "Girl Of Mystery" Now

Doesn't Hardly Know Man Who Claims to Be Her Father, She Tells Reporter in Describing Adventures.

Helen Wiley, alias Jeanne De Longe, Jeanne La Rue, and who claimed to be Miss Jeanne Anna DeKay, missing Chicago heiress, arrested here Tuesday night on charges of disorderly conduct and appearing on the streets in male attire, has for the fifth time changed her story and the mystery which has surrounded the girl since her arrest has grown deeper.

This time the girl's story is not of being an aviatrix, French widow, missing heiress or the wife of a sailor, but it is a complete confession of several weeks of her past life, with all of its trials, made to a Constitution reporter in her room in the matron's ward at police station Monday afternoon.

Monday a man giving his name as H. Davis, of Calhoun, Ga., appeared at the police station to see the girl. Mr. Davis told the police that his daughter answered partially to the descriptions of the prisoner. Mr. Davis was escorted to the matron's ward and presented to the girl, but returned to his home with his hopes of finding the missing daughter in this city dead.

Letter Is Received.

Monday afternoon First Assistant Chief of Police Lamar Poole received a letter from Fairmont, W. Va., supposedly from the girl's father. The chief immediately summoned Mrs. J. C. Davis, policewoman, who took the letter to the girl. The letter was as follows:

Fairmont, W. Va., January 23, 1920.

Chief of Police Beavers,
Atlanta, Ga.

Dear Sir: Helen Wiley is my daughter and we are astonished to learn of her adventures, as we thought she was accompanied by her husband. Please arrange to take care of her in some way until we can get her back home.

She was very ill when she left home and it is to be feared that on account of losing so much blood by hemorrhages that her mind has been affected. Let me hear from you at once as to what can be done.

Yours very truly,
(Signed) THO. DAVIES.

P. S.—Please address me at Diable, W. Va.

Chief Poole was at first a bit skeptical as to the origin of this letter and also a telegram received a day or so ago from Thomas Davies. The chief stated htat he believed it was either one of her confederates trying to secure her release, or it was a man who had really lost his daughter, and reading the papers believed his missing daughter the one held here.

Girl Tells Story.

In a breezy manner the girl described to a reporter her adventures with Vera Lodgen, the girl with whom she was arrested in Charlotte, North Carolina.

Now she says she is not married, and again claims that her true name is Jeanne Helen DeLonge. She told of her career from the time she and her pal left Columbus, Ohio, several weeks ago, checking their baggage for Atlanta, and starting out on a regular bumming trip.

"After we left Columbus we traveled through Virginia and the Carolinas. We did not wrok. Some days we wouldn't have a half-dollar between us and perhaps we'd hit some poor sucker the next day and be in possession of a young fortune."

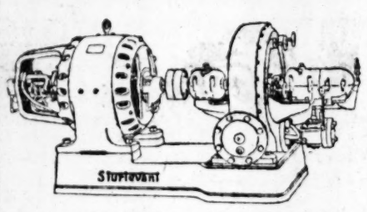
"Finally we landed in Raleigh, N. C., and we stayed there several days, but found the town pretty slow and pulled out. Then we hit our Jonah. We arrived in Charlotte with about $2 between us. The next day we were locked up for skipping a board bill. Vera and I were placed in a ward not unlike this one, only the policemen watched us. Finally I vamped a couple of cops and one night they helped me make my escape. The police gave me some money to leave the town on, and I came to Atlanta."

"I have never been married," stated the girl, "and that's not all. I never could be happy tied down to one man." "Who is this fellow Davies?" asked the reporter. "Let me see, I have been trying all day to place him. I think he is a traveling man I met in Fairmont, W. Va. If he's the one, he is about 40 years old and has a cork leg, but I don't care who he is if he can get me out of this place."

Greene Court Opens.

Greensboro, Ga., January 26.—(Special.)—The January term of Greene superior court opened here this morning, Judge James B. Park presiding. Both the criminal and civil docket is light. Hon. R. E. Davison was elected foreman of the grand jury and Solicitor Doyle Camp is attending.

Sturtevant PUTS AIR TO WORK



A STURTEVANT Turbo Generating Set makes a very desirable lighting and power unit. It is so very simple that no constant attention need be given it.

This set is especially desirable in places where there is low head-room. It generates a maximum of power in a minimum of space.

Our representative will gladly tell you more about this efficient generating set.

Turbo Generating Set

Turbine direct-connected to electric generator. These sets come mounted on a sub-base and in perfect alignment. An efficient regulating device makes it possible to maintain a constant voltage and prevents the overspeeding of the turbine.

TAKING OF CENSUS NEARLY AT CLOSE

One More Vigorous Effort Will Be Made to Round Up Stragglers — Work Must Be Completed This Week.

One more vigorous effort to round up the stragglers in the census now being taken is the last chance that Atlanta has to have a complete official count of her population recorded in the records of the 1920 census which will, in a short while, go before the world as the official, authentic, undoubted enumeration of Atlanta's population—the last official count for ten years.

The Atlanta Chamber of Commerce, and the census enumerators are preparing to devote their entire energy to the work during the next few days of the count—which cannot last more than this week. Success, which will be a true count of Atlanta's citizenry, cannot be attained without individual and concerted co-operation, they declare.

Whistles Will Be Blown.

On Thursday at 10 o'clock in the morning, Atlanta's whistles, bells and other clamorous mediums of noise and occasional celebration will sound as a deafening reminder to every straggler in the city of Atlanta that his duty to Atlanta must be done quickly.

The chamber of commerce is still active in its co-operation with the census takers. Blanks, for the purpose of registration, are at the headquarters of the census supervisor for the fifth district, Walter O. Marshburn. Atlanta firms who have numbers of employees who they know have not been reached by the enumerators, by application to the chamber of commerce, can secure any number of these blanks for distribution. The chamber of commerce will take the requests and transmit them to the census office, from where they will be sent to those making the requests.

Another feature of the campaign is the fact that Atlanta has not the acreage of other cities of her size in population, thereby necessitating the registration of every citizen within her bounds to get the just count the city deserves.

Atlanta Will Suffer.

If this is not done, and people do not realize that this is an individual as well as a civic responsibility, Atlanta will find herself embarrassed when the figures are finally compiled and presented, say those in charge.

The count so far, though not announced, is still several thousand below Atlanta's actual population, it is understood.

While many of the city's large business and industrial plants have acceded to the request of the chamber of commerce, either canvassing their employees, or urging that they see to their own registration, there are a great many who still seem to regard the situation with apathy, and have not made any move of co-operation with the chamber of commerce or the census enumerators.

This is the last week of opportunity for Atlanta, says Mr. Marshburn; it is possible that orders will come from Washington at any moment for the cessation of the counting here.

Mother Criticises Ex-State Official For Bringing Suit

Americus, Ga., January 26.—(Special.)—"If Cliff Clay himself had written it, it wouldn't have sounded more like him, nor been more in accordance with his wishes," said Mrs. Mary Clay, prominent Americus woman, referring to the decision of the supreme court of Georgia just handed down, in the case brought by her son, former assistant commissioner of agriculture of Georgia, to require her to make an accounting of income from her late husband's estate.

Mrs. Clay, who says she does not enjoy the notoriety which has been given her in connection with the case, says also "there are many things that can't be told; things that can't be understood by the general public and that have a real bearing on the case.

"For instance," she said, "few people know that I offered Cliff Clay $8,000 in cash before he brought this suit to pay up his debts, doing it on the advice of my attorney, and that he refused it absolutely. Many people, too, do not know that the property in the will was my own, and really did not belong to my husband."

Since the decision of the supreme court requiring the accounting to be made, the Clay will case has been widely discussed in Americus, where all parties to the suit have long been prominent. Cliff Clay is now general sales manager of a large farm machinery company at Janesville, Wis.

TERMINAL COMPANY LOSES IN U. S. COURT

The judgment of $500 against the Atlanta Terminal company, rendered in the United States circuit court of appeals some time ago, was upheld by the United States supreme court Monday, by refusal of this court to grant a writ of certiorari made by the Terminal company, say dispatches from Washington. The decision of the supreme court is interpreted in Atlanta as ruling that the Terminal company is a common carrier.

The judgment was the result of action by the government and against the company, on the ground that the company on March 3, 1917, required W. W. Bobo, a telegrapher, to work from 6:30 a. m. to 5 p. m., which was in excess of the nine hours of work, provided in the act limiting the working hours of employees in the service of common carriers.

FUNERAL FOR HULL, FORMER GEORGIAN, IS HELD AT ATHENS

Athens, Ga., January 26.—(Special.)—The body of Harry Hull, who died at his home in Washington, D. C., Sunday morning, arrived in Athens this afternoon and was immediately carried to Oconee cemetery, where funeral service and interment were held, being conducted by Dr. E. L. Hill.

Mr. Hull was a son of the late A. L. Hull, a trustee of the University of Georgia and a resident of Athens. He was well known and prominenetly connected in Athens and through the state. He lived in Atlanta for several months and later moved to Washington, where he was counsel for the interstate commerce commission, later returning to the private practice of law.

He is survived by his widow and one son, Harry Hull, Jr.; three sisters, Mrs. W. H. Pope, Miss Callie Hull, of Washington, D. C. and Mrs. Philip Weltner, of Atlanta, and three brothers, Dr. Marion Hull, of Atlanta, and Longstreet and Joseph L. Hull, of Oklahoma.

JOSEF HOFMANN WILL PLAY HERE WEDNESDAY

Hundreds of Requests for Seats Received From Out-of-Town Patrons.

Announcement of the recital to be given at the Auditorium tomorrow night by Josef Hofmann, the celebrated pianist, has been followed by hundreds of requests for seat reservations by music lovers in towns all over Georgia and adjoining states who expect to take advantage of this opportunity to hear the recognized master in interpreting the great works of the foremost composers. There is probably no other pianist before the public today who has such a place in the affections and respect of musicians and students of music as this scholarly pianist, who has never indulged in sensational methods or "played to the galleries."

Yet it is worthy of note that Hofmann's playing appears to appeal to "the masses" as well as to the student. At his recital last year there were hundreds of persons who care little for "classic piano music" and yet who were stirred profoundly by his playing and joined in the ovation which kept Hofmann at the piano nearly an hour after the conclusion of his set program.

For this recital Mr. Hofmann has announced that he will play the big Beethoven sonata in C major, representative works by Rachmaninoff, Scriabine and Debussy, and a group of four Chopin numbers, closing with the Schubert-Liszt "Erl King."

Seats may be had at the Cable Piano company store. The recital will be the sixth of the All-Star Concert series.

One of the tributes paid Hofmann recently was that of The Saturday Evening Post, which published an article, entitled "Best of the Best," by Pierre V. R. Key, well-known musical critic and writer. This article included interviews with what Mr. Key considered the greatest artist in four branches of music. They were: Caruso, best of singers; Heifetz, best of violinists; Pablo Casals, best of cellists, and Josef Hofmann, best of pianists.

In his interview Mr. Hofmann spoke of the enthusiastic reception which had been given him in Atlanta and also paid high praise to try since his early tours as an infant prodigy, when he astonished cnecert-goers by playing the most intricate compositions.

Annual Meeting Today Of the Stockholders Of Street Car Company

The annual meeting of the stockholders of the Georgia Railway and Power company will be held at 11 o'clock this morning in the offices of the company in the Electric and Gas building. In addition to hearing annual reports from various officers of the company, the stockholders will elect fifteen directors.

CAUGHT ANOTHER TERRIBLE COLD?

Relieve it quickly with Dr. Bell's Pine-Tar-Honey

STOP toting around a disagreeable and dangerous cold. Let Dr. Bell's Pine-Tar-Honey exert its ability as a supremely beneficial help in relieving phlegm, stuffiness, inflammation, congestion, hoarseness, difficult breathing. Let it help you as it regularly helps thousands of others for whom its balsamic and healing antiseptics never fail to promote results.

Safe for the little ones, too. An economical bottle can be procured from your druggist today. That's a wise thing to do. 30c., 60c., $1.20.

PODOLAX LIVER AND STOMACH

GOVERNMENT FIGHTS RHODE ISLAND SUIT

Washington, January 26.—Dismissal of proceedings brought by the state of Rhode Island to test the validity of the federal constitutional prohibition amendment was asked by the government in motions filed today in the supreme court by Solicitor General King and taken under advisement.

Solicitor General King in his motion attacked the court's jurisdiction and alleged that the Rhode Island authorities presented no matter of a justiciable character. He also argued that the facts presented were insufficient to warrant the suit being brought.

Revision of Freight Rates Will Be Argued At Meeting Tuesday

Revision of freight rates on the Southern railway between Macon and Birmingham local stations to eastern points, including certain cities in Virginia, are among the matters that will come before the Atlanta district freight traffic committee Tuesday. In some instances increases of 1 cent per one hundred pounds are asked, while, in other cases increases of 1 cent on weight less than 100 pounds are requested.

PURGATIVES UNNECESSARY EVERY NIGHT

Treat the Kidneys and Blood When Treating the Liver and Frequent Purgatives Will Be Unnecessary.

Dr. Hitchcock's Liver, Kidney and Blood Powders Cleanse the Liver, Regulate the Kidneys and Thereby Purifying the Blood. Keeps Your Tripod of Health in Balance.

A Vegetable Compound. Will Not Make You Sick—Eat Anything You Like.

The Liver, Kidneys and Blood—the Tripod of Health—do not function independently, but if one becomes disordered, they all three suffer.

Dr. Hitchcock's Liver, Kidney & Blood Powders, a purely vegetable compound that will not make you sick, will cleanse the liver, stimulate the kidneys to healthy action, thus purifying the blood, and keeping your Tripod of Health in balance.

When you treat the liver alone, you only treat a third of your trouble. When bilious, constipated, headachy, feel blue and rheumatic, get a large tin box of Dr. Hitchcock's Liver, Kidney & Blood Powders for 25 cents, take a level teaspoonful at night and it will straighten you out by morning. Guaranteed to please or money refunded.—(adv.)

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Atlanta Daily Constitution.—(adv.)

BURGLAR PLANNING TO OPEN GROCERY STORE IN ATLANTA

Following the burglarizing of a store owned by H. Fader at 509 Glenn street yesterday morning, three arrests have been made by city detectives. All of the articles stolen were recovered at a house on 453 Glenn street where the thieves had stored the purloined commodities. Three negroes, one negro man whose name was given as Henry Crawford, and two negro women were taken in custody last night when a raid was made on their storehouse.

The following articles were reported missing and recovered last night: 10 pounds flour, 10 [illegible] chewing tobacco, 15 pounds sugar, 12 pounds bacon, 12 kegs, 2 [illegible] cigars, 9 pounds lard, 5 pounds cheese and 20 pounds meat.

The captured negroes, it was said, did not live in the raided house. During the meless one negro made his escape by jumping out of a window and disappearing in the darkness.

No Hunting From the Skies.

In the report of the departmental committee which has been considering the protection of wild birds in Great Britain it is pointed out that a novel danger to bird life has been introduced in shooting and bombing from air craft. The committee recommends that the use of air craft against the wild birds be prohibited.

JOSEF HOFMANN

MASTER PIANIST at the

AUDITORIUM

JAN. 28th

Hear him there, then come in and hear him play the same selections on

COLUMBIA RECORDS

His Records Are True to Life

(Makes records exclusively for the Columbia).

AN extraordinary reflection of Hofmann's dominant personality is found in his Columbia recordings. His playing of Chopin's "Polonaise in A Major" and Rubinstein's "Valse Caprice" runs the gamut of every possible pianoforte effect, from the vast major chords of the "Polonaise" to the lightning-like brilliance of Rubinstein's "Valse Caprice." His other records are uniformly of the same excellence. The tone of the piano as recorded is one more signal triumph for the Columbia corps of recording experts.

$500,000 VOTED TO FIGHT "FLU"

Senate Gives Money to Public Health Service. Disease Is Raging in 20 States.

Washington, January 26.—A resolution carrying an appropriation of $500,000 to be used by the public health service in combatting influenza was adopted today by the senate.

As originally introduced by Senator France, republican, Maryland, the resolution proposed an appropriation of $5,000,000. This was reduced in committee to $1,000,000 and in order to prevent an objection by Senator King, democrat, Utah, to immediate consideration of the measure, Senator France yielded to a further reduction of $500,000. Efforts by Senator Smoot, republican, Utah, to have the amount placed at $250,000 failed.

Funds Are Needed.

Senator France told the senate it was imperative that the public health service be provided with funds with which to study the origin and best methods of combatting the disease, which is again threatening to become epidemic.

Senators King and Phelan, of California, opposed the resolution on the ground that the public health service has never rendered a report on money appropriated for a similar purpose last year and that the sum would be used for experimental purposes only.

Senator Chamberlain, Oregon, declared the senate had appropriated $500,000 for combatting hog cholera "without batting an eyelash," and should not hesitate to appropriate money to fight "this terrible scourge."

Declaring influenza killed more people last year in the United States than were lost in the war after the United States entered it, Senator Townsend, republican, Michigan, said the senate would be charged by the people with the commission of a crime were it to withhold any money, no matter how large the sum, that might help to prevent another epidemic.

In Twenty States.

Influenza is now prevalent generally throughout twenty states, the public health service announced today, and has made its appearance in a number of others.

Two thousand new cases in Michigan were reported today, while Kansas City reported 36 deaths directly attributed to the disease. Many new cases also were reported by New York city and the disease also is scattered through the northern part of New York state.

States through which the disease is well scattered include Florida, Georgia, Mississippi, Texas, California, North Dakota, Idaho, Iowa, Kansas, Minnesota, Ohio, Utah, Wisconsin and Wyoming.

Deaths Increase in New York.

New York, January 26.—Deaths from influenza here during the last 24 hours were 43, an increase of 13 over the number reported yesterday. Deaths from pneumonia were 88, or 13 more than yesterday.

Today's addition to the number of influenza cases was 1,712. New cases of pneumonia were 238.

While influenza and pneumonia cases showed decreases today of 1,143 and 148 respectively from yesterday's figures, health officials were not optimistic as to a speedy ending of the outbreak, as all the cases developing over the week-end usually are not reported before Tuesday. Precautions were increased and plans furthered for instituting a "staggered" system of business hours tomorrow so subway and elevated lines would not be so crowded.

Heavy Toll in Chicago.

Chicago, January 26.—Today's death toll from influenza and pneumonia was the highest since the epidemic began, Health Commissioner Robertson reported this morning, but the total of new cases of both diseases showed a very marked decrease.

New cases of influenza reported today numbered 1,058 as compared to last Friday's high mark of 2,230. New cases of pneumonia totaled 250 during the past 24 hours, against 321 last Friday.

Deaths from influenza today numbered 69 and from pneumonia 63, while the total deaths from all causes were 250, a new high record for a single day.

New Cases in Memphis.

Memphis, Tenn., January 26.—Thirty-four new cases of influenza were reported to the Memphis board of health up to noon today. Sixteen cases were reported yesterday.

Given Seven Years For Slaying a Cook Over Chicken Gizzard

Augusta, Ga., January 26.—(Special.)—James Shipes, young white man who shot and killed a negro cook in a local restaurant because the latter failed to serve him a gizzard with a chicken order, was found guilty of manslaughter tonight by a jury and was sentenced to serve seven years in the state prison by Judge Henry C. Hammond. Shipes pleaded self-defense, alleging that the cook was advancing on him with a knife.

Lieut. George E. Rule Released by the Order Of President Wilson

Washington, January 26.—By direction of President Wilson, Secretary Baker has ordered the release from arrest of First Lieutenant George E. Rule, who was tried and convicted at Camp McClellan, Ala., on charges growing out of the discharge of certain elisted men. It was alleged at the court-martial that Lieutenent Rule had conspired with men in the camp "to employ him for a valuable consideration to fraudulently . . . obtain their discharge from the military forces of the United States."

The names of nine enlisted men were given as among those whom Lieutenant Rule had added to the list of those eligible for discharge.

The final indorsement upon the documents merely recited that "the president had disapproved the findings and the sentence and has directed that First Lieutenant Rule be released from arrest and restored to duty."

Lieutenant Rule was for many months stationed at Camp Gordon, where he held a responsible position. From here he was transferred to Camp McClelland. While in Atlanta he made many friends and acquaintances, who will be glad to learn of the president's action.

HARD SLEDDING FACED BY PORHI LEAGUE IN MACON

Macon, Ga., January 26.—(Special.) Indications are the Anti-Saloon league is going to have hard sledding in its efforts to raise the $60,000 quota which has been assigned to Bibb county as its share of the big fund now being raised for the purpose of seeing that the prohibition law is enforced. The league has opened up headquarters here and is actively at work trying to raise the money, but, according to report, the results so far have been far from satisfactory.

This will be one campaign for funds in which the cause will not have the united support of the local newspapers. In fact, the contrary is true, for one paper is editorially denouncing the campaign and advising the general public to keep their money for more pressing needs, referring to the appeal of the Anti-Saloon league as "the implorations of the well, and even luxuriously, supported emissaries of a cause that is concerned over a dead dog."

Not only does the local campaign lack newspaper support, but the Macon Chamber of Commerce, composed of the leading business interests of the city, is refusing it support and the Bibb county grand jury in its recent presentments denounced the campaign as unnecessary and took the position that the same agency that put the law into effect should arrange for its enforcement without calling on the public to produce the money.

Retail Food Dealers Association Seeking Greater Membership

The Atlanta Retail Food Dealers' association, formerly the Atlanta Retail Grocers' and Butchers' association, an association having as its membership 200 retail food dealers of the city, has begun a campaign for a membership for twice that number. Raymond V. Bergen, secretary of the association, announced Monday that a conference had been held at which V. Chelena was named chairman of a committee to conduct the campaign.

The city is to be divided into three districts and will be assigned to a team, which will make a thorough canvass for members. The three teams will be under the leadership of W. T. Akin, B. C. Kistner and M. Weinberg.

Among the various automobile meters is one that shows how many miles are being traveled to each gallon of fuel.

RIOTERS BATTLE ITALIAN TROOPS

Mob Tries to Overcome Soldiers at Florence. Soldiers Fire and Many Persons Wounded.

Florence, Italy, January 26.—During a meeting here today at which the anarchist Enrico Malatesta, recently elected to the chamber of deputies, urged a revolution, a mob tried to overcome a party of carabineers. The latter, defending themselves, fired at the demonstrators, wounding a score of them.

MACON VICE DUE TO COMMISSION AND NEWSPAPERS

Macon, Ga., January 26.—(Special.)—Responsibility for moral conditions in Macon at the present time, was laid at the doors of the civil service commissioners and the local newspapers, by Dr. T. D. Ellis, pastor of Mulberry Street Methodist church, in a sermon last night, the subject of which was "What Is the Matter With Macon?"

The minister's talk covered a wide range, from women's clothes to murder. He charged that the Macon hotels are infested with vice; that whisky is being sold almost openly, and the traffic has been reduced to a system; that obscene pictures are displayed on the walls of billiard rooms, and that the general moral tone of the local newspapers is very low.

Conditions according to Dr. Ellis, are growing from bad to worse, but he said lawlessness here could be stopped in ten minutes if the police commissioners would "stop talking and go to work."

Dr. Ellis' attack on the newspapers is understood to have been due largely to their opposition to the campaign of the Anti-Saloon league to raise $60,000 in this county. Criticisms of William Jennings Bryan by local editors brought from Dr. Ellis the declaration that "anyone who attacks Bryan, who is now speaking in favor of the Anti-Saloon league's campaign, is attacking the cause of prohibition and upholding the cause of the liquor interests."

Higher Discount Rates Not to Inconvenience Banks of the South

The advance in the discount rates of the Atlanta Federal Reserve bank to member banks will not cause any serious inconvenience in the south immediately, according to the opinion of Atlanta bankers.

The fact that the southern banks now have plenty of cash, and are not discounting any paper will tend to keep away inconvenience until about May or June.

Then, it is said, when it is necessary for the banks to turn to the Federal Reserve bank, it is probable that interest rates will go higher, unless the advanced discount rates have decreased before then.

Some Vienna theaters do without ushers by mounting electric lights in such positions that they illuminate the numbers of seats as long as they are unoccupied.

SENATOR NEWBERRY GOES ON TRIAL TODAY

Grand Rapids, Mich., January 26. Despite the fact that influenza promised to prevent the appearance in federal court tomorrow of James C. Murfin, of Detroit, of defense counsel, and several others connected with the case, United States District Judge Sessions announced tonight that the trial of Senator Truman H. Newberry and 134 others charged with violation of the election laws, would open as scheduled.

Martin W. Littleton, chief counsel for the defense, conferred with Judge Sessions and indicated that he might enter a motion tomorrow for postponement, inasmuch as Attorney Murfin was to represent the defense in selection of the jury. He was told, however, that any motion for delay must be "very strong," and that the court could not see why Mr. Murfin's absence should interfere with jury selection.

Most of the defendants arrived today and others are expected early tomorrow. Among the latter are Senator Newberry and his brother, John S. Newberry, who left Washington Sunday.

Six additional veniremen were excused by Judge Sessions, leaving 134 available of the two panels drawn which numbered 370.

There were no nole contendre pleas entered today, contrary to the expectations of some observers of the case. Judge Sessions had announced that today was the last day upon which such pleas might be made. Seven of the respondents have so pleaded with the past week.

TRIAL OF BERGDOLL FOR DODGING DRAFT

New York, January 26.—The trial of Grover C. Bergdoll, of Philadelphia, alleged draft dodger, now a prisoner on Governor's Island, will begin Friday morning, it was announced tonight. Captain Bruce Campbell has been assigned by the war department to defend Bergdoll, whose case will be heard before the same board of officers at present conducting the court-martial of Captain Karl W. Detzer.

THE HEALTH NURSES.

The city has just awakened to the fact that the finance sheet which was approved by council last Thursday makes provision for only six public health nurses for the year as against twelve that have been serving the city for years.

What this means to the city is told by the startling figures embodied in the report of City Health Officer Dr. J. P. Kennedy, summarized in a news story appearing elsewhere.

The proposed elimination of one-half of the city's public nursing force would mean **a backward step which Atlanta cannot afford to take.**

Instead of reducing the number of nurses below the twelve regularly employed in the past, the requirements of the situation call for **a large increase in this force.**

Economy of this kind goes to the very root of the public health situation, and involves the conservation of the city's child-life.

No other administrative agency in Atlanta—and we say this with absolute certainty as to its truthfulness—has during the last five years contributed as much to health conservation of the city as the corps of public health nurses, whose public service reaches from the school rooms down to the hearthstones of the city.

These nurses have brought to medical attention hundreds of cases of physical defects which, by reason of early and prompt attention, were overcome, the little sufferers being put on the highway to strong, lusty, useful manhood or womanhood.

They have taken to the hospital clinics for minor, but necessary, corrective operations hundreds of children suffering from incipient eye, ear, nose and throat defects, whose health and usefulness as citizens, but for this early attention, would have been permanently impaired.

If these nurses, or any of them, **are to be dispensed with it will be at the expense of humanity in Atlanta,** and the whole community will pay dearly for it.

Council can yet reinstate in the 1920 budget provision for keeping the nursing staff up to at least its present proportions.

When the budget was passed upon attention was called in council to the startling fact that it contemplated the curtailment of the public health nursing force; it almost created open revolt in council at that time.

The objecting members, however, were importuned to defer urging their formal protest in order not to jeopardize the passage of the budget, and to let the sheet go through.

This they did, in the assurance that if they would take that course every possible effort would be made at next session to retain the full public health nursing force.

It is to be hoped that this will be done.

The welfare of the community demands that it be done.

THE LEGIONNAIRE.

The American Legion, an organization, nation-wide in extent, composed of young Americans who served their country in khaki uniform during the world war, is rapidly coming to the front as an active, dynamic factor in the country's affairs, and making itself felt everywhere as a power for good.

Intensely American through and through, its ideals are American ideals; its thought and purpose is for the best interests of the American nation.

The organization in Georgia has already manifested its usefulness both to its members and to the community in activities that make for the highest standard of citizenship and the development of the best that can be made of American opportunities.

Its power to effectively pursue its purpose to this end will undoubtedly be greatly enhanced by the splendid monthly publication, The Georgia Legionnaire, Number four, Volume one, of which has just come from the press.

The Georgia Legionnaire is a striking reflection of the type of citizens for which it speaks, and from cover to cover it is radiant with the glow of sterling American patriotism and action.

No truer nor more worthy citizens are to be found on American soil than the boys who responded to the call of their country in its hour of need, and most of whom saw service under most trying conditions on the other side of the ocean.

They are men of whom all true Americans are justly proud; and upon whom, as the records of the recent past prove, the fullest dependence may be placed whenever American ideals and traditions may be assailed or threatened.

MR. BRYAN'S POSITION.

Mr. Bryan would have Governor Edwards, of New Jersey, read out of the democratic party, and Chairman Cummings deposed as head of the party organization simply for breaking bread with Edwards at a democratic banquet.

It is dangerous counsel that Mr. Bryan offers—dangerous from a party standpoint; so dangerous, in fact, that were it followed to its logical conclusion political chaos would be the inevitable result.

Just as there are differences of opinion on national questions that cause public sentiment to divide into political parties, it is inevitable that there should be differences of opinion within parties.

This is not only unavoidable, but healthful for the party and for the country.

Because a large body of men agree upon the main principles underlying a party's structure, it does not necessarily follow that the minds of all such men should be the same in all things, nor that there should be no differences of opinion within the party as to issues affecting the party, or the nation as a whole.

Mr. Bryan thinks one way on the prohibition question, Governor Edwards another. But the fact that Edwards disagrees with Bryan on that issue does not argue that his vote and the vote of those who agree with him is not worth having in the effort to maintain party supremacy.

The first and highest qualification of a party leader is ability to ameliorate and soften differences of opinion in the party; to harmonize conflicting opinions; to keep as many democrats as possible at work in party harness.

Without such leadership party organization would quickly collapse.

As an example in point, showing the result of one faction of a party reading out another element simply because of difference of opinion in the party upon matters of policy, but not upon fundamentals, we have only to cite the republican disaster in 1912.

Bryan would jeopardize the chances of democratic success next November simply because certain democrats are not prohibitionists, regardless of the fact that all stand together upon the fundamentals and traditions of the party.

He would have the national chairman say to one element of the party, "You are against prohibition; therefore, get out."

It would be just as consistent for the chairman to say to another element within the party, "You are in favor of limiting the tenure of the presidency to one term; therefore, get out!" To still another, "You favor public ownership of the railroads; therefore, get out!" Or, "You do not agree with me on the question of woman suffrage; therefore, I will not sit down to table with you; you are not wanted in the party; get out!"

How long would any party, or any other organization, exist under such intolerant domination?

As to the issue between Mr. Bryan and Governor Edwards, The Constitution has for years championed the cause of prohibition; and it was among the first of all American newspapers to criticise the attitude of the New Jersey democrats in continuing the fight against prohibition after that issue became a principle embodied in the federal constitution.

But we have no right to read Governor Edwards out of the party, nor to criticise the national chairman for attending a banquet given in honor of the inauguration of a democrat as governor of the only eastern state that went democratic in the fall elections. It was the duty of Chairman Cummings to be there.

Mr. Bryan is all wrong in this matter, but his attitude seems to verify the popular conclusion that he is "out for trouble."

Still, the American Dollar goes far enough to make you wonder if it will "meet itself coming back."

Just From Georgia

BY FRANK L. STANTON.

"Somehow or Other."

Here's Mister High Cost comin' long,
Feels so happy he's a-singin' of a song,
An' he pitched the tune so powerful high
That it reached to the windows of the sky!

But the World was singin'
Of a song that's true:
"Somehow or other
We're a-pullin' through!"

There's joy on the hill an' joy on the plain,
Stars in the shadows an' light in the rain:
The cloud may come to the blue o' the sky,
But somehow or other it'll soon pass by.

So the world keeps singin'—
An' the song rings true:
"Somehow or other
We're a-pullin' through!"

* * * * *

Words From Br'er Williams.

Trouble is the only thing we look for that we're sure to find, an' then growl because we found it.

"You've seen folks that had wisdom in a nutshell," because they just can't get a bushel of it.

Some folks have the idea that when they rise high they're high enough to make the angels stand around.

* * * * *

Putting Off Your Worries.

No end to the trouble
So don't be in doubt,
You'll always have something
To worry about;
The moon's goin' dead,
And they'll blow the sun out
In a million short years from tomorrow.

—FRANK L. STANTON.

Yes, something to vex us,
Wherever we go,
Dakota to Texas—
Now isn't that so?
But the last profiteer
Will abandon the show—
In a million short years from tomorrow.

—A. L. BIXBY.

There's grief and there's trouble
Throughout this old land,
So see that you offer
A strong helping hand;
For it's then you will find
The good that you do
Will surely make life worth the living.

—HASTINGS (Neb.) TRIBUNE.

Home, and the High Cost.

On being asked why it is that one generally eats more when dining away from home than one does at home, The Butler Times answers: "The principal reason is that guests are urged to take seconds and thirds a lot harder than mere members of the family are nowadays."

* * * * *

The Winning Way.

When you think 'bout the trouble
That's hittin' hard today,
Takes faith to beat creation
To make you shout "Hooray!"
But just to fool old Trouble
Is still the winnin' way,
An' that's how to get to where you're goin'!

* * * * *

Cold Weather Note.

"We can't help the lateness of the paper this time," says a Georgia editor, "because somebody stole our hot stove, and we just couldn't thaw the paper out."

* * * * *

The Morning-Way.

Though the Dark Day comes
To the world so wide
It's turnin' still
To the brighter side,
And in Peace the faithful
Still abide,
For they know that Joy is comin'!

Today's Talk

By GEORGE MATTHEW ADAMS.

(Copyright, 1920, for The Constitution.)

How wonderful is that force which takes the lids of our eyes and gently presses them tightly—to sleep!

Completely lost as we are in a quiet and serene oblivion, while darkness wraps us in its arms, yet are we cared for, watched over, and renewed for the great activities of the open day.

Mysterious as death must inevitably be, still it is little more so—nor more wonderful—than is our nightly sleep. Knowing no more about the one than the other, so far as its mysterious elements are concerned, yet do we trust the one and fear the other.

How precious to the horny-handed toiler is the gracious gift of sleep; how full of welcome this drapery of darkness to him who has thought and planned and done his best.

How wise a philosophy—this "early to bed and early to rise!" For sleep, in reality, is a benefactor of power.

Tired, worried, disheartened—alone—it is then that sleep creeps up to offer balm and comfort, and to reshape in the night that which became ruffled during the day. And like the new visions that flash into our senses in a glorious country, so do the new days come to us—made fragrant by the touch of the night.

"Oh, sleep! it is a gentle thing,
Beloved from pole to pole."

DID YOU KNOW?

In human imperfection
Love puts his greatest trust.
What makes the sunbeams golden
But little motes of dust?
Were men and women perfect
All love were incomplete;
On seas and lakes
Some storms it takes
To keep the water sweet.

Oh no, 'tis not perfection
That soars all else above;
Nor what is fair and flawless
That wins and keeps our love.
What man could love an angel?
Such love could never live;
The constant need
Of love, indeed,
Is something to forgive.

—Samuel Minturn Peck, in The Boston Transcript.

Russian Revolution Has Won First Round, Declares Simonds

By Frank H. Simonds.

The worst and the most obvious comment upon the recent total reversal of allied policy toward Russia is supplied in the statement that this change grows out of domestic political conditions in allied countries, not out of any reasoned or informed view of Russian conditions. To be precise, the allied world has changed its course toward Russia because David Lloyd George finds himself involved in domestic political difficulties.

In the last few weeks the Russian situation, so far as western Europe is concerned, has reached a crisis. The Russian forces engaged in war against Lenine and Trotzky for the control of Russia have been completely defeated and the bolshevists are rapidly consolidating their hold upon the whole of the old Romanoff empire save along the outer fringe.

Peace or War.

The collapse of the internal opposition to the bolshevists has left the outside world with the obvious necessity of making peace with bolshevism or else of sending money, material and in the end men, to bolster up the Poles, the people of the Baltic provinces, the Rumanians and the Armenians against bolshevist attack.

Such endings mean war, they mean out and out war, not the sort of indirect warfare which hitherto has been carried on under the guise of supporting Russians to regain national freedom and save themselves from anarchy. And Lloyd-George, with a considerable and growing labor opposition to further Russian effort, with a considerable Liberal protest based on a Utopian interpretation of the bolshevist program with a considerable opposition at home has suddenly changed front, thrown over all of the earlier policies of his government and of his allies and surrendered to the bolshevists.

If he is successful now, there will be peace with Russia and he will have satisfied his most severe critics at home and avoided the costly experiment of another war. But, what is there to promise success? Trotzky and Lenine have conquered Russia, they are stronger today than at any time, they will be able to control all supplies which enter Russia under this new trading arrangement, they have armies which will develop rapidly, now that domestic opposition has collapsed and outside peril has vanished.

Regarded as one more of his marvelously clever bits of domestic political dexterity, the new Lloyd-George maneuver is easily comprehensible, but what of its external consequences? Only two years ago Mr. George attempted a similar reversal of policy. He decided that the war in the west had become a stalemate, that there could be no military decision, that it was a mistake to send reinforcements to Haig to be wasted in such futile attacks as those of the Somme in 1916 and of Flanders in 1917. Therefore he dispersed English troops over the east, refused all reinforcements in France and at the same time consented, under French pressure, to permit the British army in France to take over new territory, to lengthen the line, thus thinning the defenders.

Result Was Disaster.

For the moment this was a popular domestic move, it silenced domestic protest growing out of terrible casualties, but the result was the greatest defeat in British history, the disaster of March and April which cost Haig losses aggregating 350,000 men, 125,000 of them prisoners, and brought the whole allied cause to the edge of ruin. This was a fair example of the Georgian method, which finds new illustration in the Russian upset.

With the military facts of 1918, Lloyd-George did not concern himself, he was thinking in terms of his own political problems at home. In the same way he is now thinking of his labor and liberal critics at home, not of Russian or middle European conditions.

The worst phase of this new policy, if policy it may be called, is that in abandoning all notion of fighting bolshevism, it does not go to the logical conclusion and make peace. There is to be no recognition of Trotzky and Lenine, no surrender of the idea that they are beyond the pale, we, the western nations, are merely going to feed and equip and supply Russian industry, itself in the hands of the enemy, while we are still to preserve all bolshevist hostility by adopting toward them the language addressed to outlaws. We are going to let them get stronger, but as they get stronger we are going to see to it that their hostility and hatred for us increase.

This is also a matter of domestic politics. George does not dare further to affront the labor and liberal groups by fighting bolshevism, but he is equally afraid to arouse the full fury of conservative wrath by actually making peace with the bolshevists. He won't recognize Trotzky and Lenine, because of his apprehension of what might be the effect upon the tories who still support him. He won't continue the war against bolshevism, because of the possible revolt of the liberals and labor representatives.

Poles Being Sacrificed.

But this means only one thing—it means that the Poles and the border races generally are being sacrificed in exactly the same way Haig and the British army were sacrificed in 1918. Ludendorff's great success of March and April was in fact a trimnph over George, not over Haig. Now Poland is left, as the British army was left three years ago. It will have to bear the full fury of bolshevist attack and, only when the whole extent of George's misapprehension, will there be any chance of the beginning of real resistance.

Supported by Nitti, who has a large and dangerous socialist problem in Italy, and is equally prepared to sacrifice foreign for domestic concerns, George has put through a complete and unconditional surrender to Trotzky and Lenine. He has not waited to ask for any terms on the other side. The reason is that for him the other side is not the Russians, but the liberal and labor groups in the British parliament.

Not being able or willing to fight any longer, George has endeavored to buy off the bolshevists, but in his precipitate haste to fortify his political position at home, he has neglected to demand any reciprocal concessions from the bolshevists. He has raised a physical blockade, which to a degree at least crippled the enemy, but he has failed to make any effort to convert this enemy into a more friendly mood by insisting on the moral blockade. The victorious bolshevists are now met by the declaration:

"We won't fight you any more, we will even trade with you, but we still despise you as much as ever, and under no circumstances will we associate with you."

All of which means that the Russian revolution, like the French revolution before it, has won the first round. It is now master of the situation, with time and opportunity to organize its resources before it renews the inevitable conflict, for bolshevism is a state of war against our civilization, in the end it must conquer or be conquered.

And today it is victorious.

Bits of New York Life

BY O. O. M'INTYRE

New York, January 26.—The great Cornelius Vanderbilt mansion, the covers a block on Fifth avenue, is to be torn down. Thus the moving hand of change will obliterate a mansion from the avenue that long held its state, while all around the devastating havoc of the wrecker was seen.

The big red house has been to Plaza square a landmark—a point of great interest for the "yap wagons" and one of those millionaire's homes the most of us pictured before we came to New York, but failed to see. There is a great iron fence under lock and key, carriage porticos, shuttered rooms and peeping butlers who look out upon the Fifth avenue throngs.

All the Fifth avenue buses turn into Fifth avenue going down town at the Fifty-seventh side of the Vanderbilt mansion, and for that reason every New Yorker and every visitor knows the place. Across the street is the Hotel Plaza, and up a few blocks begins Millionaire's row.

The Vanderbilt mansion has been the scene of the most important social functions in Manhattan—the latest big affair was the marriage of Gladys Vanderbilt to the Count Szechenyi. The house is a reproduction of the famous Chateau de Blis, and was built at the time the Vanderbilts were just beginning to receive social recognition.

There is much speculation as to the reason for the sale. Gossip weeklies whisper that it is because the Vanderbilts need money to replenish the fortune of the countess, who lost hugely of her estates as the result of the fall of Hungary.

Another reason is a more sinister one. Upper Fifth avenue is already crowded and the houses, although handsome and costly, are far from desirable, owing to the immediate proximity of the worst East Side slums, which pour forth in the evenings, on the afternoons of Saturdy and throughout daylight on Sundays and holidays, their odoriferous denizens, old and young, to throng both that portion of the avenue and the adjacent drives and walks of Central park.

Alarmists say that if there is ever any bolsheviki rising in New York, these houses on Fifth avenue above Fifty-ninth street, all so suggestive of ostentatious wealth and consequently a perpetual object of savage envy and resentment to the alien population of the East Side slums, will be the first to engage the hostile attentions of the mob, with a view to plunder.

S. Jay Kaufman, that erudite chronicler of Manhattan's gay swirl for The Globe, knows theatrical people as no other writer does—and because he knows them, he writes of them with a sympathetic understanding. He has found that actors really enjoy misfortune. They are happier in hall bedrooms struggling for an ideal, than they are in an apartment at the Ritz, with fans at their feet. There is a star who confesses she was happier playing the tanks.

And Kaufman tells of Barney Bernard's early struggles. For some fifteen years he and his wife worried along on less than nothing. Then there was his great triumph in "His Honor, Abe Potash." His name was in electric lights on Broadway.

He asked his wife what she thought of him now. She said: "Well, I'll stick to you as long as you are a success."

Tin Pan alley now employs psycholoists. They are men who understand song psychology and can anticipate the public taste. Leo Feist has a group of them and a New York newspaper quotes him as saying that he can prove the new departure pays. Five out of the last songs he published have been the biggest sellers.

Last Night's Dreams; What They Mean Did You Dream About Wounds?

It is not pleasant to dream of being wounded, yet most of the mystics say that such a dream is a good omen, especially if you dream that you are wounded with a sword. They say it means rapid advancement in your calling or success in your business; and if you see yourself dressing a wound in a dream, also means that he will be successful in his suit and will have an agreeable partner for life.

To the sailor the omen is for a prosperous voyage and success in his wooing. It is also declared that such a dream means that you will shortly be annoyed by some trifling matters which you must try and not allow to worry you, as they cannot interfere with your success. To dream that you are wounded by a dagger not only signifies success, but also that you are of a benevolent disposition and may expect others to act benevolently toward you. If you dream that you see others wounded, it is a warning to look out for an injury from someone whom you thought was your friend. It is especially lucky for a farmer to dream ofbeing wounded, as it is a sign that his land will bear abundant crops and he will make money. The dream of being wounded is one to which the scientific "dream sharps" have devoted considerable attention. The Freudian school attributes it to an effort at expression by a perverted impulse suppressed in the unconscious—that is the desire to obtain pleasure through experiencing pain (for which they have coined a scientific word) and which Fraud supposes to originate along with other highly objectionable things, in the infant "psychic." The materialistic, or "somatic" school, says it means you have had a twinge of rheumatism in your sleep. Perhaps, sometimes, retort the Fredians, but that only accounts for the "stimulus" of the dream, and not the dream itself. In this case the mystic school appears by far the most cheerful one.

HEALTH TALKS

By WILLIAM BRADY, M. D.

TIME AND ANTISEPTICS.

Whoever uses or advocates the use of antiseptics obviously believes that germs cause disease and that drugs are helpful in overcoming disease. This is gratifying, especially when one finds the official textbooks of non-grug schools of healing advocating antiseptics. Whoever believes in aseptic precautions—surgical cleanliness, sterile or germ-free environment and materials—in the operating room, in the lying-in chamber, in the household where contagious disease exists, obviously believes that germs cause disease. Whoever employs an antiseptic toothpaste or gargle or mouthwash, or endeavors to apply antiseptics to a wound, believes that germs cause disease. And they believe this, although they have never seen a germ.

Antiseptics discourage germ multiplication but do not necessarily destroy germs.

How do germs cause disease? By merely being present on the surface of a mucous membrane or the skin or a wound, where an antiseptic or medicinal solution may reach them and perhaps wash them away? No. There is no disease, no harm done, so long as the germs remain on the surface where the antiseptic or medicinal application can reach them. Harm is done, disease or inflammation is produced, infection has occurred only when the germs invade the structure of the tissue; and then, alas, no antiseptic solution can reach them.

Well, then, what's the use of using antiseptics? There are very good reasons, I think, for using safe antiseptics intelligently—and that is another story. There are still better reasons, I believe, for not using strong antiseptics indiscriminately. Your antiseptic may do more harm than good.

When you do use an antiseptic, your purpose is to discourage the multiplication of germs reached by the antiseptic. That purpose is not met by a momentary application of the antiseptic; it requires a few minutes for the antiseptic solution to seriously discourage germ multiplication. Hence it is wasteful and futile to rinse the mouth an instant and then eject the antiseptic and carefully rinse it away with water. It is equally wasteful and futile to brush the teeth an instant and then carefully rinse the antiseptic away with water—if you are using some antiseptic, which I do not advise as a habit, let me say. It is silly and futile to use any antiseptic incorporated in soap to be applied to the skin, unless you mean to leave the soap on the skin for many minutes or hours. Remember, good antiseptics do not kill germs. They diminish the multiplication of germs if applied long enough—five minutes to half an hour, at least. Having no antiseptics to sell I am naturally not prejudiced. If I were the patient I should as soon have my surgeon scrub his hands thoroughly with plain soap and water as dip them in a solution of corrosive sublimate (bi-chloride of mercury) —provided he scrubs conscientiously.

QUESTIONS AND ANSWERS.

Rubber!

Please advise me whether rubber undergarments for reducing are likely to injuriously affect the circulation or injure health in any way. I do not like to diet, as I lose so much flesh in my face, and feel so poorly for my work. But I am afraid I shall lose my position, as my abdomen, hips and thighs and ankles are getting so stout. (Grateful.)

ANSWER—It is silly to imagine that rubber garments can reduce. They just seem to reduce while they are being worn. The accumulation of excessive flesh below the waistline, without a similar stoutness in the upper part of the body, is often attributable to pituitary gland disturbance and in such a case the happiest results are to be had from appropriate treatment by your physician.

Breaking Up the Fever.

Can some doctors break up typhoid fever? (W. E. R.)

ANSWER—No.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Threatened Loss of Nurses Alarms Health Authorities

Six public health nurses of Atlanta, half of the present staff, will have to be dismissed on February 1, unless council at its next meeting votes back into the finance sheet an appropriation of approximately $7,000 necessary to pay their salaries for the year, which sum was eliminated from the sheet by the finance committee in making up the budget two weeks ago.

This is a serious situation which has alarmed health authorities, school officials and others, who declare that the health and welfare of hundreds of children in the city of Atlanta will be in jeopardy should council fail to reinstate the apportionment to maintain the staff intact.

The prospect is viewed with more alarm when just at this time the dreaded epidemic of influenza has again gripped northern cities, and is spreading southward. Last Saturday the nurses assumed charge of a family of four, three members of whom have influenza and one pneumonia, who, but for their assistance or the aid of neighbors, would have been virtually helpless. As it is, the nurses have established a quarantine against the neighbors, putting up a bar against the certainty of the spread of the disease from this family, and are supervising the cooking and housework themselves, as well as assisting the physician to render medical attention.

Made a Remarkable Record.

A summary of the work for 1919 of the public health nurses, furnished Monday by Dr. J. P. Kennedy, city health officer, shows a remarkable record and the importance of its continuation.

Four thousand eight hundred and thirteen were examined at the various public schools, and of this number 8,425 were found to be defective, resulting in their treatment and correction. Some of these children were discovered to have minor ailment of the eyes, impairment of hearing, defective teeth, tonsils that needed attention, etc., not serious if taken in hand at once, but proving grave if neglected.

In addition to those examined in the schools, 5,383 school children were visited in their homes. Wherever a defective child was found the parent was furnished with a card and asked to take up the matter of correction with the family physician. If, after a limited time, no report was received from the physician on the child, the case was again followed up by the nurses.

Seven hundred and seventy children were caused to be carried to the Emory clinic for minor operation, and there are now waiting for operation a list of 288 children. In cases of extreme need food, clothing and other necessaries were supplied to families upon whom the nurses called. Two thousand one hundred and forty-five new-born babies were visited and 2,019 return visits were made.

Summary of Work.

The detailed summary of the work of 1919 is as follows:

New-born babies visited	2,145
Return visits to new-born babies	2,019
Bottle-fed babies	242
Visits to clinic	515
Operations at hospital	282
Operations at physicians' offices	94
Contagious diseases visited	963
Visits to schools	602
Number of children examined at schools (of which number 8,425 were found defective.)	14,813
Number of school children visited in homes	5,383
Number of children taken to clinic	770
Number of children put in school	62
Number of children interviewed at school	1,358
Miscellaneous calls	1,169
Garments furnished to poor	500
Families furnished with food and money	62

In addition to above a number of children were supplied with glasses, tooth brushes, etc.

There are now waiting for operations a list of 288 children.

Comparison with other cities of the country shows that New Haven, Conn., with a population of 144,000, has 47 public health nurses; Albany, N. Y., 18; Norfolk, Va., 11; Richmond, Va., 18; Hartford, Conn., 8, all cities of smaller population than Atlanta.

Cost to maintain the public health staff for 1919 was $14,280 for salaries and $1,000 for transportation. One colored nurse is employed.

At the last meeting of council, when the finance sheet was adopted, Councilman J. R. Nutting, ex-officio member of the board of health, served notice that he would fight for amendment of the sheet at the next meeting to reinstate the appropriation to keep the six nurses which have been cut off.

Short Talks on Psychology

By PROF. CHARLES GRAY SHAW, Ph. D.
New York University

Habits Good and Bad

It would seem strange if an old-time drinker whose alcoholic thirst had been put out of date were to advertise "A Habit Wanted," but this would be true of human nature. If we do not have one habit, we have another, and so long as the practice is habitual our brains do not seem to care whether the practice be good or bad. Now that the drink habit is out of the way, it may be well to look for some new habit, just as the old inspiration once afforded by the winecup may have to come in some more direct way of making the nerves tingle.

One cannot easily account for habits after the analogy of the tracks over which our actions usually run; it is wiser to think of these habitual practices as the rubber tires which make our wills run smoothly almost anywhere. To save trouble, nature has equipped us with processes the employment of which makes life easier for us. These processes are tendencies which our forefathers may have set up for us or which we may have elaborated upon our own responsibility.

Why is it that people from the country have a gait whose strong plodding steps make the man from up-state quite different from the man of Broadway, Main street or the boulevard? Long ago Balzac suggested that the dapper gait of the city bred man is a habit engendered by the constant need of stopping at curbs, of turning out on the sidewalk to avoid collision, while the solid walk of the countryman arose in a situation where there was no need to stop or turn. This sounds reasonable and shows that city life has an unexpected advantage.

The peculiarity of habit, good or bad, is that it gives us more pain when we do not follow it than it bestows pleasure when we do. If we do not do this or that at a certain time we are uneasy, not because we wish to go to the movies or read the paper, but because we have always done these upon certain occasions, at definite times.

You need your habits, if not all of your old ones, then certain new, serviceable ones along with some of the old ways. The well read man does devour so many volumes but he makes a business of reading something each day. The clever writer does not rush off a great story as from a reel, but he has the habit of using his pen daily. The rich man may have made no great stroke, but he had the saving habit, which is worth more than money. It is better to have had habits than none at all; good ones are better, but the main thing is eternal habit.

(Copyright, 1920, for The Constitution.)

BERRIEN CO. GETS SCHOOL WARRANTS

Local Investment Bankers and S. N. Bond & Co., of New York, Make Lowest Bid — Discount Rate Nearly One Per Cent Over 1919.

R. N. Berrien, Jr., Company, of Atlanta, and S. N. Bond & Co., of New York, bidding together, were yesterday awarded school warrants for the year 1920 to be discounted at the rate of 5.83 per cent up to $3,000,000. The Berrien ocmpany last year took the warrants offered at a discount rate of 4.97. The bids were opened in the governor's office at noon.

The difference of nearly 1 cent between the discount rate of this year and that of last gives Georgians a striking illustration of the tightness now prevailing in the New

R. N. BERRIEN, JR.,
Whose House Was Successful Bidder for $3,000,000 Short-Term Loan to State of Georgia.

York money market. After spending nearly all of last week in New York investigating the situation, Governor Dorsey declared that he considered the state fortunate in being able to discount her paper at less than 6 per cent. He found that a loan of $2,000,000 was made by Jersey City, directly across the Hudson river from the metropolis, on January 15 at 6 per cent interest.

Money Very Tight.

So tight has money become in New York that it is a fact that southern bankers are now lending money there. One Atlanta institution recently made a loan of half a million dollars to a New York bank. The federal reserve bank of this district has also been sending money to the metropolis.

Other bidders for the Georgia school warrants were the Trust Company of Georgia, which offered to take the total amount of $3,000,000 at 6.39 per cent, and Eyre & Co., of New York, which bid 5.90 for only $1,000,000. A condition was attached to the last named bid that Governor Dorsey reappoint the National Park bank as the fiscal agent of the state in New York. The National Park bank was formerly the state's agent until Governor Dorsey appointed the Bankers Trust company in its stead.

Rates for Past Years.

Following are the amounts of warrants discounted and the rates of discount for the past three years.

1917—$1,705,369 at 3½ per cent to the Guaranty Trust Company of New York, through the Third National bank, of Atlanta, and the federal reserve bank of the sixth district.

1918—$1,731,585 at 5.74 per cent to the Trust Company of Georgia acting for a group of Atlanta bankers.

1919—$1,994,742 at 4.97 per cent to R. N. Berrien, Jr., Company.

While bids were made for amounts up to $3,000,000, it is not anticipated that the necessities of the state will require the discounting of paper to that extent but the bids were made large enough to cover any contingencies.

NORRIS CO. ERECTING MANY NEW RESIDENCES

According to announcement made Monday the Norris Construction company is now erecting new residences in Atlanta whose total value will be about $80,000.

This concern is erecting an apartment house on North Jackson street, which will cost $25,000; a residence for W. H. Hall, on Blue Ridge avenue, to cost $16,000; a residence in Boulevard Park for J. Van Rogers, which will cost $12,000; two bungalows for Mrs. R. H. Barr, on East Fifth street, which will cost $5,000 each, and a residence on Inman circle, in Ansley Park, for E. H. Jordan which will cost $10,000.

"Fair and Warmer" Is Today's Schedule, Says Von Herrmann

The rain that fell so inconvenietly and coldly all during Sunday and Monday is near its end. Last night was rainy, as had been the night before and the night before that—with the same low temperature helping to make the rain a worrisome feature of Atlanta's climatic condition.

Clearing and warmer, says C. F. von Herrmann, official forecaster, will be the weather forecast for Tuesday, while rains will be felt still in some parts of the state.

All of Georgia, and most of the remainder of th south, have been receiving a great deal of rain, putting roads in bad condition.

The Chattahoochee river, although it isn't going to get an opportunity to repeat its action of last December, is going to rise a bit. Eighteen feet is the depth predicted for West Point, so seriously flooded not long ago. But that is not a serious rise, since the citizens there were prepared for a rise to 26 feet when the last freshet hit the unprecedented depth of 32 feet.

Alabama and Georgia have been receiving the burden of the heavy precipitation throughout the eastern cotton belt. The clearing and warmer weather slated to arrive Tuesday, however, precludes the possibility of much sleet, and the necessity for precautions of an exacting sort.

FUNERAL SERVICE FOR MRS. JOHNSON HELD ON MONDAY

Funeral services for Mrs. Emmie Rawson Johnson, wife of Henry B. Johnson, senior member of Chamberlin-Johnson-DuBose company, were held yesterday afternoon at 3 o'clock at the residence, 60 East Fourteenth street, Rev. S. R. Belk officiating. The interment was in Northview cemetery.

The pallbearers consisted of sons and sons-in-law of the parents—Rawson Johnson, Henry S. Johnson, Jr., Marshall Johnson, Victor Smith, Marshall Nixon and E. C. Callaway.

Mrs. Johnson was well known in Atlanta, beloved for charitable deeds and cherished by her host of friends. She died Saturday morning at her home quite unexpecterly, although for some time she had been suffering from heart trouble. She was formerly Miss Emmie Rawson, and moved to Atlanta after her marriage. She was a member of the Trinity church.

She is survived by her husband; three sons, Henry S. Johnson, Jr., Rawson Johnson and Marshall Johnson; two daughters, Mrs. Vaughan Nixon and Mrs. E. C. Callaway; one sister, Mrs. W. R. Hammond, and one brother, Sidney J. Rawson.

WAR RISK OFFICER PLACED AT EVERY POST OF LEGION

Franklin D'Olier, national commander of the American legion, has issued the following statement with regard to the service the legion has undertaken to render ex-service men:

"At each of the 7,000 local posts of the American legion throughout the country is a war risk officer, conforming in this regard with the state organizations and that at national headquarters in Indianapolis.

"These local post officers have been instructed to take up with various governmental bureaus in Washington or branch offices any cases with regard to ex-service men that may be brought to their attention calling for governmental action. Such cases as they deem worthy of the advice of the state war risk officer are forwarded to him. Where the case cannot be handled by state department officers it is forwarded to state headquarters, and may, in turn, be submitted to national headquarters for attention, where the headquarters service is required. Thousands of these difficult or extraordinary cases involving questions of law and procedure or delayed cases are received at national headquarters daily."

ELKS TO MAKE EFFORT TO INCREASE MEMBERS

In an effort to increase the membership of the Atlanta Elks club to 1,000 and to promote a feeling of better companship among the present members, the Atlanta lodge, No. 78, opened up its cafe Monday in the Elks home on Ellis street.

The restaurant will not be run for profit but it is hoped and desired that it will be self-sustaining. All of the members have been asked to co-operate in the plans for the success of the cafe, as it is only by their patronage that it can continue to exist. Lunch will be served every day between the hours of 11 o'clock and 2 o'clock by a chef who has received the indorsement of E. G. Thompson, of the East Lake Country club.

In the drive recently opened by the Elks, thirty-five applicants for admission have been introduced and it was predicted by Newman Laser, chairman of the executive committee in the membership campaign, that this number will swell to at least 100 by Thursday night, when the next meeting of the club will be held.

The Elks band, under the tutelage of Cliff Barber and Al Dunn, is reported progressing and it is expected that its organization will take place soon.

GRAND JURY TO PROBE FULTON ROADHOUSES

Action Will Follow Closing of Place in Ben Hill District Saturday.

An investigation by the Fulton grand jury, through which indictments will be sought against proprietors and operatives of all the alleged riotous roadhouses in Atlanta's vicinity, will follow the closing Saturday night of the roadhouse in the Ben Hill district, as announced exclusively in The Constitution Sunday, which was declared in the petition for injunction by the residents of the neighborhood to be a scene of nightly debauchery and saturnalian enjoyment.

This announcement was made Monday by Solicitor John A. Boykin, who also said that an apparent effort had been made to suppress the facts concerning the shooting scrape which occurred in the Ben Hill roadhouse a few nights ago, when a young Atlantan was seriously wounded.

It is understood that the probe to be made by the grand jury will be a sweeping affair, and that no proprietor of any questionable house will be able to escape prosecution for the offense, which is punishable by twelve months in the county chaingang, six months in jail and a fine of $1,000, either, or all three.

BOLD YEGGS ARE BUSY

Rob One Safe of $300 and Damage Another.

During the downpour of rain early Sunday morning the plant of the Cotton States Belting and Supply company, at 257 Decatur street, and the J. K. Polk Furniture company, 288 Decatur street, were entered by safe-blowers.

In the first establishment the crooks succeeded in knocking the dial off and blowing off a safe door, taking nearly $200 in cash from the safe.

At the second place, Polk's Furniture company, the crook, or crooks, were frightened away or unable to enter the safe. However, the combination handle was knocked off. It is said that over $200 in cash was in this safe at the time.

When detectives entered the first establishmemnt Monday morning they were confronted with a note, written by the crook: "This is the last haul I intend to make," the detectives were informed by the badly written epistle.

Detectives are working on the case in hopes of finding a clue that will lead to the arrest of the guilty party or parties.

PERCY HARRIS RESTING WELL AFTER OPERATION

Word is received from Spartanburg that Percy W. Harris, of Harris & Harris, a well-known traveling salesman, with headquarters in Spartanburg, underwent an operation a few days ago in a hospital in that city.

Mr. Harris was in Atlanta last week on a business trip and was stricken while here. He was able, however, to hurry home, an ambulance awaiting him at the Spartanburg station.

He was taken at once to the hospital, where the operation was performed, and he is now reported to be well on the way to recovery.

FARMER TAKES HIS HIRED MAN'S ADVICE

"Tanlac not only added twenty-four pounds to my weight, but put me in as good health as I ever was in my life," said Augustus Heins, a well-known farmer of Morton, Ill.

"For four years I was troubled with rheumatism and indigestion," he continued, "and many a day I gave clean out while working in the field and had to lie down until I got strength enough to get back to the house. My rheumatism was so bad that every morning I had to rub my legs before I could stand up and my back was so stiff and painful that it nearly killed me to stoop over. My joints, too, were so stiff and sore that I could not bend over to tie my shoes. My appetite was very poor and when I did eat anything I was in misery for hours afterwards. I was hardly ever able to get a good night's rest because my kidneys were so badly out of order, and last spring my condition got so bad I wasn't able to work and for several weeks I could hardly get out of the house.

"The man I hired to take my place recommended Tanlac so highly that I began taking it, and to make a long story short, I haven't a pain in my body now and can do as hard a day's work as any man. I eat three square meals a day, digest them perfectly and sleep like a top every night. In fact, I couldn't ask to be in better health, and all the credit is due to Tanlac."

Tanlac is sold in Atlanta by Jacobs' Pharmacy Co. and all other leading druggists.—(adv.)

CHANGE IN CITY GOVERNMENT, WISH OF COUNTY WOMEN

Change in the present form of city government in Atlanta is one of the movements to be backed by the League of Women Citizens, formed by the women of Fulton and DeKalb counties, it is announced. A thorough study of all of the various forms of government, with a view of determining which one is best fitted to the needs of Atlanta, will be made by the women, it was decided at the Saturday meeting at the chamber of commerce.

Mrs. Harry P. Hermance is president of the league. Other officers are: Mrs. Haynes McFadden, Mrs. Beaumont Davison, Mrs. Benjamin Elsas, Mrs. Jerome Jones and Mrs. E. H. Ginn, vice presidents; Mrs. Elliott Cheatham, recording secretary; Mrs. Hugh Logan, treasurer; Mrs. Alonzo Richardson, auditor.

The next meeting of the organization will be in April. A constitution was adopted at the last meeting which provides for quarterly meetings. Supporting members will be assessed dues of 25 cents a year, contributing members $1 per year, and associate members $5 per year. The constitution provides that no gift to the league shall exceed $10. This is to guard against large donations by politicians. Any indorsement of a candidate must be made only upon the vote of a majority of the members, and no individual member is bound by any such indorsement.

HULBURT BUSSEY, YOUNG ATLANTAN, DIES IN NASHVILLE

Hurlburt S. Bussey, 19 years of age, youngest son of Mrs. Ella F. Bussey, died early yesterday morning of double pneumonia in Nashville, Tenn. He was on his way to Atlanta from the navy, having been in the service for some time. He was taken ill on the train and was taken off at Nashville for treatment. His death came a little later. His body arrived last night at the parlors of Barclay & Brandon, pending funeral arrangements.

He is survived by his mother and two brothers, Thompson S. Bussey and David T. Bussey, a prominent automobile man, agent for the Ford in Atlanta.

HODGSON HONOR GUEST AT CAPITAL CITY CLUB

In honor of Hugh L. Hodgson, pianist and composer of note, of Athens, Ga., the Atlanta members of the Chi Psi fraternity will be hosts at a banquet at the Capital City club Wedensday at 12:30 o'clock.

This visit to Atlanta is occasioned by the concert of the Atlanta Music Study club, which will be featured by his playing. The concert will be held Tuesday night at the Egleston Memorial hall, but on invitations from his many friends here he has consented to stay over a couple of days more.

Some of his fraternity brothers who are giving the dinner and who will hear him Tuesday night, are E. R. Gentry, C. R. Robertson, Paul Johnson, Earl Cabaniss, Homer Carmichael, Fair Dodd, Millard Spalding, Harry Harmon, Henry Newman, J. W. Lewis, George M. Battey, Jr., Esmond Brady and others.

FORTY-EIGHT VERDICTS GRANTED FOR DIVORCES

Every Form of Cruelty Feature Cases of Those Seeking Separation.

Forty-eight verdicts were granted in the divorce mill which started Monday in the Fulton superior court before Judge John T. Pendleton. Approximately 350 cases are on the undefended docket for hearing this week.

Every form of cruelty known to civilized society was related Monday by husbands and wives who were attempting to shake the irksome ties. A large number of wives report that their husbands have been wafted to the port of missing men and ask for freedom on the grounds of desertion.

It is also interesting to note that a large number of husbands, according to their wives, are still able to obtain any quantity of liquor, even in dry Georgia and America.

Mrs. S. C. Hayes was granted a verdict from J. T. Hayes. She claimed that he hit her with his fists and on the day of separation threw a bottle of acid at her.

J. N. Moody was given a decree after he explained that his wife, Mrs. Mattie Moody, left him and then wrote him for money. He stated that he went to the address given, instead of sending the money, and found his wife occupying a room with another man.

H. J. Smith told the jury that Mrs. E. H. Smith on one occasion tried to stab him, and at another time sought to shoot him. She kept a loaded revolver in her home all the time, he said, much to his annoyance and anxiety. In conclusion, he stated that his wife stopped him from eating at the same table with her. He was granted a divorce.

Mrs. India K. Monroe was granted a divorce against William S. Monroe. She claimed her husband failed to support her, notified the grocer that he would not be responsible for any bills contracted by her and slept with a butcher's knife under his pillow.

ATLANTA LOVERS OF MUSIC TO HEAR HODGSON TONIGHT

Music Lovers will be offered the opportunity of hearing one of Georgia's most brilliant plianists, Hugh Hodgson, of Athens, in the third of the Atlanta Music Study club's evening programs at the Egleston Memorial hall, this evening at 8:30 o'clock. One of the most pleasing programs, selected from the best-known of the world's musical composers, will be rendered by Mr. Hodgson. The music of Lizst, Chopin and Bach will be featured among other selections from the classics.

The concert is being given for the members of the club, and especially for those who are unable to attend the morning program. All of the members are cordially invited to attend and will be admitted free on presentation of membership card. For those who are not members, a dollar will be charged, with a few seats in the balcony selling for a half dollar.

PRIZES AWARDED FOR ATTENDANCE AT CONCERT FRIDAY

The management of the juvenile department of the Music Study club announces the winners in the contest for prizes offered for attendance at the concert by the Cincinnati Symphony orchestra on last Friday. The winners in the public schools was announced Monday morning through the office of the board of education. This was based on a percentage of enrollment for last week.

The first prize was a Victrola machine retailing at $115 donated by the Cable Piano company and was won by the Tenth Street school. The second prize was a smaller machine, the donor to be announced later, and this was won by the Greenwood school. The third prize was $25 worth of records donated by the Bame Victrola shop and goes to the Moreland school.

The first prize for the high schools was a $100 Edison machine donated by Mr. Rosenblatt, of the Edison company. The winner of this prize has not yet been announced.

The Phillips & Crew company donated the machine for the private schools and this was won by the North Avenue Presbyterian school.

Diamonds as An Investment

Diamonds have so generally been bought as a luxury by the rich that their value as an investment has been overlooked.

For the past ten years diamonds have increased in value over 200 per cent.

It should be remembered that when you invest in diamonds you have the constant use of your investment. You wear your diamonds while they grow in value.

We sell diamonds on convenient monthly payments. Selection packages sent anywhere on approval—all charges paid.

Net prices on all grades and weights are published to the world in our twenty-fifth annual catalogue and booklet, "Facts About Diamonds."

Call or write for these books and buy before prices advance.

Both books sent complimentary anywhere upon request.

Whether Your Commercial Banking Needs are large or small—

Member Federal Reserve System

DISTINCTIVELY a COMMERCIAL Bank, the primary purpose of The Citizens and Southern is to finance commercial trade and advance industrial enterprises.

It has given to Atlanta the FACILITIES for industrial progress on a LARGER SCALE than this city has possessed before; and this fine MUNICIPAL ASSET is being used liberally in the constructive building of BIG BUSINESS.

In addition to the many Atlanta business houses and industrial concerns—large and small—which it is now financing, The Citizens and Southern is carrying more of the farmers' cotton than any other bank in the southeast.

Its officers and directors make careful study of industrial and trade problems. They are always glad to discuss your problems with you, and to offer suggestions which may lead to their satisfactory solution.

When you place your business account with us, you have the satisfaction of knowing that your LARGEST BUSINESS REQUIREMENTS can be met, and your every banking need be cared for, even to the smallest detail.

Bridge for Near East Fund Will Be Given at Terrace

The ladies resident at the Georgian Terrace hotel announce a bridge party to be given Friday afternoon at the Terrace for the benefit of the Near East relief fund.

They have formed a club for the occasion, with Mrs. W. S. Elkin, chairman, and each member has pledged herself to entertain at least one table, and to invite only non-residents of the hotel as her guests. Tables will also be on sale, and non-residents may secure these by applying to any of the ladies living at the Terrace.

Several handsome prizes will be offered, and elaborate detail will mark the event.

Those sponsoring the benefit are Mrs. Elkins, Mrs. Edward McCerren, Mrs. Howard McCall, Mrs. Harry Harmon, Sr., Mrs. W. H. White, Mrs. Edward Wight, Mrs. Willis F. Westmoreland, Mrs. Henry Miller, Mrs. Frank Stewart, Mrs. Lewis Beck, Mrs. Jesse Couch, Mrs. William Lyle, Mrs. W. L. Stanley, Mrs. Benjamin Gatins, Mrs. M. G. Dooly, Mrs. George Walker, Mrs. Marrion Harper, Mrs. Ralph Millard, Mrs. Harry M. Atkinson, Mrs. S. A. Lynch, Mrs. Frank Freeman, Mrs. Harold Barnes, Mrs. Paul E. Wilkes, Mrs. Augustus Anderson, Mrs. B. L. Winchell, Mrs. Prince Webster, Mrs. E. Oliver, Miss Lillian Tidwell, Mrs. E. G. Griffin, Mrs. Raifield, Mrs. Sol Wiseberg, Mrs. Frank Adair, Mrs. F. M. Lewis, Mrs. Forrest Adair, Jr., Mrs. John Manget, Mrs. Forrest Adair, Sr., Mrs. Howard Conway, Mrs. Robin Adair, Mrs. George McKenzie, Mrs. Richard A. Johnson, Miss Louise Dooly, Miss Isma Dooly and others.

Women Citizens to Meet In 7th and 8th Wards Today

This afternoon the seventh ward committee of the League of Women Citizens will meet at 3:30 o'clock at the Peeples Street school for the purpose of electing officers for the coming year. Mrs. William E. Mansfield will preside.

The eighth ward will also meet this afternoon at the Tenth Street school at 3 o'clock for the same purpose. Mrs. Elliott Cheatham, the present ward chairman, will preside and also give a talk on city government. Plans for the year will be discussed at both meetings.

Mrs. Walter Bedard has called a meeting of all women in the sixth ward who are interested in civic betterment for Wednesday afternoon at 3 o'clock at Edison hall. Mrs. J. S. McWilliams has called a meeting in the eleventh ward for Wednesday, at 3 o'clock, over Murdatt & Minor's store.

Owing to many requests for information on city problems by Mrs. Cheatham has compiled the following list of books, which may be obtained from the Carnegie library:

Bates, F. G.—"Forms of City Government; an Outline of the Federal, Commission and Commission-Manager Plans of City Government." 1916.

Beard, C. A.—"American City Government." 1912.

Cooke, M. L.—"Our Cities Awake." 1918.

Deming, H. E.—"The Government of American Cities." 1909.

Fairlie, J. A.—"Essays in Municipal Administration" (1908) and "Municipal Administration" (1901).

Goodnow, F. J.—"City Government in the United States." 1906.

Howe, F. C.—"The City the Hope of Democracy" (1905); "European Cities at Work" (1913); "The Modern City and Its Problems" (1915).

James, H. G.—"Applied City Government." 1914.

Matthews, N.—"Municipal Charters." 1914.

Munro, W. B.—"The Government of American Cities" (1916); "Principles and Methods of Municipal Administration" (1916); "The Government of European Cities" (1909).

Rowe, L. S.—"Problems of City Government." 1908.

Webb, Sidney—"English Local Government." 1906.

Whitlock, B.—"On the Enforcement of Law in Cities." 1913.

Willcox, D. F.—"The American City." 1904.

Wilcox, B. F.—"The American City;" "Great Cities in America" (1910); "Municipal Franchises" (1911).

Woodruff, C. R.—"A New Municipal Program." 1919.

Manager Plan.

Toulmin, H. A.—"The City Manager; a New Profession." 1915.

Commission Plan.

Beard, C. A.—"Loose Leaf Digest of Short Ballot Charters; a Documentary History of the Commission Form of Government." 1911.

Bradford, E. S.—"Commission Government in American Cities." 1911.

Bruere, Henry—"The New City Government." 1912.

Hamilton, J. J.—"The Dethronement of the City Boss, Being a Study of the Commission Plan."

Woodruff, C. R.—"City Government by Commission." 1911.

SOCIAL ITEMS

Mr. Alex Stephens is spending a few days at the Georgian Terrace en route to Jacksonville. He will make his home in New York.

•••

Mrs. W. J. Morrison, Miss Anna Blake Morrison, Mrs. A. L. Bickers and little Miss Marie Mattingly leave next week to spend the rest of the winter at Fort Pierce, Fla.

•••

Colonel and Mrs. Walter P. Andrews will entertain at the dinner-dance at the Driving club Saturday for Miss Jean Asheraft.

•••

Miss Morse, of Evanston, Ill., who has been the guest of Miss Mary Brown for several weeks, will return home today. Miss Copeland, of Pittsburg, returned home Sunday. Among the many delightful parties in their honor was the bridge given Friday by Mrs. Hugh L. McKee.

•••

Mrs. Frank Boland has as her guest Mrs. Hugh Stiles and Miss Vera Palmer, of Savannah, and they are being entertained at a number of informal parties.

•••

Mrs. Henry Stanton, of Winetka, Ill., is the guest of her sister, Mrs. Robert M. Davis. Mrs. Hubbard Keenan, of Winetka, another sister, will arrive tonight.

•••

Mrs. Thomas Burke, of Washington, Ga., who has been the guest of Miss Sallie Melone, will go to St. Joseph's infirmary today for a tonsils operation.

•••

Mr. and Mrs. J. C. Harris have returned from a visit in New York.

•••

Misses Frances and Zoe Cole, of Memphis, left Monday for their home after a visit with Mrs. George Wight.

•••

Mr. and Mrs. J. J. Goodrum and Miss Mary Goodrum have returned to their home in Newnan after a visit to Mr. J. J. Goodrum at his home on West Eleventh street.

•••

Mr. James G. Tinsley, one of the most distinguished residents of Richmond, Va., is visiting his daughter, Mrs. Russell Porter, at her home on the Prado, in Ansley Park. Mrs. Porter also has as her guest her sister, Miss Claire Tinsley, who has been honor guest at several informal social events since her arrival in Atlanta.

•••

Miss Hennilu Hughes returned to her home at Danville, Ga., on Monday after a week-end visit to Mrs. Mark Johnston at 43 Cascade avenue, West End Park.

•••

Mrs. George H. Lanier has returned to her home in West Point.

•••

Mrs. Benjamin Gailliard, of Gainesville, has been spending several days in Atlanta as the guest of Mrs. Rogers Winter.

•••

Miss Elizabeth Reynolds has returned to Atlanta after a visit to relatives in Monroe.

•••

•••

Mr. and Mrs. James Evans have returned from a visit to Gainesville.

•••

Miss Hallie McHenry has returned to Madison after visiting relatives in Atlanta.

•••

Mr. and Mrs. Perry Smith and Miss Ethel Smith, of Elberton, are spending several days in the city.

•••

Miss Mildred Leibman, of Texas, is visiting Mr. and Mrs. Arthur Harris at their home on Ponce de Leon avenue, in Druid Hills.

For Skins Affected By Winds and Weather

This is the season when she who would have a spotless, lily-white, satiny complexion should turn her thoughts to mercolized wax, the firm friend of the winter girl. Nothing so effectually overcomes the despoiling effects of piercing winds and biting cold temperatures. The wax literally absorbs the chapped, reddened or coarsened cuticle, bringing forth a brand-new skin, clear, soft and girlishly beautiful.

An ounce of mercolized wax, obtainable at any drug store, applied nightly like cold cream, and washed off mornings, will gradually improve the worst complexion. It is perfectly harmless, of course.—(adv.)

Actually Removes Hair Roots—Something New!

(Harmless Method; Works "Like Magic")

To have the superfluous hairs come out, roots and all, before one's very eyes, sounds almost too good to be true. Yet many thousands of women have proved to their own satisfaction that this can be accomplished—easily, quickly, harmlessly—by means of the wonderful phelactine process.

This method is not to be compared at all with any liquid, powder or paste, nor with electrolysis or anything else. Nothing like it ever originated. It causes the hairs to come out entire, roots included, leaving the skin smooth and hairless as a babe's. Phelactine is non-odorous, non-irritating, non-poisonous—a child could safely eat it. Get a small stick of phelactine from your druggist today, follow the simple instructions, and you will have a most agreeable surprise.—(adv.)

Today's Calendar

Miss Dorothy Haverty will be honor guest at a luncheon given at the Piedmont Driving club by Mrs. Jack J. Spalding.

The Atlanta Woman's Golf association will hold the annual meeting today at the Georgian Terrace.

Miss Elizabeth Hawkins entertains her sewing club today at her home on Piedmont avenue.

The regular weekly dinner-dance will be given at the Capital City club.

Mrs. Inman Offers Prize At Art Exhibit.

The Atlanta Art association is meeting with very encouraging response to the recent announcement of their fifth annual exhibition of the work of local artists, and the pictures promise to be unusually interesting because of the many new names in the list of exhibitors. The Inman prize of $50, which has generously been presented each year by Mrs. Samuel M. Inman, who is deeply interested in the promotion and encouragement of art in Atlanta, will, as usual, be awarded to the best piece of work in the exhibition, and the Art association will this year supplement the prize with several others of substantial sums.

Many inquiries have come to the chairman of the art committee from those whose work is, no doubt, very creditable and attractive, but because it is copy, cannot be accepted; only absolutely original sketches and pictures can be hung. The committee appreciates this interest, however, and trusts that those who have art talent may be led to turn their efforts to original and creative work with a view to making it acceptable for future exhibitions.

At no time in recent years has art-interest in general been so alive as at present; this may be due to a reaction from our unusual experience of depression the past few years or to the broadened situation of our men and women returned from foreign service who imbibed the spirit of art which has always prevailed in European countries; perhaps it is the awakening of our nation to the realization that the design is the link which connects the thought of the brain with the execution of the idea in our industrial world and we are therefore looking upon the ability to draw as a national asset. But whether this talent in the individual is directed to the design for a ship, a beautiful building, an advertisement of a good soap or a picture for the wall, thinking men and women acknowledge Art.

Mrs. Clarence Blosser is chairman of art committee. Phone H. 261.

Mrs. Hill's Luncheon.

Mrs. Walter Hill will entertain at a bridge luncheon Friday, complimenting Mrs. Langdon Quin, a bride of the month, who was formerly Miss Eugenia Caldwell, of Chattanooga.

Dinner Given for Mr. and Mrs. Quin.

Mr. and Mrs. Langdon Quin have returned from their wedding journey and are at the Georgian Terrace. Saturday evening Mr. and Mrs. John J. Woodside, Jr. entertained at their home on East Fifteenth street, the occasion being given in honor of Mr. and Mrs. Quin. The table had for the central decoration a green basket, filled with pink and blue hyacinths. Covers were laid for Mr. and Mrs. Quin, Mr. and Mrs. Woodside, Mr. and Mrs. John DuPree, Mr. Winburn Willingham and Mr. Reese Dillard, of Chattanooga.

Militz Club.

The Militz club meets every Wednesday at 11 a. m., in the assembly room of the Carnegie library for the study of practical Christianity. If interested you are cordially invited.

Mr. Hodgson To Be Honored.

The members of the Chi Phi fraternity will entertain Wednesday at the Capital City club, complimenting Mr. Hugh Hodgson, of Athens, the noted pianist, who will arrive in Atlanta Tuesday to give a concert that evening at Egleston Memorial hall.

To Sewing Club.

Miss Elizabeth Hawkins will entertain her sewing club this afternoon, when her guest, Miss Marian Butt, will be a guest of honor.

The members of the club are: Misses Marion Stearns, Eloise Robinson, Patty McGehee, Julia Murphy, Mary Murphey, Nellie Dodd, Mrs. W. D. Grant, Mrs. Eugene Black, Jr., Mrs. Glenn Ryman.

Prize Beauty Besieged by Suitors

Miss Anna Altmann, judged the prettiest girl in the United States in a contest at the New York Auto show, is being showered with marriage proposals as a result of the notoriety given her. The letters come to her in bundles in every mail. Some are from middle aged men, but for the greater part the writers are between twenty and thirty. The great majority of them propose marriage right away, others want to make her acquaintance and a few would be satisfied with her photograph. "It's getting a bit monotonous, some of the letters are awfully silly," she said. Miss Altmann hails from Syracuse, New York.

Atlanta Girl Winning Success.

The friends of Miss Minnie Jeanne Smythe will be gratified to learn that she is meeting with success as a short story writer of fiction, having recently sold an unusually interesting story entitled "The Winding Way" to The Woman's National Mazagine, of Washington, D. C., for $100.

Miss Smythe has also written several scenarios as well as other miscellaneous articles, specializing fiction in the short story form.

Miss Smythe's talent is not only natural, but hereditary in that she numbers among her ancestry the popular magazine writer of civil war fame, known as Virginia Gibbs.

Miss Smythe is a typical Georgia girl, coming from Georgia ancestry of the colonial period. She is a granddaughter on her maternal side of Zachariah McCord, one of Georgia's ablest financiers of ante-bellum time and on her paternal side a granddaughter of W. Frank Smythe, originally from the colonies of Virginia, and is a daughter of the late William Drew Smith, a Wilkes county, planter.

Miss Smythe contemplates taking a course at the Columbia university in the near future.

Basketball Dance.

Miss Mary Louise Heinking and Mrs. Benjamin Ragsdale won the prizes, boxes of candy, for the best guesses on the basketball score Saturday in the game between the Atlanta Athletic club and the Auburn team at the Athletic club.

The sponsors were Miss Harriet Bayley for Auburn and Mrs. Marion Swanson for Atlanta.

At the dance which followed, the usual delightful event of the social week-end, there was a large representation of the club membership and their friends. Among the young ladies dancing were Misses Margaret Pratt, Maude Couch, Corinne Johnson, Carolyn Crowley, Marian Cook, Kirby Willingham, Virginia Carter, Margaret Yeager, Joyce White, Estelle Perrin, Ruth Hodson, Marie Carlton, Margaret Vaughan, Charlotte Hemmer, Marjorie Stringfellow, Rachel Nunnally, Evelyn Holcombe, Frances Dudley, Harriet Bayley, Willie Ben Jackson, Helen Whitehurst, Essie Roberts, Laura Rose, Loal Buchanan, Vincincia Allen, Dorothy Haverty, Miss Summerlin, Miss Yarbrough.

MEETINGS

A meeting of the Mothers' class, First Baptist church, will be held at the home of the president, Mrs. A. E. Wheeler, corner Third and West Peachtree streets, this afternoon at 3 o'clock. All members are urged to attend, and all interested are invited.

Grace lodge No. 511, ladies' auxiliary to the Brotherhood of Railroad Trainmen, will hold its regular meeting Tuesday afternoon at 2:30 o'clock, in their hall, the Wigwam. Every member is requested to attend.

Martha chapter No. 128, O. E. S., will hold its regular meeting Tuesday evening, January 27, at 8 o'clock, in Battle Hill Masonic hall, Lucile avenue and Gordon street. Work in the degrees. Refreshments will be served at the close of the meeting.

The regular monthly meeting of the Atlanta Art association will be held Wednesday, January 28, at 11 o'clock, Cable Piano Company building, floor G. Members are urged to attend. Mrs. Hunt Chipley, secretary.

The Atlanta Art association will hold its regular monthly meeting Wednesday morning, January 28, at 11 o'clock, in their clubrooms in the Cable Piano Company building. A full attendance is urged.

Dr. Arthur Stevens Speaks On Experiences in Germany

Dr. Arthur Stevens entertained the members of the Atlanta Woman's club yesterday afternoon with his superb lecture, "The Chess Game of the Nations." Dr. Stevens is dean of the school of commerce at Oglethorpe university and is a lecturer, traveler, linguist and diplomat.

Dr. Stevens was on a diplomatic mission from the United States to Germany at the beginning of the world war. He spoke most interestingly of his experience in Germany when he was held under surveillance for weeks until he could make his escape.

The members applauded Dr. Stevens when he stated that he was in favor of equal suffrage for women and the adoption of the league of nations.

Mrs. Hamilton Douglas reported that she and her committee appointed by the president had drawn up amendments to the by-laws of the club which would be printed and copies sent to each member of the club. Among the changes to be made is a provision for life memberships.

Mrs. Alonzo Richardson told the ladies of the many advantages the members of the club would receive in the new building, which include a library and art gallery, which Mrs. Charles Jerome and her committee plan to establish. The grounds will be improved and there probably will be tennis courts and a swimming pool. All of these improvements will cost money and the women are requested to send all donations to the treasurer, Mrs. A. C. Matthews, Fairview road.

Mrs. Thomas, the president, announced that Susanne Cocroft will give a lecture at the old building Saturday, January 31, from 3 to 5 o'clock. This will be free to club members and other ladies will be admitted for 50 cents.

Miss Harriet Small, accompanied by Mrs. Charles Chalmers, rendered two selections exquisitely. Miss Small has a contralto voice of wide range and wonderful tone quality.

Y. W. Dinner On Friday Night

The directors of the Young Women's Christian association urge all Atlantans contemplating attending the Y. W. annual dinner on the evening of Friday, January 30, 7 o'clock, to make their reservations at once in order that the Y cafeteria may know in advance how many guests will be present to be served. For reservations not to be made in advance entails a loss in food that the Y. W. C. A. cannot afford.

The annual dinner is $1 a plate. Reservations are made at the Y office, fourth floor, Peachtree Arcade. Mail checks for tickets to the Arcade office or call for them.

The menu will be:

Grape fruit with cherries Maraschino
Hearts of Celery Olives
Turkey Cranberry Jelly
Green Peas Potatoes au Gratin
Beaten Biscuits
Waldorf Salad
Ice Cream Cake
Coffee

The program of the annual dinner will be of interest to the public. Dr. R. O. Flinn will offer the invocation. The speaker of the evening will be Dr. Plato Durham, of Emory university. Mrs. Benjamin Parker will sing.

Mrs. Archibald Davis, president of the Young Women's Christian association, extends a cordial invitation to the public to make reservations for the Y. W. annual dinner and hear what the association is doing for our city's girls in brief annual reports that will be made by Miss Irma Finley, general secretary, Miss Genevieve Saunders, treasurer, and Mrs. Emily McDougald, chairman of the nominating committee.

Business Women's Club Meeting.

The regular monthly meeting of the Business Women's League of the Second Baptist church will be held at 3:30 o'clock Sunday afternoon, February 1.

An attractive program has been arranged by Circle F, Miss Mary Ella Yancey, chairman.

The speaker for the afternoon will be Mrs. Marcus Taft, subject, "Impressions of a Young Missionary."

Solos by Mrs. Kirk Smith, Jr., and Miss Marion Taft.

Loeb-Markowitz.

Mr. and Mrs. Joseph J. Loeb announce the marriage of their daughter, Lillian, to Mr. Victor Markowitz, of New York city, at their home, 33 East Sixth street, on January 23, in the presence of the family. Rev. John W. Rowlett officiating. The original plan for the marriage to take place at the Unitarian church on January 27 had to be changed on account of immediate and urgent reasons which necessitated the presence of Mr. Markowitz in New York.

Dinner-Dance This Evening at Club.

The regular Tuesday evening dinner-dance will take place this evening at 8 o'clock in the ballroom of the Capital City club. A number of visiting guests will be present on this occasion, and several informal dinner parties will be given.

Dancing Contest.

A dancing contest will be one of the features of the tea dance which Arthur Murray will give on Saturday afternoon at the Capital City club. The senior members of the club de Vingt will be the guests of honor. The dancing will begin at 4 and continue until 7 o'clock. About 200 boys and girls of the young college set will be present.

Prices realized on Swift & Co. sales of carcass beef in Atlanta, Ga., for week ending Saturday, January 24, 1920, on shipments sold out, ranged from 14 cents to 20 cents per pound and averaged .1770 cents per pound.—(adv.)

Fastidious Women Choose Davis & Freeman Mesh Bags

"The Store of Dependability"

Never has woman's love for things that are beautiful been more clearly displayed than in the decided preference she is showing for the ultra-stylish Davis & Freeman Mesh Bags.

Their luxurious mesh and smart styles appeal to her esthetic taste and she recognizes in them an article of refinement which lends an added touch of beauty and distinction to her costume.

The range of styles and prices is wide enough to allow for any variation of taste or purse.

Beautify Your Hair Begin Today

From the very first application of Newbro's Herpicide your hair will begin to take on new life.

Your dandruff will begin to disappear, your scalp will stop itching, your hair will begin to tone up and in a short time will be aglow with health and beauty.

Newbro's Herpicide

will transform your dull, brittle, lusterless hair into lustrous, shimmering beautiful tresses.

Begin now to use Herpicide. Use it in secret if you wish - - but don't expect to keep your secret long. Use Herpicide today -- note improvement tomorrow.

"Applications at the Better Barber Shops"

Send for Generous Sample.

Send 10 cents in stamps or coin for a Generous Sample of Newbro's Herpicide and an interesting booklet on "The Care of the Hair".

Address: The Herpicide Co., Dept. 185A, Detroit, Mich.

Sold at all Drug and Dep't. Stores.

No sluggish appetites around this board!

They know the hunger call that never fails—variety of flavor. There's nothing so deadening to appetite as sameness in cooking. And yet it's so easy to serve new foods every day if you use the right seasonings.

The woman who uses DEL MONTE Tomato Sauce has at her command one of the surest means of adding zestful, palate-tempting flavor to even the most ordinary foods. Its uses are legion. It makes so many foods better—adds a distinctive new touch to hundreds of simple dishes—and avoids the monotony of every-day foods.

Besides, it is very economical. Costs little, itself, and enables you to make truly appetizing foods out of inexpensive cuts of meat and "left-overs" of all kinds.

Try it today and learn the secret of many a good housewife's economical cooking. Our new book, *"DEL MONTE Tomato Sauce Recipes"* (Publication No. 689), will show you how to use it in over a hundred delightful ways. Send for a free copy.

Smith-Allgood.

General and Mrs. Robert Gibson Smith, of Sayville, Long Island, have issued invitations to the marriage of their daughter, Laurie Edward, to Mr. Andrew De Forest Allgood, on Saturday, the 7th of February, at St. Ann's church, at Sayville.

The friends in Atlanta of Mrs. De Forrest Allgood and Mr. Andrew Allgood will be interested in the above announcement, as they formerly resided in Atlanta and also made Griffin their home before they moved to New York.

Russian Ballet.

Senia Solomonoff, the Russian dance artist, announces the opening of his additional dancing class for children Wednesday afternoon from 4 to 5 p. m. This class will consist of one class lesson a week. The following pupils have enrolled during January: Mrs. G. W. Gray, Mrs. R. Z. Upchurch, Misses Gwin Barker, Carolin Paullin, May Nelson, Bertha Lee, Mabel E. Eastmore, Estelle Smith, Belle Lanier, Carolina Crumley, Suzan Johnson, Patricia Sanders, Lucy Adams. All interested are invited to visit the classes every afternoon from 3 to 4 p. m. at the studio, Cable Hall.

Standard Club's Informal Dance.

The Standard club announces an informal dance at the club house for next Saturday night, January 31. Dancing will start at 9 o'clock.

SOCIAL ITEMS

Mrs. A. D. Bray, of Calhoun, is visiting relatives in Atlanta.

•••

Misses Annie and Will Nell Logan, of Calhoun, are visiting Mrs. B. U. Bowman.

•••

Mrs. Edwin Davis has returned from a visit to Mrs. J. W. Smith in Gainesville.

•••

Mr. and Mrs. John D. Little left yesterday for New York and will be at the Ritz-Carlton.

•••

Mrs. Ernest L. Rhodes and young daughters, Misses Harriet and Virginia Rhodes, returned yesterday from a trip to Colorado Springs, where they have spent several months.

•••

Mr. and Mrs. Mel Gammon have returned to their home in Rome.

•••

Mr. and Mrs. Charles Murphy are in New York after a visit to Atlantic City.

•••

Mr. Winburn Willingham and Mr. Reese Dillard returned last night to Chattanooga after spending the week-end in Atlanta.

•••

Mr. and Mrs. Troup Howard, Mrs. Edward Van Winkle and Miss Mary Carrick are expected to return from an automobile tour through Florida on Thursday. They have spent the past three weeks at different winter resorts in that state.

•••

Mrs. Perry Moore and young son, of Hackensack, N. J., are expected to arrive in Atlanta this week to visit Mr. and Mrs. Hugh L. McKee, parents of Mrs. Moore, at their home on Piedmont avenue. Mrs. Moore was formerly Miss Margaret McKee.

•••

Mr. and Mrs. Edwin F. Yancey announce the birth of a son, who has been named Richard Hunter III.

•••

Among the Atlanta people registered at the Hotel Mason, Jacksonville, Fla., this week are Mr. and Mrs. A. B. Fox and Mr. and Mrs. Walter Harlan.

•••

Mr. and Mrs. U. T. Koch have taken possession of their new home which they recently bought on Ripley drive.

•••

The friends of Mrs. H. H. Bussey are sympathizing with her in the death of her son, Mr. Hurlbert Bussey, which occurred in Nashville, Tennessee.

FIVE YEARS OF SUFFERING

Eupora Lady Broke Down and Was Most Miserable, But Cardui Brought Relief and Now She Is Well.

Eupora, Miss.—Mrs. B. E. Tedder, recently spoke as follows: "About five years ago . . . I broke down and took to my bed.

What I suffered no one knew. I was in so much pain from my knees to my waist, cramping and drawing, until I thought I would certainly die.

I grew so weak I couldn't eat, and so dizzy and faint and every time I stood on my feet I had the most miserable and heavy feeling in the lower part of my body.

I began on Cardui. It strengthened me after a few doses and diminished the . . . after the first bottle. I commenced to feel better. I regained my appetite . . . I took the Cardui right along . . . I am well and strong. That has been four years. I can do all my work and feel fine."

Cardui has been found to be a valuable tonic for women. It is composed of harmless medicinal ingredients, which act in a mild and gentle way on the system and help to build up the body and nerves.

Your druggist sells Cardui. Try it.—(adv.)

A GUARANTEED SKIN WHITENER

You can positively whiten your skin, without making pimples or blisters, by using that delicately scented vanishing cream—

Expressive Hands

Do your hands speak? Some hands seem to.

Florence—The clipping you sent me was not written by me, but was, I imagine, a portion of some ad. As far as it goes, the clipping was quite all right. The matter of gaining or losing flesh has been brought down to such a science that it is almost nothing but a problem in mathematics.

This was amply proved during the war when, in the various laboratories at Washington, the biggest food experts of the country were at work to find out how many calories of food a day were required by soldiers working and fighting under certain given conditions. The same principles were applied by the food administrator to the problem of feeding the family, so that America could remain a well-fed nation and at the same time export food to our unfortunate allies.

You can obtain literature on this subject by writing to the department of agriculture in Washington. Occasionally you will find talks in this column on getting fat, although most of my readers seem determined to lose rather than to gain flesh.

• • •

Worried—You could lose 10 pounds of flesh and be healthier and better looking for it. Probably the diet that you would adopt in order to reduce, would clear up most of your skin troubles. The first evil of a good complexion is a prolonged attack of pimples. These come from overeating, eating improper food, or from faulty urination. The blackheads and coarse pores that you complain of are sure to follow the pimples.

If you reduced, you would cut from your diet most meat and most starchy foods, such as bread, potatoes and beans. You would also cut out rich desserts of pastry, and overly sweet things like candy and richly iced cakes. Yould would eat mostly fish, rare beef, chicken, most vegetables and practically all fruits. Such a diet would stimulate the natural functions of the body if the fault is here and would clear your skin of blemishes.

Having started this, you can make your treatment more effective by local applications. The black-head cleansing powder which is frequently given in this column, would be excellent—so would the cleansing cream. I would very gladly send you the formula for these if you will send me a letter with a self-addressed, stamped envelope.

Your daily face treatment would be as follows: Wash the skin with hot water and a good soap or the black-head powder. Massage with a good cold cream, wipe off the surplus cream and rub with a piece of ice. If you use a face powder, be sure it is of the very best quality.

Household Quiz

By Alice Gitchell Kirk.
(Home Economics Expert and Lecturer.)

No. 1—What two ingredients are used more than any other in all candy?

No. 2—What is the most desired lace used in all linens or as decorations in waists?

No. 3—Where does our American-made china come from?

No. 4—What are the English people famous for in cookery?

No. 5—Where does curry powder come from, and how is it used in cooking?

No. 6—What do we mean by "planking a fish or a steak?"

No. 7—What are the two foundation sauces?

Answers to Yesterday's Questions.

No. 1—The different methods of applying heat to foods are:

1. Boiling—Cooking in boiling water at a temperature of 212 degrees.
2. Broiling—Cooking directly over or under a flame (gas, charcoal, hard coal, wood coals or electricity).
3. Pan Broiling—Cooking in a very hot skillet without any fat.
4. Roasting—Cooking in a very hot oven.
5. Baking—Cooking in a hot oven.
6. Frying—Cooking in deep, hot fat to cover.
7. Sauteing—Cooking in a small amount of fat in a skillet.
8. Steaming—Cooking over or in steam.
9. Stewing—Cooking in water below the boiling point.
10. Braising or Pot Roasting—A combination of stewing and baking.
11. Fricasseeing—A combination of stewing and sauteing. Covered casserole in oven or on top of stove.

No. 2—Digestion is the process of changing insoluble foods to soluble. The process takes place in the alimentary canal, measuring nearly 30 feet in length, parts of which, aiding in the work, are the mouth (teeth and saliva), the aesophagus, the stomach (gastric juice), the small and large intestine, which helps complete changes already begun. Food serves no purpose in the body unless digestion takes place.

No. 3—Well balanced meals mean providing a well selected variety of food which will nourish every part of the growing body for the day.

No. 4—Sofa pillows should be made with one end finished with a deep hem, and then snapped together with large snappers. They are then easily removed for washing or cleaning.

No. 5—The easiest silver cleaner for frequent use is a silver polishing cloth purchased in any housefurnishing store, and may be carried in an apron pocket while dusting, to polish in a moment, and pieces of silver on the dressing table.

No. 6—To brighten up an old stove there is nothing better than a can of sapolin or aluminum paint and a 10-cent brush. About four times a year will keep it looking fresh and clean.

No. 7—When washing a sweater do not hang it up to dry, but put into a pillowcase, or lay it on a clean sheet on the grass, and occasionally shake it. It will then keep its shape.

CHAPTER OF EASTERN STAR HOLDS MEETING

The North Atlanta chapter, No. 36, Order of the Eastern Star, held a special school of instruction last night at 7:30 o'clock at their chapter house, corner of Hemphill and West Tenth streets, Mrs. Pickens, worthy matron, presiding. Several matters of importance were taken up.

Held in $200 Bond.

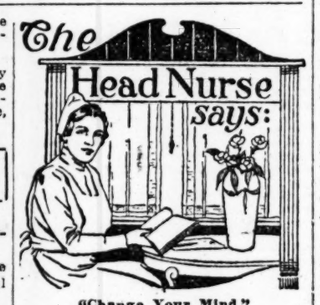
Herbert Ratteray, of Capitol avenue, was held in $200 bond by the police Monday following an auto accident in which he is charged with hitting a young negro girl, Annie Washington, 3 years old, at Georgia avenue and Fraser street Saturday. The child died within a few hours of the accident. It is said that the case will be tried in recorder's court Wednesday afternoon.

Fire Causes Excitement.

A small fire caused by a defective flue in the tailoring establishment of D. Kay & Co., 22½ Whitehall street, caused quite a commotion among shoppers and passersby early Monday afternoon. The blaze was extinguished, practically no damage being done.

ATLANTA A. S. M. E.'S MEET TUESDAY NIGHT

The regular meeting of the Atlanta section of the American Society of Mechanical Engineers will be held Tuesday evening, January 27, at 8 p. m., at Carnegie library. There will be presented a paper on "Oil as a Fuel" by Charles M. Rogers, of New Orleans, La. All interested are cordially invited to be present.



"Change Your Mind."

Not in the sense of being inconsistent, but actually to think along another line is the kind of a change of mind that leads to health. When an overworked or ill member of the family is ordered by the physician to "change his environment" he hopes by this means to change his outlook on life. If the patient is a business man it means he is to leave business cares at home. Then the doctor is really trying to accomplish is a change of habit. If familiar scenes, familiar food or some routine habit has made a rut which is proving dangerous to health, get out of the rut.

Now, by a little stock taking we may be able to change this annoying routine without making an expensive trip and leaving our business to others. If your habit has been a life devoid of relaxation, make up your mind to join a club, learn to dance, buy a phonograph, invite your friends in to supper—get a different social slant. If your habits are sedentary take long hikes. If your reading has been limited buy books and step out of your familiar haunts through the minds of others.

If, on the other hand, society has "worn out to a frazzle," get into touch with nature and spend a little time alone. Perhaps you think you need a visit to a sanitarium or the seaside. Just put yourself on a nice, sensible light diet, give yourself some extra hours of sleep, make some new mental pictures. A little will power in this direction will save you many wasted hours and bring you back to a better state of mind and body. So learn to "change your mind" every day—if necessary.

(Copyright, 1920, for The Constitution.)

SOLDIERS AT FORT ARE BEING "SHOT" WITH FLU SERUM

Men at Fort McPherson are being inoculated with flu serum as a preventive measure. The serum was given at the camp in the fall of 1918 during the flu epidemic and proved successful in reducing cases to a minimum and it is expected that it will prevent a severe outbreak of the disease there this year. A ward at the hospital has been opened for the care of influenza patients. It is reported that there are comparatively few cases at the fort.

Officials of the southern division of the Red Cross are co-operating with small towns in the south in supplying nurses. Chapters of the Red Cross are being instructed in the steps to take in case of outbreaks and it is expected that all of these precautionary measures will be instrumental in keeping the disease from gaining headway.

Old Confederate Veteran Loses $8 To Pickpocket

Pickpockets, it is be thought, are not usually endowed with a large quantity of human feeling, altruism or sympathy. But Atlanta evidently possesses one of that ilk who would be scorned by the majority of his profession.

The ethics of pocket-picking even would dictate against the filching of a good confederate veteran's purse, it seems. Still, William N. Ransom, who is one of the good old heroes living at the Confederate Soldiers' home, had $8 in cash taken from his pocket as he boarded a Soldiers' home trolley car one day last week.

He was boarding the car, he says, when the theft occurred, and he attributes the loss of his purse to the light-fingered action of a man, who he describes as light-haired, about 150 pounds in weight and dressed in a dark suit.

Mr. Ransom says that he hopes the police will be able to apprehend the thief and bring him to justice.

150 HOETL PROPRIETORS ASKED TO VISIT CITY

Secretary Fred Houser, of the Atlanta convention bureau, has sent an invitation to 150 New England hotel proprietors to visit Atlanta on April 3 on their return trip to the east from Miami, where they go for the annual meeting of the Florida Hotel Men's association. The invitation was sent by Mr. Houser to William W. Davis, chairman of the New Englanders' committee on arrangements.

"Cinderella's Daughter"

By HAZEL DEYO BATCHELOR

SYNOPSIS.

Virginia West enters boarding school a shy child, but at the Christmas holidays her mother realizes that the girl has become a woman. Virginia takes her closest friend, Kathleen Foster, home with her. Kathleen is eager for adventure and not too scrupulous about how she enjoys life. The difference between Kathleen and Virginia is just beginning to be shown in their attitude toward men.

CHAPTER XIV.

Forty-Six and Eighteen.

Mrs. West was in bed the next morning, conscious of the fact that she was never at her best until she had bathed, eaten a leisurely breakfast, had a face massage and dressed, when Virginia came into the room like a fresh breeze. She flew to the window and pulled up the shade, letting a stream of pale yellow sunshine flood into the room. Mrs. West blinked in the strong light and said pettishly:

"For heaven's sake, Virginia, pull that shade down again! Don't be such a tomboy."

"I'm sorry, mother, dear; have you a headache?" the girl returned, pulling the shade down half way and then coming around to sit on the edge of the bed. "I wanted to tell you how wonderful it is to be home and I want to ask you a favor."

Mrs. West yawned prettily and viewed her daughter over the edge of the rose-colored comfortable.

"Have you had your breakfast?"

"Long ago."

"Where's Kathleen?"

"Oh, she's somewhere about. Did you have a good time last night?"

"Pretty fair. Hand me my slippers, will you, Virginia? Yes, and that negligee—the one on the chair. What time is it, anyway?"

"Half past 9 and the loveliest day. Mother, I want to have a party while I'm home. May I?"

"I suppose you and Kathleen think you're grown up now and must have regular affairs. Of course, you want to invite boys." She said boys with a little emphasis on the word that was unmistakable. Soothing sirup and nursing bottles were definitely implied.

Virginia laughed. "I want you to meet Jimmy," she said softly.

"Who is Jimmy?"

"A man from Grant college. I wanted to tell you about him last night. I like him."

Virginia sat watching her mother brush out her honey-colored hair before the dressing table, but Mrs. West, viewing her daughter in the glass, realized that there was not the absorption in Virginia's eyes that had been there once. She was different.

"How old is he?"

"Why, I don't know, but he's a senior."

"Has he money?"

"I don't know, mother. But what does it matter?" Virginia flushed at the question—it seemed so disloyal to Jimmy.

"Don't marry a poor man, Virginia. I'll wager your friend Kathleen has some sense about such things."

"I haven't thought of marrying anyone, not for ages," Virginia retorted. "And Kathleen's engaged to a man at college, and he's poor." She strung her words all together. She was childishly hurt at her mother's half-bantering, half-sarcastic attitude.

"So Kathleen is engaged." Mrs. West's tone was even. "To some boy?"

Again that slur at the word "boy." It made Virginia suddenly angry.

"Yes. But she thinks Mr. Allen is wonderful," she flashed.

Mary West did not start, but a sudden little flame burned in her eyes and she was instantly angry with herself. Was she afraid of the power that this girl might have? Was she willing to admit herself jealous of one of Virginia's friends? How small, how utterly ill-bred, and yet that little feeling was there in spite of her effort to crush it out. There had been something wistful in Dick Allen's voice last night when he had spoken of Kathleen, and there was something in that girl's eyes, something alluring, something witch-like, that, plus her youth, must be irresistible to any man.

"Of course you can have a party," she said after a moment's silence. "And I think I'll give a little dinner for you and Kathleen. You must invite this wonderful Jimmy and Kathleen's fiance. I might ask Dick Allen; that would make just six of us. Would you like that?"

"Oh, mother, that would be wonderful. You're sure you won't be bored?"

"Oh, I'll be very nice to this Jimmy." And Mrs. West laughed. She had put herself into a good humor with the idea of this dinner. Altogether it was quite a nice little plan.

Tomorrow—What happened at the dinner.

LOU TELLEGEN ILL; UNABLE TO PLAY ENGAGEMENT HERE

Keen disappointment was expressed by Atlanta theater goers on Monday when it became known that the engagement of Lou Tellegen, the distinguished romantic actor, at the Atlanta theater had been cancelled.

This course was unavoidable when Manager Lewis Haase, of the Atlanta, received a telegram stating that Mr. Tellegen had been taken seriously ill in Jacksonville. Mr. Tellegen's illness was at first thought to be merely a cold and, when it attacked him on Friday night last, the Saturday matinee and night performances at Jacksonville were at first thought the only cancellations necessary. Attending physicians, however, pronounced the illness more severe and when the star took a sudden turn for the worse, the doctors ordered him not to even think of filling an engagement for months to come.

Therefore, the entire balance of Mr. Tellegen's tour, which was solidly booked until next June, was cancelled, and plans were at once made to carry the sufferer to his home in New York.

This sad circumstance leaves the Atlanta theater dark for the first half of the week, as Mr. Tellegen was to have presented his popular new play, "Lust of Gold," here for night performances Monday, Tuesday and Wednesday, with matinee Wednesday. The next engagement at the local theater is that of Emma Bunting, in "Scandal," which comes for the latter part of this week, opening Thursday night.

Manager Haase announced Monday that refunds on tickets already sold for the Tellegen engagement will be made at the Atlanta theater box office daily between the hours of 10 a. m. and 8 p. m.

ROGERS STARTS LECTURE COURSE ON PSYCHOLOGY

That the belief of the Turks that the soldiers who die upon the battlefield go direct to paradise is based upon psychological fact, was the declaration of L. W. Rogers, author and psychologist, who gave the first of a course of five lectures on theosophy and the new psychology last night at Cable hall, speaking on "The Soldier Dead." But there was nothing fantastic about the idea as Mr. Rogers developed it. On the contrary, his paradise was a rather matter-offact heaven constructed from the principles of psychology and the facts gathered by the scientists who are devoted to psychical research.

The reason why the soldier dead are more fortunate than the other dead, according to Mr. Rogers, is because of the sacrifice they have made. Those who give life or limb, or risk them for a principle, and in the interest of the common welfare, build better than they know, he declared, and the dead soldier would make as much evolutionary progress by his sacrifice as could be made by several thousand years of ordinary life.

A point on which Mr. Rogers laid strong emphasis was that the grief of the relatives reacts unfortunately on the one for whom they mourn. "The so-called dead," he said, "are very much more susceptible to emotions than when living in a physical body. We should never think of them as being dead, but merely absent. The lecturer said that as sudden death is painless the soldier does not realize at once that he has passed on, but when he sees that the laws of physical matter no longer work he begins to comprehend. "Then he usually posts off in his astral body to his home," he said, "but no one person in a thousand is sensitive enough to feel the visitor's presence."

Tonight Mr. Rogers will lecture on "Old Souls in New Bodies."

PRISONER ON WAY BACK TO ATLANTA MAKES HIS ESCAPE

After having been arrested last week in Charlevoix, Mich., on a federal warrant charging him with using the government mails to defraud, Charles N. Schaeffer, alias C. M. Shaw, who was being brought to Atlanta to face trial, escaped Sunday from custody of a United States deputy marshal while on an Atlanta-bound train. This information was contained in a telegram received in Atlanta Monday.

Schaeffer had been indicted by the federal grand jury of the northern district of Georgia. It is alleged in the indictment that Schaeffer promoted a swindling scheme in Atlanta, defrauding a citizen of Decatur of $1,000. This occurred the last part of November, 1919, and the indictment was returned on December 16. His arrest came after post-office inspectors had been on his trail for some time. The telegram contained no details as to how the escape was effected, other than to say that he jumped from a window of the train while it was moving rapidly.

Permanent and practical memorials to James Watt, who died a century ago this year, are planned by a number of British scientific and engineering organizations.

PLANNING BOARD FOR CITY WILL BE APPOINTED SOON

Mayor Key announced Monday that the city planning commission of twenty-four members would not be named this afternoon as scheduled owing to the absence from the city of Eugene R. Black, president of the Atlanta Chamber of Commerce, who, together with the mayor and Oscar Mills, chairman of the Fulton county board of commissioners, will appoint the commission. The personnel will be announced upon Mr. Black's return to the city.

Eight members each will be appointed by the mayor, Mr. Black and Mr. Mills. The idea of a city planning commission was fostered by the Atlanta Chamber of Commerce and has the indorsement of the city council and the board of Fulton county commissioners in resolutions passed by the respective bodies.

PLANS OF MILLION-DOLLAR CAMPAIGN WILL BE OUTLINED

Howard L. Hall, executive secretary of the Washington and Lee university endowment fund, is in Atlanta for a two-day stay in the interests of the university fund. He is registered at the Piedmont and will hold conferences with alumni from time to time at his headquarters there.

While he has announced no definite plan of action during the Atlanta campaign it is understood a complete canvass of the city will be made by Mr. Hall and his co-workers later. According to information from Lexington, Va., the location of Washington and Lee university, the campaign Mr. Hall is directing began last October and since that time more than $450,000 has been subscribed to the ever-growing fund for the development of this great southern college.

The objective of the campaign, $1,000,000, is expected to be reached during 1920. A meeting of the Washington and Lee alumni in Atlanta has been called for Wednesday at the Capital City club, when plans for opening of the drive in this vicinity will be worked out.

INDUSTRIAL BOOM FOR PIEDMONT, ALA.

Anniston, Ala., January 26.—(Special.)—An industrial boom of large proportions has struck the town of Piedmont, in the northern part of this county. The town already has one of the largest cotton mills in this part of the state in the Coosa Manufacturing company's plant, and well-organized movements have organized for the establishing of a $75,000 shirt and overall factory, a $100,000 knitting mill, an ice plant, to represent an outlay of $35,000 to $50,000, a cotton ginning plant, to be financed by farmers, and a "white way" on the principal business street.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nauseless, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nauseless calomel tablet called Calotabs, and which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(adv.)

Needs of Greater Atlanta Will Be Discussed Tonight

Oscar Mills, Eugene R. Black, Mayor Key, A. J. Orme and Edwin Johnson Will Be Among the Speakers.

Greater Atlanta, methods to be utilized in its attainment and the needs incorporated in the effort will be discussed tonight at the annual meeting of the Atlanta Convention bureau by Oscar Mills, chairman of the board of county commissioners; President Eugene R. Black, of the Atlanta Chamber of Commerce; Mayor Key and Chairman A. J. Orme, of the council finance committee.

These speakers will address the meeting on the various phases of Atlanta's needs and opportunities, while Edwin F. Johnson will address the meeting on the subject of "Convention Halls."

Guest at Gathering.

A prominent guest at the gathering Tuesday night will be F. M. Williams, president of the Highways Industries association, with headquarters in Washington, D. C. Mr. Williams is also chairman of the federal highway council. He comes to Atlanta through the invitation and suggestion of W. Tom Winn, president of the Georgia Automobile association.

Fred Houser, the secretary of the convention bureau, has arranged a most interesting program for the dinner and meeting Tuesday night, and announces that in addition to the dancing and singing vaudeville acts which will appear, a nineteen-piece orchestra will furnish music for the occasion.

The meeting will be presided over by President F. J. Paxon, of the bureau, who will act as toastmaster.

A recent tabulation of twenty-five important facts of the work of the convention bureau shows the value the organization has been to the city of Atlanta. This condensed report of the work follows:

Convention Facts.

1. Organized March 3, 1913.
2. Had 125 members in 1913.
3. Has 204 members now—wants 300 by 1921.
4. Had $6,953.14 fund in 1913.
5. Spent $12,308.51 in 1919.
6. Ninety-five conventions in 1913.
7. Bureau brought 218 conventions here in 1919.
8. Total number of conventions brought to Atlanta since 1913, 1,176.
9. Sixty-six thousand one hundred and thirty delegates came to Atlanta in 1919.
10. Delegates stayed an average of three days at conventions and spent $8.45 per person for expenses or $25.35 for three days per person attending meetings.
11. Hence $1,686,165 was spent in the "Metropolis of the Southeast" in 1919.
12. It cost $1.14 per person to entertain the visitors while in the city for three days.

Expenses of Bureau.

13. After deducting the expenses of the bureau for the year and a 10 per cent profit made by the hotels a net profit of $1,429,851.79 was brought to the city.
14. Atlanta's 1,500 per cent dividend paying institution—the Atlanta Convention bureau.
15. Issued over 50,000 booklets, postcards, buttons and souvenirs.
16. Have daily publicity in our city papers—Constitution, Georgian and Journal.
17. Run monthly ads in Commercial Fertilizer, Southern Farming and weekly news items in In Atlanta This Week and monthly news items in City Builder and Hotel Bulletin.
18. Have filled another large volume with publicity clippings.
19. Have called the attention to the fact that Atlanta is the "Pinnacle City of the United States," being situated 1,050 feet above sea level.
20. Atlanta is the "Gateway to the South," being its railroad, financial and distribution center for the southeast.
21. New York and Chicago only exceed Atlanta in hotel accommodations, as it has over 151 hotels and restaurants.
22. There are sixty-five conventions booked so far for 1920 and four for 1921.
23. We want to have a convention a day for 1920.
24. The national democratic campaign to be held here in 1924.
25. "Atlanta—the Convention City of Dixie."

BAKER STANDS EXAM. FOR BERRIEN CO. SUPT.

S. J. Baker, superintendent of schools in Berrien county and candidate for re-election at the coming county primary, yesterday stood an examination in the office of State Superintendent M. L. Brittain to determine his eligibility to the office.

The law governing the qualifications of county superintendents was made more stringent by the general assembly last year and a number of present incumbents of the office will be required to stand examinations.

HOW TO KEEP BABY'S NOSE CLEAN AND GERM-FREE

An Item of Greatest Importance In the Care of Children.

As young children do not know how to blow their noses, the secretions accumulate, become impure, unsanitary, irritating and infected with catarrh germs. These germs are inclined to spread to the throat, tonsils, lungs and internal ear tubes and often cause tonsillitis, sore throat, adenoids, pneumonia, earache, and sometimes deafness.

The nose and throat specialists are now recommending that the mother or nurse keep the child's nose and throat clean and germ-free by rubbing a little Eucapine Salve up the nostrils for a cold, or putting a little of it on the back of the tongue for sore throat and tonsillitis. For croup and deep-seated colds Eucapine should be rubbed over the throat as well as in the nostrils. This salve is very mild and pleasant so that the children like it and soon learn to call for it by name and use it for themselves when they need it. It contains eucalyptus, the only non-poisonous germicide for catarrh germs, also wintergreen, camphor, menthol, pinus sylvestris and refined petrolatum, all of which are cleansing, soothing and healing. Eucapine salve may now be had at any well-stocked drug store for half a dollar.—(adv.)

Howell Taken to Birmingham

Fletcher R. Howell, arrested here several days ago, was taken to Birmingham, Ala., Monuday by detectives. Howell is charged with the robbery of a Birmingham pawnshop, where he is alleged to have taken twenty pistols. Detectives also believe he was one of the highwaymen who robbed and murdered Frank Troncill, Greek merchant, in Birmingham last August.

Millions of Germs

Breed in Tooth Film—Keep It Off

All Statements Approved by High Dental Authorities

Film Wrecks the Teeth

THAT slimy film which you feel with your tongue causes most tooth troubles. The tooth brush does not end it. The ordinary tooth paste does not dissolve it. In crevices and elsewhere that film clings. That is why your brushing fails to keep teeth white, free from tartar, clean and safe.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So all these troubles have been increasing despite the wide use of the tooth brush.

Dental science, after years of search, has found a film combatant. Able authorities have amply proved this by careful clinical tests. Leading dentists everywhere now urge its daily use.

The method is embodied in a dentifrice called Pepsodent. And we offer a 10-Day Tube free now to everyone for home tests.

See the Results, Then Decide

The results of Pepsodent are quickly apparent. Some are instant. We ask you to see them—watch them ten days—then decide for yourself about them.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has discovered a harmless, activating method. The inventor has been granted patents by five governments already. It is that invention which makes possible this efficient film combatant.

AMERICANS HELD BY THE BOLSHEVIKI

List of Red Cross Workers Captured by Reds in Siberia—No Official Report Received by Washington.

Vladivostok, January 26.—(By the Associated Press.)—A list of American Red Cross workers captured by the bolsheviki at Kliucinskaya station was received here today. It is as follows: Dr. W. H. Kingston, Oklahoma; Dr. J. N. Medill, Jarosa, Colorado; Pharmacists W. O. Lowe, No. 262 West 77th street, New York city, and E. H. Charette, Stockton, California.

Date of Capture Not Given.

News of the capture of the Red Cross men and of seven American railway engineers was received in consular advices reaching here today. These did not give the date of the capture nor did they make it clear whether the Americans had been captured by supporters of a local uprising against Admiral Kolchak or by bolsheviki advancing from Omsk.

The advices made no mention of any women Red Cross workers. However, American Consul Ray Hansen and twenty others, Red Cross workers and American members of the railway staff, are declared to have escaped and to have reached Irkutsk. The railway men, who included Colonel Blunt, were members of the Stevens commission sent from American to aid in rehabilitating the Trans-Siberian railway.

Prior to today's advices no word had been received of Americans near Kiuchinskaya which is a station on the Trans-Siberian line near Taishet, for nearly a month.

The American consular officials and Red Cross officials here are taking steps to ascertain exactly what forces made the captures and open negotiations for the Americans' release.

To Get Women Out.

All American women and many Red Cross workers are to be evacuated from Siberia on the first available transport, it is announced by Red Cross headquarters here.

Three trains bringing Red Cross workers from outlying points and on their way here, the first due tomorrow, the second has reached Harbin, and the third is at Chita. Included in the three hundred persons aboard the trains are one hundred women.

Volunteers are being recruited among the male Red Cross personnel here to remain at Vladivostok and supervise distribution among civilian refugees of about three million dollars' worth of supplies. They also are to care for about nine hundred children sent here from Petrograd. These children were forwarded from European Russia by committees, by their parents, or by peasants' co-operative societies on account of scarcity of food. The Americans have cared for them ever since they arrived, many months ago.

NO OFFICIAL REPORT FOR WASHINGTON.

Washington, January 26.—No report regarding the capture by the bolshevik forces of a group of American railway engineers and a party of American Red Cross workers at Kiuchinskaya, Siberia, reported in press dispatches from Chita, Siberia, had been received today by the state or war departments or at national headquarters of the Red Cross.

The Colonel Blunt referred to in press dispatches as being captured was believed at the war department to be Frank Roscoe Blunt, of Plano, Ill., a member of the Stevens railway commission.

At the time he joined the Stevens commission Mr. Blunt, who held a commission as major in the engineer reserve corps, was general manager of the Chilean National railways. Previously he had been general superintendent of the Chicago and Great Western road.

At Red Cross headquarters records showed that the Captain Charette referred to as captured probably was Edward Hercules Charette, a pharmacist of Stockton, Cal., who went over with an early detachment. There was no record of a "Miss Ford," also reported captured. It was assumed she had joined the Red Cross staff in Siberia.

BLUNT IN CHARGE OF ENGINEER CORPS.

St. Paul, Minn., January 26.—Colonel Blunt, reported last night in dispatches from Siberia as having been captured by the bolsheviki, with seven other American engineers, several members of the American Red Cross and an entire Polish army, is Lieutenant Colonel Blunt, in charge of the engineer corps on the Trans-Siberian railway, according to Colonel George H. Emerson, of this city, organizer of the American engineering corps in Siberia.

Colonel Emerson could not say where Lieutenant Colonel Blunt came from, but believed he was from the northwest.

Colonel Emerson organized the engineer corps on the Trans-Siberian railway. He left Irkutsk December 10, and was succeeded by Lieutenant Colonel Blunt, whose headquarters were at Klasanarask, 1,600 miles west of Kiuchinskaya. He said when the American engineer corps left this country it consisted of 288 men. Many of them have returned. Most of the corps were railroad employees from the northwest.

"Miss Ford" Probably Dr. Ford.

Muskogee, Okla., January 26.—The American Red Cross worker captured by the bolsheviki reported in advices from Vladivostok as "Dr. W. H. Kinston, Oklahoma," is undoubtedly Dr. W. H. Ford, of Kinston, Okla., Dr. Claude Thompson, secretary of the Oklahoma State Medical society, said tonight. Dr. Ford was, according to latest reports received by the society, a member of a Red Cross expedition in Russia.

Advices from Chita, East Siberia, under date of January 19, reported among other American prisoners taken by the bolsheviki, the capture of "Miss Ford." The cablegram, which came by an intricate route, was garbled, and undoubtedly this name was intended for that of Dr. H. Ford, mentioned in the Muskogee dispatch, as there is no confirmation of any woman being in the party.

Charette From California.

Stockton, Cal., January 26.—Captain Edward Herodes Charette, who is reported as having been captured by bolshevik forces at Kiuchinskaya, Siberia, is a veteran of the Spanish-American war, having served with the Montana volunteers in the Philippines.

MORTUARY

Roert L. Reddick.

Robert L. Reddick, 18 years old, died Sunday night at a private hospital from pneumonia. Mr. Reddick was a resident of Brunswick, Ga., and is survived by his mother. The body was removed to the chapel of H. M. Patterson & Son.

Will C. Miller.

News was received recently of the death of Will C. Miller, a young business man of Macon, who died in New York while on a business trip. His death was a result of influenza which grew into pneumonia. His father, Dr. G. T. Miller, and his widow, formerly Miss Josephine Jones, daughter of Ben L. Jones, arrived at his bedside before he died.

BURNING SHIP SUNK BY GUNS OF U-BOATS

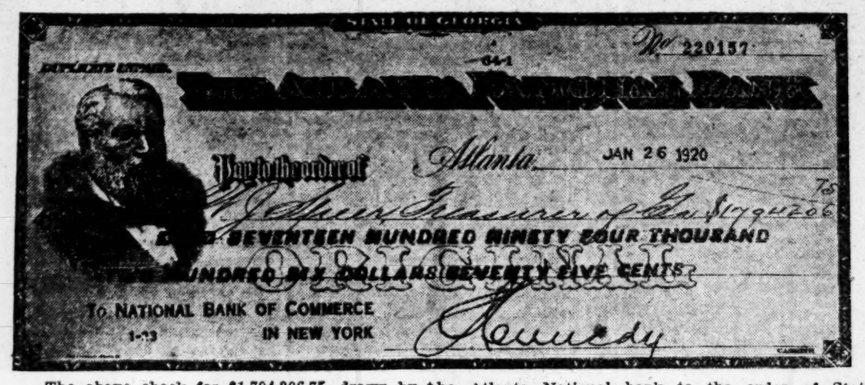
Panama, January 26.—The American shipping board steamer Marne, aboard which an explosion Saturday afternoon caused a fire that ignited the oil bunkers, was sunk today by by fifty-four 3-inch shells fired into her by submarines stationed at Cristobal. The Marne was sunk in 30 feet of water in the outer harbor, where th esteamer was towed by tugs Saturday after the fire got beyond control. Her decks were awash.

At the time of the explosion the Marne was on a voyage from New York to Melbourne with an 8,000-ton cargo of general merchandise.

Attends Red Men's Meeting.

Julius Spier, a merchant tailor of Monroe, Ga., came to Atlanta yesterday afternoon to attend a special meeting of Cherokee tribe, Improved Order of Red Men, at which his son, Joseph Bradfield Spier, 20, was given all three degrees by special dispensation. Mr. Spier Sr., is well known in secret order circles in Atlanta and is a former resident here.

Record Size Check Sent to New York



The above check for $1,794,206.75, drawn by the Atlanta National bank to the order of State Treasurer Speer, is probably the largest single check ever written in Atlanta. It will be paid to the Bankers Trust company, of New York, to retire state school warrants issued by the state of Georgia and held by the trust company.

Independent Phone Association To Hold First Meeting in Dixie

Three Days' Convention Will Be Held in Atlanta, February 4-5-6—More Than 1,000 Companies Will Be Represented.

Meeting in three-day convention session here on February 4, 5 and 6, the Independent Telephone Association of the United States will hold its first gathering in the south, having for the past fifteen years convened in Chicago, the seat of its original organization.

The telephone association comes here as the guest of the eGorgia Independent Telephone association, of which R. L. Stewart, of Atlanta, is the president. More than 1,000 representatives of independently-owned telephone companies throughout the country, most of them being executive officers of the different concerns, will gather in Atlanta for the occasion.

President Will Attend.

The president of the national organization, and one of the most prominent figures who will attend the convention, is F. B. MacKinnon, of Chicago. Mr. MacKinnon was one of the two men chosen to direct the details of government supervision, during the time that the federal government had charge of the telephone communications in the country.

Dr. David Friday, who was selected by Postmaster General Burleson as director general of telephone service during the same period, will also be a noted guest of the convention. In private life Dr. Friday holds the chair of economics in the University of Michigan. His addresses on the topic of systematic telephone operation are expected to be of priceless value to the telephone men who will assemble in Atlant for the convention.

Although independently-owned telephone companies are more prevalent in the west and middle west than in the south and east, about 75 per cent of the states in the union have formed independent telephone associations, and the convention in Atlanta next week will draw visitors to the city from every part of the country.

8,000 Independent Companies.

The various state organizations, it is declared, gather yearly for their conventions to discuss the best methods for co-operation for their mutual welfare. There are more than 8,000 independent telephone companies in the United states, it was stated, who operate 40 per cent of the country's telephones.

In Georgia, 33 per cent of the telephones are sustained by companies independently owned, but the Georgia association was formed only last March. President Stewart, of the state organization, was actively instrumental in forming the state association, and is one of the best known telephone men in the south.

Chief among the features to be discussed at the convention are the best methods of telephone operation, and outlining of new labor-saving devices and plans. It has been said that the telephone industry has been more active in perfecting numerous labor-saving appliances than has any other industry.

Dock Workers to Strike.

Paris, January 26.—The council of the federation of port and dock workers, which met in Paris yesterday, decided to call a 25-hour strike at all Atlantic ports tomorrow, with a view to supporting strikers at the port of L'Orient, Brittany.

R. L. STEWART.

AMUSEMENTS

Superior Vaudeville.

(At B. F. Kieth's Lyric.)

The Monday, Tuesday and Wednesday bill of superior Keith vaudeville at the Lyric opens with a demonstration of western cowboy stunts and closes with a sharp-shooting act. Which shouldn't be taken as any indication that the whole show is made up of powder and smoke and lariat throwing. Quite on the contrary, it is a bill of wide diversity and boasts some choice bits of vaudeville.

There is, for instance, Lester the ventriloquist, a man, seen once, you'll certainly want to see again. Lester is away and by far the leader of ventriloquists who have played Atlanta. He has more different voices, more splendid gags, a greater facility of making his dummy talk, doubtless, than anyone else who has ever appeared here. That is a verdict of a man who has "seen them all." He could easily have held attention and won applause if his stage time had been doubled.

Texas and Walker are the openers with the "Pastime on Three Cross Ranch," an act full of splendid stunts and poor patter.

Harry Mayo comes second as a "Knight of the road," a tramp comedian with a plaint over the demise of John Barleycorn. Harry got a lot of sympathy last night and fifteen minutes of hearty laughter. His particularly clever monologue is by Jimmy Barry.

Third on the bill are Arthur Dunn and Elsie Wheeler, billed—none of the vaudeville fans know why—as the headliners. Lester, the ventriloquist comes next and the show closes with the demonstration of expert marksmanship by the Georgalis Trio, rifle experts whose act is well worth seeing. The usual picture program is offered.

Stafford and Company.

At Loew's Grand.

The usual big crowd was at Loew's Grand Monday afternoon for the first performance, notwithstanding the nasty weather, and those who braved the rain and cold were amply rewarded by the fine bill presented for the first half of the week.

Frank Stafford, appearing in an elaborately staged hunting scene, was the headliner, and his act was a delight to the big crowd. Especially pleasing was his novelty whistling, imitating the birds of the forest, and his comedy stuff created a lot of fun. Stafford, of course, was the star of his company, but honors were evenly divided between himself and his beautiful bird dog, Rex. This dog not only helped to stage a perfect hunting incident, acting his part of "holding" the birds, "flushing" them and retrieving a dead one after the shot, but did many intelligent as well as humorous stunts.

A miniature comic opera, entitled "Hhalf-Past Two," withh fivepretty girls and two good comedians, while scant of plot, was replete with good music and comedy. All the singing in this act is good, and the patter of the blackfaced comedian drew rounds of laughter.

The DeLite Sisters, with a series of pretty songs, attractive costumes and good acting, were given enthusiastic approval. Singing some of the new songs and introducing some comic stuff, they made a distinct hit.

Joe Weston and Grace Eline, who were booked for the afternoon performance, were prevented from putting on the sketch, "The Upper and the Underworld Pair," because of the illness of Miss Eline. Weston, however, rising to the occasion, gave an impomptu singing and comedy act that marked him as a first-rate entertainer. At night Miss Eline was well enough to appear.

Wilfred DuBois showed the audience some novelty juggling, using tennis racqeuts and balls, billiard cues and glasses filled with liquids. His work was of the highest order.

John Cumberland, in the leading role of the "Gay Old Dog," was the picture presentation, and this strong photo-drama proved an exceptionally pleasing feature of the bill.

Emma Bunting in "Scandal."

(Returning to the Atlanta.)

At the Atlanta theater on Thursday night will mark the second appearance in this city this season of Emma Bunting in Cosmo Hamilton's delightful comedy, "Scandal," which created quite a sensation upon its first presentation. The engagement is for three nights and Saturday matinee. "Scandal" has met with unprecedented popularity throughout the south this season and return bookings are the rule in every town and city in which it has played. The same excellent cast will be seen in support of Miss Bunting that appeared before. The management has requested patrons to be in their respective seats at the rise of the first curtain, as otherwise they will not be seated until the first intermission. Seats are now on sale.

Ethel Clayton.

(At the Vaudette.)

Ethel Clayton in "A Sporting Chance" is the headliner of the photoplay bill at the Vaudette today, with an Arbuckle comedy, "At Coney Island," to back up a really powerful and dramatic picture. The pictorial bill changes daily, and there are two vaudeville acts all this week—Lehman and Thachell, in ragtime novelty songs, a brand-new feature in this section; and Mae Reilly, singing comedienne, who made such a hit last week with her late song hits.

BIG DOUBLE BILL AT THE CRITERION PROVES A WINNER

The double bill at the Criterion theater this week, judging by Monday's attendance, is going to be an unusually popular one. Norma Talmadge in a comedy drama, "She Loves and Lies," and Charlie Chaplin in his fourth million-dollar comedy are both at their very best.

"She Loves and Lies" is a lively sério-comedy punctuated here and there with deep emotional moments, in which Miss Talmadge plays in a dual role—a role that gives her the use of three distinct names. These roles give Miss Talmadge unusual play for her versatility and the manner in which she rises to the task is more than gratifying.

Charlie Chaplin as a devoted husband and the father of twins is picturized in his latest comedy, entitled, "A Day's Pleasure."

Showings in eastern cities have brought forth the greatest tributes from critics of any Chaplin comedy ever produced.

Pauline Frederick In "Loves of Letty" At Strand Theater

Rich man, poor man, nobleman—which did Letty take? You may think you know the answer, but you don't—not until you see Pauline Frederick in the charming play by Sir Arthur Wing Pinero, at the Strand all this week. Mostly these plays show the heroine, especially if a poor working girl, spurning wealth and a title for the true heart of the struggling young artist—but what does Letty do? Well, she doesn't spurn—not right off the bat, anyway.

A local film, "The Economic Congress,' 'also is at the Strand this week, introducing Governor Dorsey, Asa G. Candler, and a lot of folks you know in an important meeting over at the capitol.

Sessue Hayakawa At the Tudor Theater In "The Tong Man"

It's mighty hard to beat straight melodrama, after all. "The Tong Man," starring Sessue Hayakawa, proved that Monday at the Tudor Theater, when every man and woman who saw the picture praised it as a corking good thriller such as comes to Atlanta only too seldom.

"The Tong Man" is a tale of San Francisco's Chinatown, with Hayakawa in the part of the hatchetman of the tong. A hatchetman, be it known, is the chap who draws the assignment of beheading the tong's enemies. They call it "the blood-call" and woe be to him if he fails to "get" his man after the victim has been picked. The tong will "get" him.

Hayakawa proves the exception but only after a series of exciting battles, chases and narrow escapes in which hatchets whirl through the air, pistols pop, daggers strike to the heart and lovers cling in each other's arms on giddy fire escapes and in the bosoms of heathen gods.

Sessue is supreme in this role. Atlanta has seen him as an Oriental prince, as an Americanized Jap, in every sort of a role. But never was he better than as the hatchetman, a sinister mixture of savage, daredevil and "perfect lover," with pretty Helen Eddy, a beauty, as his co-star.

Some of the scenes of "The Tong Man" are truly striking. It is said a genuine tong society's fitting were used for the scene in the secret chamber, where Hayakawa is brought to bay by his enemies. The twisty streets of Chinatown, the opium dens, the resorts of the underworld—all are wonderfully realistic.

"The Tong Man" will be at the Tudor all this week. Next week's feature at the Tudor will be Henry B. Walthall in "The Long Arm of Mannister."

WARWICK APPEARING AT FORSYTH THEATER

They both had sinned, and—contrary to rule—it was the man who paid. Now the woman—a wicked woman if there ever was one—was trying to destroy the one real, pure love of his life. Did she succeed ? It is true that it was not a serpent that did the damage in the Garden of Eden, but a beautiful woman, Lilith, the demon wife of Adam before Eve was created?

These questions are considered in a remarkable photoplay, "The Tree of Knowledge," starring Major Robert Warwick today and Wednesday at the Forsyth theater, after a brilliant opening Monday, in spite of the weather. The drama itself is opened by an unique prologue, in which the Eden business is treated in a daring manner. The ensuing play is one of the best that has been turned out under the famous Paramount-Artcraft brand.

A roaring comedy, "Lovesick at Sea," and a Gaumont News are on the same bill.

Nazimova Thrills in "Stronger Than Death" This Week at Rialto

Nazimova, the wonderful Russian actress, conquered the weather yesterday and achieved a remarkable feat on the opening day of "Stronger Than Death" at the Rialto by attracting crowds that crowded the theater at every performance.

Fortunately, the play was of a distinctly warming type, besides being located in India, that country of brilliant, blazing heat and hot passions and mysterious gods.

In the role of a famous dancer, retired from the stage and frankly seeking a rich husband, Nazimova finds instead real love in a heroic medical officer battling with cholera in a native village— and at the peril of her life saves a big cantonment from a massacre in one of the most dramatic scenes ever screened, when she dances in the white moonlight in the court of an old temple, before thousands of natives who take her to be a goddess, and delay their massacre while she dances before them.

And yet Sigrid, the dancer, is married to a rich man—and one of the worst villians you ever saw, after meeting the man she really loves. In order to straighten out this fearful tangle, a lifetime of stress and tragic action are compressed into a short half-hour of the drama—and you realize to the full the tremendous art of this great actress. "Stronger Than Death" surely is her greatest play—a Metro production, lavishly presented, with a musical setting by Wood's Rialto orchestra under the direction of Walter Sheets.

A remarkable Paramount Scenic Special is shown also, "A Wonder Spa in the Swiss Alps," with some truly gorgeous scenery and one of the oldest villages in all the world.

DIXIE HAYNES DEALERS REACH CHICAGO TODAY

Cincinnati, Ohio, January 26.—(Special.)—The special car of fifty Dixie Haynes dealers and others which left Atlanta Sunday afternoon missed connections in Cincinnati, but reached Indianapolis in time to have dinner and a theater party as guests of Charles W. Tway, Haynes distributor for eleven southern states.

The party expects to reach Chicago Tuesday at 7 a. m., instead of Monday at 1:30, as originally intendde. This unexpected delay prevented the party from attending the National Automobile Dealers' association banquet and frolic, but a full program has been arranged for each evening the party remains in Chicago.

Returning, the party will stop five hours in Kokomo, Ind., for a tour of the plant and offices of the Haynes factory. If connections are made on the return trip, the party will reach Atlanta Saturday evening. The weather conditions are ideal. The heavy sleet storm in Kentucky, which disrupted railroad and telegraph service, has broken and is fast thawing out.

"Oh, Charley, have you half a minute to spare?"

"Yes. But only half a minute, my dear."

RUN-DOWN NERVES AND WEAKNESS

Georgia Lady Praises ZIRON Iron Tonic as a Good Remedy for These Troubles.

The use of Ziron, the new iron tonic, greatly benefited Mrs. Linnie Riner, of Kite, Ga. It has also benefited hundreds of others, men and women, young and old, and they have expressed their gratitude in statements very similar to hers.

Mrs. Riner says: "Ziron has proven a wonderful medicine to me. I have taken three bottles and can say they were worth their weight in gold to me. I had been going down for a long time. I had tried many medicines but they did me very little good. I cannot say enough for Ziron, as a remedy for indigestion, run-down nerves and weakness."

It is quite natural to suppose that Ziron will help you, too, if your nerves are run-down, if you suffer from weakness, indigestion and similar ills.

Ziron is a combination of pure, medicinal iron, combined with phosphorus, the active principle of nux vomica and the hypophosphites of lime and soda. It is indicated for anemia, poor blood, general debility, etc.

Try Ziron today, on our money-back guarantee plan.—(adv.) ZN22

Your Blood Needs ZIRON

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No griping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 10c and 25c a box.

Biliousness

Permanently relieved without sickening. One Pill at night will do the work

RAMON'S LIVER PILLS

Lowe's

Made for three things

Looks—Protection—Lastingness

You can't tell by looking into a can of paint, how it's going to look when the painting is done. Neither can you tell whether it will protect your building the way you want it protected. And surely you can't tell whether it will have lastingness.

There is only one way to tell about any of the three; and that way is by a paint's reputation. Lowe Brothers have a reputation for making paints of the highest quality. It's like buying Gold Medal Flour—you know it's good, because it always has been good. With exactly the same confidence you can buy any paint or varnish Lowe Brothers make. They are sold by the one leading dealer in each town.

Send for circular—"Figure Your Paint Cost with a Brush —Not a Pencil."

RELIEVES COLD AFTER FIRST DOSE

Cheney's Expectorant Also Advised for Croup, Whooping Cough. Clears Your Head and Throat.

Relief comes at once when you take Cheney's Expectorant. It soothes the lining of the throat, stops that tickling sensation and a few more doses breaks up the worst kind of a cold. Cheney's Expectorant has been the standard remedy for years for croup and whooping cough. Nothing else gives such prompt relief and comfort. Don't continue to wheeze and continue with a stuffed-up nose or head when Cheney's Expectorant will so easily cure you. It will stop headaches from colds, feverishness, sneezing, soreness and stiffness.—(adv.)

After Eating Play Safe

It Is a Wise Precaution to Take a Stuart's Dyspepsia Tablet After Eating to Avoid Gas, Sour Risings, Heaviness and the Lazy, Logy Feeling So Apt To Follow.

The range of food is so great, its preparation varies so widely, that

"Now It's Back to Work and No Chance for Indigestion with These Stuart's Dyspepsia Tablets."

few stomachs are strong enough to grapple with all conditions of restaurants, hotels, clubs, depots and banquets. The safe plan is to be provided with Stuart's Dyspepsia Tablets, that you may eat rich and palatable food served or selected and not be troubled with gas, sour risings or such forms of indigestion. These tablets digest food, they assist the stomach secretions and for this reason people who travel away from home and must eat as it is served may play safe by taking one or two Stuart's Dyspepsia Tablets after each meal.

You can get these tablets in any drug store anywhere in the United States or Canada, which shows in what general favor they are among those who have learned how to enjoy their meals.—(adv.)

Special Sale
Boys' Overcoats
$8.35

Offering exceptional values for boys aged 2½ to 12 years

Good news for the boy who needs an overcoat—a chance to secure one that will be good for several seasons at a price that is away below the market.

These are medium and heavy weight overcoats of good quality and style, and such garments as you have never seen at anything near the price. But we need room for spring goods and just now space has become of more importance than profit, so we've placed a price on them that should move them quickly.

The lot consists of double breast belted models with military or convertible collars and plain or strap sleeves, made of fancy mixtures, tweed and homespun effects, in bright or subdued colors.

WHITE CLOVERINE SALVE

Always Use for Burns

NOTHING is better to instantly relieve the pain and sting of burns or scalds than White Cloverine Salve, which has been on the market for twenty-five years.

Its healing virtues hasten a new growth of skin and White Cloverine Salve should be kept handy for all similar emergencies.

It is highly recommended for Burns, Piles, Tetter, Eczema, Ulcers, Dandruff, Sunburn, Catarrh, Chafes, Ivy Poisoning, Sore Throat, Chapped Hands and Lips, etc.

Such a meritorious article, of established reputation, and having so many uses by the family, should be kept in the home constantly.

Ask your druggist for a box today. If he is sold out, then we will gladly send you a box, prepaid, upon receipt of 25c.

DISCOVERED BY A PHYSICIAN OF FIFTY YEARS' PRACTISE
MILLIONS OF BOXES USED ANNUALLY IN AMERICAN HOMES
WILSON CHEMICAL CO. Tyrone, Pa.

Baldness Conquered

A veteran business man, who was almost completely bald and had tried tonics, lotions, shampoos, etc., in vain, came across an Indians' elixir by which he grew a complete crop of healthy hair he now possesses. The hair elixir is called "KOTALKO." Others—men and women—have reported remarkable aid to hair growth, relief from dandruff, cessation of falling hair by using Kotalko.

When Bald

In a vast number of cases, when hair falls out, the roots are not dead, but remain for some time imbedded in the scalp, like seeds or bulbs, needing only fertility. The usual hair tonics, etc., are of no avail. The Indians' method is purposed to nourish the hair and stimulate the growth. It costs so little to try Kotalko it would be a pity to lose the boon which this might bring to you.

Wonderful results reported. For men's, women's and children's hair. If you are bald or losing hair, or have dandruff, you should try KOTALKO; it may be what's needful for your scalp and in such case it is a pleasure to observe the starting of new hair and its steady increase until prolific growth. You may obtain a full box of genuine at any busy drug store. Or a proof box will be mailed if you send 10 cents, silver or stamps, to John Hart Brittain, Station F., New York, N. Y.—(adv.)

Hair Grown

PUBLIC SALE

WEDNESDAY, JAN. 28, 1920

There will be sold to the highest bidder for cash on the above date at Public Auction, the following stock of goods, consisting of Shoes, Hats, Dress Goods, Overalls, Work Shirts, and general line of Merchandise, Store Fixtures, Safe, Desk, Adding Machine, Etc.

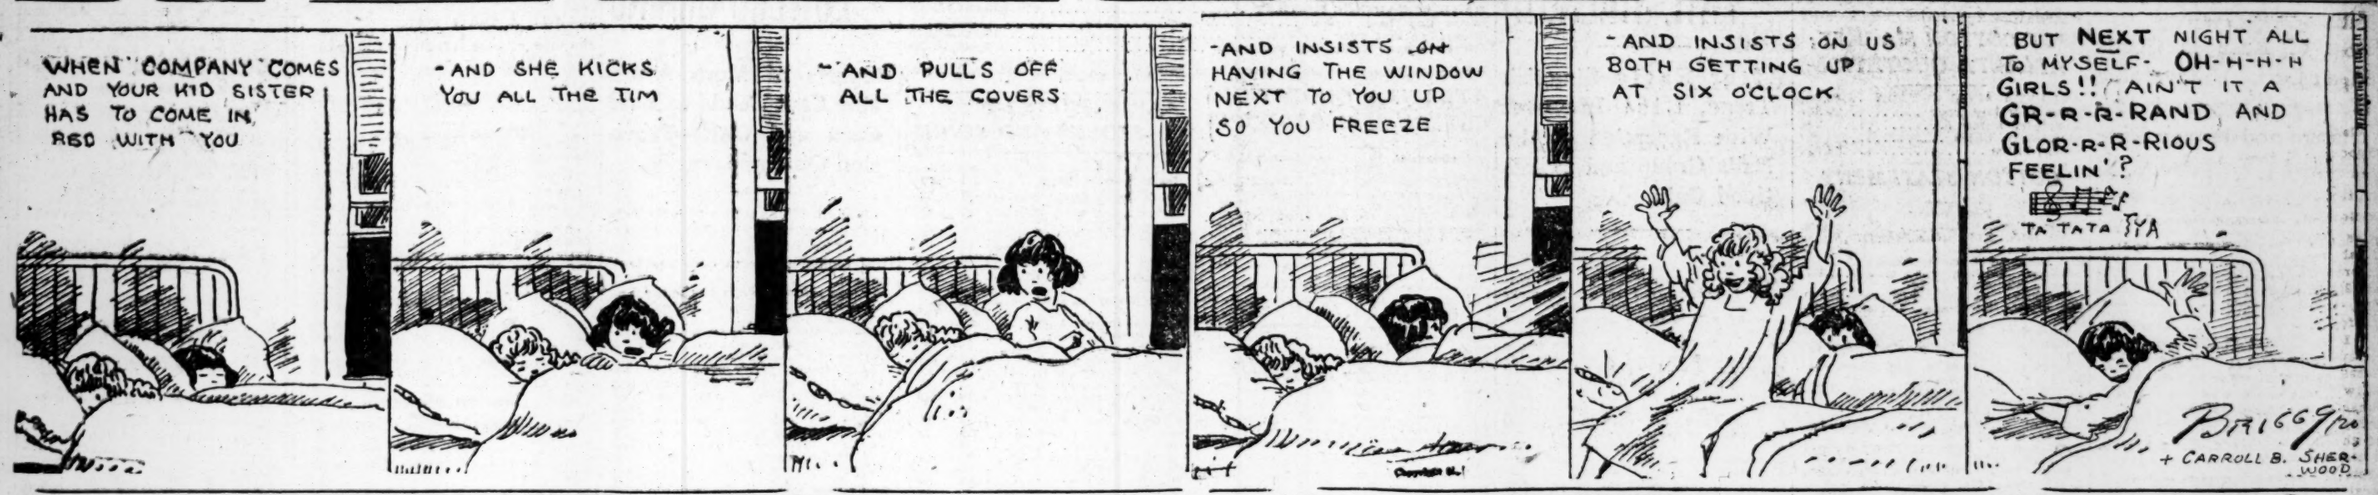
AIN'T IT A GRAND AND GLORIOUS FEELIN'? : : : : : : : : : : : : : : : : : : By Briggs



Special Cage Court Planned for Tourney

National Amateur Events Will Be Contested on Stage Erected in Auditorium, According to Chairman Doonan's Idea.

By Les Rawlings.

Plans for the big national amateur basketball championship tournament, to be held in Atlanta in March, went further toward completion Monday when Chairman Al Doonan, of the Atlanta Athletic club committee, submitted an architect's drawing of a proposed $3,400 court, which is to be erected at the city Auditorium, to provide a regulation floor for the contests to be played upon.

Chairman Doonan is enthusiastic over the way the teams of the country are either entering their names in the tournament or writing for particulars, and, from present indications, he states that this year's meet will be one of the greatest of the kind ever held in the United States.

Mr. Doonan has so far received letters of inquiry from teams in Los Angeles, Tampa, Houston, Meridian, Charlotte and Chicago, which shows the widespread interest which is being taken in the big event.

Elimination Games Planned.

In the middle west the fastest teams of that section are to stage an elimination tournament for the event and the four teams weathering the storm of that contest will be sent to Atlanta to enter the national event.

It begins to look as if the tourney is going to have by far the biggest number of teams ever recorded, according to Chairman Doonan, and for that reason, arrangements are being made this far in advance of the actual month of the tournament to take care of a larger entry list than was at first expected.

In a recent letter from the Los Angeles team, 1919 national champions, the manager writes that the quintet is stronger this season than it has been during the past and is built around a nucleus of four players who have been together on the same floor for nine years.

Streit, Jr., of the Birmingham athletic club, who is a member of the National Amateur Athletic union and was instrumental in staging the basketball tournament here at Atlanta, was a visitor in the city Monday and was seen at the athletic club by the sporting editor Monday afternoon.

Streit Is Optimistic.

Mr. Streit stated that in his opinion the basketball championship is going to be one of the greatest ever held in the country and inasmuch as this is the first time an event of the kind has ever been held in the south he states that every southern city is interested and ready to do everything possible to have a successful tournament.

Mr. Streit says the Birmingham boys are going to be out for Atlanta's scalp in the coming battle between those two teams and promises the Atlanta supporters of Joe Bean's boys that they will have to get up and hump to come out of the scrap victorious.

This year's Birmingham team is composed of Chisholm, Floyd and Nelson, three new men, who have been showing up well with Gillen, Laughinghouse, Latham and "Red" Jones, from former outfits.

Chisholm and Nelson have been alternating at center, while Floyd, who will be remembered as Auburn's star, has put up a great game at forward. "Red" Jones is also an Auburn man and has been playing a great game for the B. A. C. Gillem, Laughinghouse and Latham are known by the Atlanta players to be star guards.

Stanford University Enters Application For Olympic Trials

New York, January 26.—Stanford university today entered the field as a candidate for the staging of the Pacific coast Olympic games trials, competing in this respect with Pasadena for the honor of holding the initial try-outs preliminary to the formation of the United States team for the Antwerp Internationals. The application was received here by Secretary F. W. Rubien, of the American Olympic committee, from H. Wilfred Maloney, Stanford university track coach, who also was coach and captain of the American team in the inter-allied games held in France last year. The invitation will be considered by the American Olympic committee, as well as a previous suggestion from Maloney that a Rugby football team, selected from among the students of Stanford and California universities, be entered to represent this country in this department of the Olympic games. It is understood that the committee is inclined to favor the entry of such a team, provided a way can be found to finance the trip of the football players without drawing too heavily on funds to be provided for the sending of the track and field teams to Antwerp late in July.

Ollie O'Mara Third.

Chicago, January 26.—Tim Hendryx, of Jacksonville, Fla., whose services have been sought in the major leagues, batted his way to the top of the heap in the American association last fygar, with an average of .368, while Wilbur Good, of Kansas City, pulled up in second place with .349, according to the official averages made public today.

Ollie O'Mara, the Indianapolis third baseman, was third, with an average of .340. Hendryx played with Louisville and formerly was a Southern Association star.

Elmer Miller, the star of the St. Paul outfield, for whom the Cincinnati Nationals offered $12,500 and two players, led the home run hitters with 15.

Reds Get Badges.

Cincinnati, Ohio, January 26.—The Cincinnati Nationals today received their world baseball championship buttons awarded by the national baseball commission.

The buttons, which are to be worn on the coat lapel, are about the size of a quarter, the rim being a wreath. Within the wreath is a miniature baseball diamond, in which is set a diamond. Encircling the gem is the inscription, "World Champions, 1919." It is made of old Roman gold.

Atlanta Plays Morehouse.

The Morehouse College and Atlanta University colored basketball teams will clash in the initial game of their season at the Auditorium tonight at 8 o'clock following several weeks of hard practice put in by both outfits. Inasmuch as this is the initial game of the season and the teams are evenly matched a hot fight is expected to be witnessed by a record crowd.

PEACOCK DEFEATS TECH HIGH, 26-15

Junior Jackets Vanquished in Hard-Fought Battle on the Athletic Club Court Monday Before Record Crowd.

By Roy E. White.

The Junior Jacket basketball five met defeat at the hands of the Peacock "Bluebirds" Monday afternoon on the Atlanta Athletic club court by a score of 26 to 15. The game was witnessed by an unusually large crowd of prep fans. Many old Tech High players were also on hand to see the game.

Captain Green Warren was missing on the Tech High lineup when Referee Anderson blew the whistle, due to sickness. Green has been under the care of a physician since the G. M. A. game and will not be able to play for several days yet.

The game started off with a rush and Peacock was leading in the rush, and for a while it looked as if it would be a runaway affair for the "Bluebirds," but Stewart, of Tech High, came to the rescue and scored several goals. When the first half of the contest was over the score was 15 to 7, with Peacock on the leading end.

Things changed considerably in the last half, for Peacock only made 11 points to 8 for Tech High in this half.

In the first half it was a case of too much Peacock, for the ball was in their territory nearly all the time, but the eyes of the Peacock forwards were considerably off. Laird seemed blind at times, for he had several dozen shots that went wild, but as the game progressed he progressed also, and by the time that the first half was over Laird was going like a race horse over the court.

Dodee Sparks, of Peacock, was shifted to guard for the contest and Doane did some good guarding and also shot some pretty field goals. Mooty, a mate of Sparks, also shot several goals from the guard position.

For the losers the work of Stewart was by far the best, with DiChristina and Saunders running a close second.

The passing of the Tech High team was miserable ata times and fair at others, but during the last half the Tech High team played a much better game than during the first half.

Peacock, on the other hand, passed almost perfectly, for it seemed that every pass went into the waiting hands of some of the forwards.

The lineup of the teams was as follows:

Peacock (26.)	Pos.	Tech High (15.)
Owens (4)	L.F.	Stewart (6)
Laird (12)	R.F.	Sylvester (2)
Venable	C.	Williams (2)
Sparks (4)	R.G.	DiChristina
Mooty (6)	L.G.	Wright

Referee—Anderson (Ogle).
Umpire—Thomas.
Timekeepers—Doyal and Staton.
Substitutes—For Peacock, Yeager; for Tech High, Nabelle, Saunders (2).

Eddie Says Luck Has Turned Down His Every Chance

Eddie Hanlon, the popular local battler, takes the cake for being the unluckiest scrapper under the sun. Since coming back to his native heath some time ago he has been matched three times as as yet nary a fight has he been engaged in.

When first arriving here he was matched with Battling Budd, the popular local boy, but for some reason unbeknownst to the local fight followers the fight was called off.

Then shortly after this Eddie was matched with Larry Avera, one of Walk Miller's boys, but when Walk suddenly remembered that Avera was matched to fight Herring on the night set for the Hanlon boy, the latter was left in the lurch again.

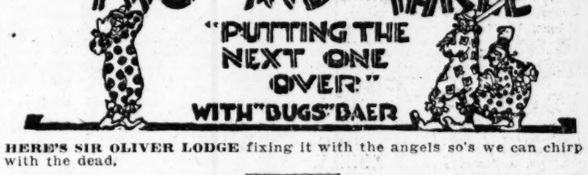
Following close on the heels of the supposed Avera fight it was announced that Hanlon would hook up with Jack Denham, also under the tutelage of Walk Miller. Now today, without any warning, the Denham fight has been cancelled, seemingly without any reason, and Hanlon is left up in the air again.

Although he is not actively fighting, the local welter is by no means idle. He has gotten in touch with Jack Britton's manager in an effort to bring the champion here to meet him some time in the near future. Eddie is confident that he can wrest the welter crown from the brow of Jack Britton, and bases his conviction on the fact that "he made Britton quit in the seventh round at Savannah some years ago."

Eddie says that he has boxed with Jack several times and says that he thinks he has his number. Anyway, the fight should be an interesting one.

Hanlon avers that while he was up east he fought seven fights and that he came out victorious in all of them. He also said that since he last fought here he has improved at least 50 per cent. He says he has learned a great deal of the boxing game and that he still packs the old trip-hammer punch.

If the Britton-Hanlon bout comes off it will probably take place on the night of February 10, the place to be announced later.



HERE'S SIR OLIVER LODGE fixing it with the angels so's we can chirp with the dead.

IF SIR OLIVER packs that much influence under his belt, mebbe he can fix it with the Bell Telephone so's we can talk with the living.

THIS MIGHT BE ASKING too much. While Oliver has succeeded in gossiping with spooks, shades and nimble ghosts, his experiments haven't been successful enough to aggravate the belief that Oliver can buzz with anybody over a New York telephone.

HOWEVER, HE CHIRPS THAT the chasm between the terrestrial and the celestial is not real, and can be bridged with the aid of unlimited confidence and a hat full of nickels. The beyond is merely screened from earthly senses, and the science of the future will enable many to reach the point of communication between ourselves and the vague shadows on the numb end of a telephone wire. But even so trifling a thing as a chat with a haloed subscriber hypes us up with the hope that, some day, Oliver may perfect the industry and establish communication between two subjects separated by a mile of telephone wire and three billion miles of service.

OLIVER PLANTS HIS DOPE on the supposition that the ether is peopled with celestial suburbanites. Ether is a medium which fills all space through which radiant energy may be transmitted by transverse wave motion. If the trained nurse won't give you a case of ouija board seasickness you don't have to take the ether, which is the usual means of grabbing a souse before all telephone calls and other major operations.

ETHER IS ALSO A MEDIUM used by second-hand automobile gypsies, who pack the gas tank with it, thus sustaining communication between a live spark and a dead engine. Mixed with red raisins and wood alcohol, it makes a fine stirrup cup that enables the user to investigate communications with the dead in person.

AS OLIVER HAS NEVER been buried alive in a New York telephone booth, nor tried to establish a jitney communication with a Flushing spirit through the medium of an etherized central, we rise to squawk that Oliver's experiments with the worlds beyond are merely in their infancy. Infancy being a period packed with colic, eczema, teething and insomnia. All four of which served as counter-irritants and stimulants while waiting for central to park her chewing gum on the door knob and assume her usual place in the overshadowing telephone crime as a witness for the defense.

WHILE SIR LODGE is no relation to Henry Cabot Lodge, the senator from Massachusetts, Hank is busy etherizing the League of Nations into a condition which will give England's foremost physic traveling salesman more territory to cover with his telephone samples. If Oliver can establish communication with the departed league, he will be doing Woodrow a robust favor. The Washington branch of the Weejee Board Cable Service has failed in all its efforts to do that little thing. Sir Oliver might also bring along his dancing table and assist the present grand jury in deciphering the mysterious thumps being registered by the Overshadowing Crime.

IF THE DISTINGUISHED limejuicer brings a new celestial world to light, we move that Bill Bryan be appointed the first Ambassador from America, minus the option of resigning.

When the Queen of Holland fell in love with the Kaiser and rudely told the Allies that there wasn't a chance of his nibs being extradited for a little session with a world court, she didn't know it but she started something which may bring on more and more talk.

At present the civilized world is wondering how she gets that way, while Germany is secretly laughing up her sleeve and planning for Wilhelm to come back to bat in 1930, wagging the Crownless Prince, as Bugs Baer says, behind.

Germany's present rulers are kicking because a cartoonist presented them in the likenesses of a chameleon and wild boar. It's a good thing they can't read thoughts.

Several members of the Darktown elite were near that hearse Sunday afternoon when its occupant jumped up and ran after starting on what was supposed to be his last ride. They haven't been found yet.

J. Hume McDonald maintains that he is going to present an all-star bill for the enjoyment of Atlanta's fight fans Thursday night in spite of the weather and other things and the fact that J. Hume promises an all-star event will make it that.

Vanderbilt comes to the Auditorium to battle Tech's Yellow Jackets Friday night and local fans are looking for one of the most hotly contested battles to be staged on an Atlanta court this season.

To begin with, Vandy is out to get revenge against Tech for certain other games, played not so long ago, and the Commodores are said to have just about as good a college outfit as any in the south this year.

On top of these facts there are to be several Vandy supporters there, among them M. Blake, and the Nashville crowd has promised to root like mad for their favorites.

The Vandy-Tech contest should be easily the hardest-fought college game of the season.

You've got to hand it to Coach Alexander and Tech.

Up until time for the season to actually commence, the Techsters didn't know whether they would have a cage crew or not, and then starting in at the last minute they were forced to put up with all kinds of makeshift arrangements, with no regular place to practice and lots of trouble because their court was an outdoor one and the weather was bad.

In spite of all those things Tech has put out a fair team and one which is going to hold its own with the other college outfits of the south, which is a pretty good record at that.

Frank Anderson's Oglethorpe Petrels are thinking of things baseball, and it will be a job to keep the Silver Lake lads off the diamond before warm weather sets in if the coach doesn't look out. The fact that the Petrels haven't had a basketball team this year is going to make them come back to sports with all the more of a rush when the national pastime date rolls around.

If the national amateur basketball tournament should throw Tech and Georgia together in a game here during that March championship session things might be different.

MARIST DEFEATS COMMERCIAL HIGH

Joe Bean's Charges Overwhelms High School Lads 26 to 6.

Coach Joe Beans' Marist basketball team defeated the Commercial High five Monday afternoon on the Commercial High court by an overwhelming score of 26 to 6.

The court was packed with students from both schools and playing was hindered a bit by the crowd on each side of the court. The posts in the center of the court also hindered the playing.

The begin with, the Marist team played good basketball from beginning to end and their passing was noticeable all through the contest. Captain Safarrans led in the passing, while Holliday was also in the running. These two men played the floor in fine style and deserve much praise for the victory. Palmer, at center, and Golden, at forward, also played a good game for the Marist five.

For Commercial High the work of Captain Balser and Welch was probably the best, while Goldstein ran a close second. Commercial High showed more fight in the last half of the game than they did during the early stages.

G. M. A. GAME OFF

Rain Postpones Cadet-Fulton High Battle.

The game between Fulton High and G. M. A., which was to have been played Monday afternoon, was postponed indefinitely, due to weather conditions.

Both teams were anxious to meet, but the Peacock court was in no condition to play on Monday afternoon.

The game will have to be played some time before the season closes and it is possible that the game will be played next week.

Were Vanderbilt and Tech to meet in a game of ping-pong, all indications would point to a spirited affair, but when the two ancient rivals tie up in a contest that offers as many thrills as a basketball and-tuck affair from start to finish.

Tech-Vandy Battle Is Season's Classic

Harvard Will Enter English Henley Race If Date Is Changed

Cambridge, Mass., January 26.—An informal request has been sent to England that the English Henley regatta be held a week later than planned, so that Harvard university may send a crew to defend and Yale, possibly to challenge for the grand challenge cup, it was learned today. The request was contained in a letter from a man closely in touch with Harvard rowing and was addressed to an English rowing enthusiast, whose interests are associated with the Henley stewards.

It was pointed out that with the regatta to begin June 30, Harvard, which holds the cup through the victory of its crew in the last grand challenge race, could not defend, because there would be no time to send a crew to England after the Yale-Harvard regatta at New London, June 25. Yale, according to the letter, is considering the matter of challenging for the cup, but would be similarly affected.

The Union Boat club, of this city, is engaged in the development of a crew of former varsity oarsmen with a view to being represented at the English Henley.

YOUNG FITZSIMMONS DEFEATS EDDIE WEST

Jersey City, January 26.—Young Bob Fitzsimmons, son of the former world's heavyweight champion, scored a decisive victory tonight in his second appearance in the ring. His opponent, Eddie West, of Newark, quit in the seventh round of an eight-round match after receiving a continual rain of blows from the start of the bout. Fitzsimmons weighed 171 pounds and West 163.

Young Bob engaged in his first real contest almost thirty years from the date his famous father won the middleweight title from Jack Dempsey, the "nonpariel." The young fighter resembled the former champion in the face and by his clever footwork but the similarity did not go as far as his punches, which lacked force.

Fitzsimmons, who was in splendid condition, forced the fighting at a terrific pace and sent in blows so quickly that West did not get a chance to start a good punch, retiring mainly on wild swings. These were easily blocked or dodged. Although Fitzsimmons did not use his right with effect until the sixth round, the referee showed an inclination in the fifth to halt the contest as West was somewhat groggy. West protested and the bout went on to the seventh, when West retired. The loser's left eye was closed after the third round from hard left jabs and hooks.

Gene Tunney, of New York, light-heavyweight champion of the A. E. F., knocked out Jim Monoghan, of New York, in the first round in two minutes and fifty seconds. Each weighed 175 pounds.

Bob Martin Beaten.

Cleveland, Ohio, January 26.—Sergeant Ray Smith, of Camden, N. J., outpointed Bob Martin, of Akron, Ohio, A. E. F. champion, in a slashing 10-round boxing bout here tonight, winning the newspaper and ringside critics' decision.

Smith won five rounds, Martin three, and two were even. Each boxer scored a clean knockdown.

Friday Night Game Between Ancient Rivals Is Looked Forward to as Best College Contest of Atlanta Season.

By Keller Melton.

When Georgia Tech and Vanderbilt meet next Friday night at the Auditorium-Armory, basketball fans of this city are in for a rare treat. Early in the season dope pointed to an easy victory for Vandy, but Tech has been coming to the front in such rapid strides that at present it looks as though the battle will be a nip-game does, then it's sure to be interesting, to say the least.

The appearance of "Josh" Cody, of football renown, in the Vandy line-up, is enough to insure the fact that the Commodores are putting out a good team this year. Cody is one of the best all-around athletes in the south, and is almost as good a basketballer as he is a footballer, and that is saying a lot.

This will be the first time that Tech and Vanderbilt have ever tied up in a cage game, although they have been meeting each other for many years past in both baseball and football.

Vanderbilt has nearly as many supporters in Atlanta as has Tech. This fact was proven by the great number of supporters that turned out to see the two institutions meet that fall on the gridiron. This fact, coupled with the additional information that this is the last time this year that Tech will play another college team on the Auditorium court, indicate that the largest crowd of the year will be on hand to witness the fray. True the Jackets meet Stetson the following week-end in Atlanta, but this game will be played at the city Y. M. C. A., so the game next Friday night with Vandy will be the last chance that the general public will get to see an intercollegiate basketball game in Atlanta.

Although Tech overwhelmingly defeated the fast Clemson quintet on Saturday night, Coach Alexander would give his proteges no rest and had them hard at it Monday at noon at the Y. M. C. A. court.

The Jackets have a hard week-end ahead of them, and Coach Alex is going to drive the squad this week in order to have everything in readiness for the game with Vandy. This game in itself would be quite an undertaking, but then Tech plays the Rome Athletic club in Rome on Saturday night, and these two games will more than keep the Gold and White quintet busy this week.

Handicap Dates Set.

New York, January 26.—The Grand American handicap tournament of the American Trapshooting association will be held in Cleveland, August 23-28, it was announced here tonight by Stoney McLinn, secretary-manager of the association. Trapshooters from all sections of the United States and country provinces of Canada will participate in the contests.

Old Gregory has *Driving Power*

Sixty-five years old, but still keen and active, a power in business and among friends. What is at the back of his "drive"?

It's *health*—lungs sound, blood pressure normal. And back of his health are regular habits—proper elimination.

Yes, it's largely the habit of regular bowel evacuation that keeps "old man Gregory" young. The poisons of constipation effect more distinctive changes in the body than perhaps any other cause. Keep your system free of these poisons by habitual, daily movements.

If you have difficulty in cultivating this habit, remember that by an *entirely new principle* Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol *prevents* constipation by keeping the food waste soft, thus helping nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

THE "BLUES" Caused by Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Nor is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloat, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings, oh! such quick relief from your stomach miseries—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvelously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

Dec.	29.48	29.39	29.37	29.30	30.27

Closed steady.

New York, January 26.—The cotton market was unsettled and generally lower today owing to talk of an easier tendency in the goods trade, less favorable reports as to prospects for early action on the peace treaty, and continued nervousness with reference to foreign exchange and money rates.

Early declines were followed by rallies which carried May contracts up from 33.98 to 34.40, or 8 points above the closing quotation of Saturday, but the advances were not fully maintained with May closing at 34.24, and with the general list closing steady at a net decline of 5 to 21 points.

The market opened steady at a decline of 5 to 37 points owing to rumors that prices either had been cut or were to be cut on some of the more prominent lines of cotton goods. Liverpool was fully up to expectations and sent some buying orders here, which, with a moderate demand from domestic trade interests, caused slight rallies after the call.

There was evidently nervousness over the goods situation, however, owing to reports of a less active demand at first hands and apprehensions that second hand holdings might be liquidated because of a tighter money situation. This led to considerable selling and before the end of the mornng, prices on the more active months broke 32 to 36 points below Saturday's closing figures, with March selling at 35.90 and July at 32.00.

Trade interests were buyers on a scale down and as soon as the pressure slackened, prices firmed up on covering, which was promoted by the absence of any definite confirmation of the rumored decline in cotton goods and reports that there was very little selling here by the south. Rallies to 36.25 for March and 32.44 for July met more cotton, however, owing partly to Washington advices indicating a less favorable outlook for an early agreement on the peace treaty and reports of higher call money rates.

SPOTS IN NEW YORK.

New York, January 26.—Spot cotton quiet; middling 39.15.

NEW ORLEANS LOWER ON POLITICAL NEWS

New Orleans, January 26.—During the greater part of today's session the cotton market was depressed by the unfavorable tone of European political news, by the absence of any supporting influences that might be called new, and by the view held by a considerable element that weather conditions over the belt were about to take a turn for the better.

The only strong period of the day followed dispatches from Washington expressing the belief that action on the peace treaty was certain this week. Early declines carried prices off 21 to 27 points, from which the market gradually recovered and finally worked 10 to 13 points over Saturday's close on the old crop months.

At its best October was still 9 points under the close of Saturday. Late in the session there were fresh rallies, so that the close was net unchanged to 24 points lower, October showing the widest net loss of any month on the boards.

Small buying was aroused around the middle of the day by interior claims of a better inquiry for the lower grades, but spot markets as a general thing were not active. Locally, spots were unchanged at 40 cents for middling, which compared with 37.62 as the closing price on March.

SPOTS IN NEW ORLEANS.

New Orleans, January 26.—Spot cotton steady and unchanged. Sales on the spot 843; to arrive 293. Low middling, 32.50; middling, 40.00; good middling, 42.00. Receipts, 9,484; stock, 440,036.

Liverpool Cotton.

Liverpool, January 26.—Cotton: Spot in fair inquiry; prices lower. Good middling, 20.76; fully middling, 28.76; middling, 27.51; low middling, 24.96; good ordinary, 22.01; ordinary, 21.01; sales, 6,000 bales, including 5,700 American. Receipts, 35,000 bales, including 26,200 American. Futures closed steady. January, 26.45; March, 24.95; May, 23.84; July, 22.86; October, 20.79; December, 20.19.

Sugar.

New York, January 26.—The local market for raw sugar was firm and unchanged at 12c for Cubas, cost and freight, equal to 13.04 for centrifugal. Business was not very active, sales only aggregating 20,000 bags of Cubas for first half February clearance to a refiner at 12c, cost and freight, but offerings were light, owing perhaps to reports of a railroad strike in Cuba, which would interfere with the movement to the ports. There were also sales of 10,000 bags of Cubas for clearance during the second week in February to an operator at 12c, cost and freight.

Nothing new has developed in the refined situation, refiners allocating only limited quantities to their regular customers. Prices were unchanged at 15 to 16c for fine granulated.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, January 26.—(Special.)—Cables were up to expectations, but owing to the frightful blizzard raging in the south, the wire service was crippled and the market was almost entirely professional. Trade interests were buyers on the breaks. There were rumors afloat of a cut in prices on certain classes of goods, but southern buyers now here not only report no concession on any kind of goods, but say goods are difficult to obtain at any price. The feature of the day was southern selling of October. The south seems determined to sell the next crop at 30 cents. CLARK & CO.

New York, January 26.—(Special.)—Although we were due higher on the opening today in sympathy with Liverpool cables, selling orders in volume were here for Liverpool account, acting as a weight upon prices. This selling was probably offsetting purchases in Liverpool for straddle account. Considerable talk was heard around the ring apprehensive of reduction in cotton goods prices. So far this is a theory. Notwithstanding heavy sales this morning, the market absorbed cotton with practically an unbending of prices. On short covering, prices advanced easily. The tone has improved and is good. ORVIS BROS. & CO.

New York, January 26.—(Special.)—Due to southern wire trouble, the outside business was very much restricted. Prices on the opening and immediately thereafter declined about 30 points, but soon recovered when trade demand absorbed the offerings. Exports are now over 1,300,000 ahead of last season. Were it not for the unfavorable political and economic conditions, the market undoubtedly would be a great deal higher at this time. J. W. JAY & CO.

New York, January 26.—(Special.)—Today's market was dull and narrow, with the trend downward. Sentiment is generally less bullish than recently. Washington advices are pessimistic in regard to peace treaty prospects. A prominent democratic newspaper predicts that the senate intentionally intends to kill the treaty. The financial situation continues unfavorable and the decline in sterling continues, new low levels being reached today, when sterling touched 3.59, but the trade is more disturbed over the very persistent rumors that a sharp decline in finished goods is impending, and when it is considered that the government is officially predicting lower clothing prices and advising consumers to hold off purchasing, it seems logical to believe that the peak of high prices in finished goods has been reached and passed. We can see no incentive to warrant purchases of cotton under present conditions, and feel that purchases especially on strong markets are most advisable, believing that in the near future a considerably lower level will be reached. JOHNSTON BROS.

NEW ORLEANS LETTER.

New Orleans, January 26.—(Special.)—Political news and the continued decline in foreign exchange caused an unsettled market in cotton today. There were declines around the opening, after which the market recovered and went to small net advances on dispatches from Washington stating that action on the peace treaty was certain this week, but later on the market again declined and at the close showed net losses for the day of from one to 24 points on all months, except March, which was unchanged. Reports from the spot centers of the south were conflicting, some claiming little activity while others talked of a better demand for the lower grades. DUGGAN & BOUDEN.

New York, January 26.—(Special.)—The demand in Manchester for cotton goods has become quieter with the resulting week of easier feeling abroad, but in our own market the trade are opposed to a decline because they believe that the south will hold its cotton. Therefore, upon any weak markets they become buyers. Business is very limited, as the larger traders are very puzzled and not inclined to engage in new operations. HUBBARD BROS. & CO.

STOCKS EXHIBIT LATE STRENGTH

After Early Sluggish Trend, List Improves With Exception of the Rails Group and Makes Good Gain.

New York, January 26.—Stocks were sluggish and uncertain of trend at the start of today's session, but improved in all quarters except the railway list later.

Many of the day's material gains were registered by issues recently under bearish pressure. To these were added several prominent industrials, which rumor associated with early dividend expansion.

Last Saturday's relatively adverse bank statement, disclosing another sharp contraction of actual reserves and fresh weakness of foreign exchange, exercised only occasional effect on the market's progress to higher levels.

The further collapse of international rates carried British, French, Italian and many minor remittances to discounts considerably under low records established last week, heavy offerings of bills again emanating from London.

Prices were at maximum quotations in the last hour, the only active period of the day, regardless of call money's rise from 7 per cent—the initial rate—to 10 per cent. In the main, final quotations were 1 to 3 points under highest levels, in consequence of profit-taking.

Steels, motors and oils were the dominant features, greatest strength and activity being shown by Crucible and Republic steels, Baldwin Locomotive, Mexican and Pan-American Petroleums, Texas Company, General Motors, Chandler, Studebaker and the rubber accessories at extreme gains of 3 to 9 points.

Food, paper, textile, metal and utility issues helped to swell the movement at advances of 1 to 3 points, Cuban-American sugar incidentally gaining 10 points net.

Liberty bonds rallied slightly, internationals eased and most domestic rails and industrials were irregular. Total sales, par value, aggregated $11,750,000. Old United States bonds were unchanged on call.

SHIPPING REPORT LOWERS GRAINS

Reports of More Available Cars Tends to Ease Corn and Oats—Provision Outcome Varies.

Chicago, January 26.—Reports that the car supply in some sections west of here had become more plentiful tended today to ease the corn market.

Prices closed heavy at the same as Saturday's finish to ¾c lower, with May $1.35¼@1.35¾ and July $1.32⅜@1.32½. Oats lost ⅛ to ⅜c. In provisions the outcome ranged from 25c decline to 5c advance.

At first cold wave predictions, together with a sharp advance in hog values, gave the corn market an upward slant. There was a lack of aggressive buying, however, and the bears were soon able to force a reaction largely through advices that an increase in the number of railroad cars available at country stations was evident in Iowa and Nebraska.

On the other hand, railroad outlets east of here remained clogged. Weakness of wheat and rye exercised a further depressing influence on the corn market in the late dealings and virtually no notice was taken of the fact that the corn visible supply today was the smallest in thirty years.

Oats were governed by the changes in corn. Most of the trade was local.

In provisions selling for stockyard interests more than offset hog market upturns. Besides lard exports showed a falling off.

The Constitution's Markets, Business and Financial News and Reviews

London Stock Market.

(The Constitution—London Times—Philadelphia Public Ledger Service—Copyright, 1920.)

London, January 26.—The stock markets began the week in a fairly confident manner and there appeared to be a mood for accumulation of orders over the week-end. There was more business in the mining markets, the rise in prices of gold, silver and tin having a favorable effect.

The industrial markets again monopolized a large share of attention and there were some notable movements among those securities affected by bonus issues and offers to purchase on pending capital rearrangement proposals. French bonds were flat, with a continued weakness of the franc.

There was a considerable turnover of credit in the short loans market and as calls on the markets' resources were heavier money was a little more usable at 3½ per cent to 4 per cent during the morning. Later in the day conditions became easier and the rate ran off to 3 per cent. The discount market appeared to be a little more inclined to take notice of the continued rise in the price of gold and the weakness of New York exchange, and as there were not such free buyers of bills, the tendency of the market hardened. A batch of Italian credit bills was renewed for three months.

New York exchange fell to a new low level, closing at $3.59⅝, as compared with $3.62⅞ on Saturday. A further sharp fall took place in marks, which closed at 361 to the pound, against 291½ on Saturday. Lire also reached a new low record. Italy closed at 52 lire 27½c.

Coffee.

New York, January 26.—The market for coffee futures was easier today under a renewal of scattering liquidation. There had been some buying on Saturday, owing to rumors of an advance in Rio, which were not confirmed by the day's official cables, and there was also some selling on the unsettled ruling of sterling exchange, or less favorable views as to prospects for early action on the peace treaty. First prices were 2 to 3 points lower and the more active months sold 12 to 14 points below Saturday's closing figures, with May touching 15.82 and closing at that level. The general list closed at a net decline of 5 to 14 points. January, 15.47; March, 15.62; May, 15.82; July, 16; September, 15.75; October, 15.67; December, 15.53.

Spot coffee quiet; Rio 7s, 16; Santos 4s, 25½@26. No change was reported in firm offers, which included Santos 4s and 5s at 29.50, London credits, and Rio 7s at 17.25, American credits. The Brazilian government was reported offering 250,000 bags to average Santos 4s and 5s at 23c, American credits, for February-April shipment. The coffees were described as old crop, good roast and soft drinkers.

The official cables reported a decline of 150 reis in the Rio market, with the Santos spot market unchanged and futures 50 reis higher to 50 reis lower. Brazilian port receipts, 24,000; Jundiahy receipts, 7,000. Rio exchange on London was unchanged.

Cotton Seed Oil.

New York, January 26.—Cotton seed oil was quiet, with prices lower under scattered liquidation on the heaviness in lard and cotton. Closing prices were generally 14 to 22 points net lower. Sales, 8,500 barrels. Prime crude, 19.50@20; prime summer yellow spot, 21.55; prime winter yellow and summer white, nominal.

The market closed dull. January, 21.25; February, 21.40; March, 21.85; April, 21.90; May, 22.29; June, 22.25; July and August, 22.38. Total sales, 8,500.

Kennecott Copper Corporation

Ten Year Secured 7% Gold Bonds to yield 7⅛%

Dated February 1, 1920

MR. STEPHEN BIRCH, President of the Corporation, has summarized for us the following statement regarding this issue:

THESE bonds are secured by the pledge of five hundred thousand shares of Utah Copper Company stock having a present market value of $37,500,000. At the lowest price quoted on the New York Stock Exchange during the last five years, the value of the pledged stock was $22,500,000, and at the highest quotation it was $65,000,000.

THIS issue will repay $12,000,000 notes due March 1st and will then constitute the only obligation of Kennecott Copper Corporation. The interest charge is $1,050,000 per annum, while the revenue reported by the company in the least profitable of the last five years was $6,293,000, or about six times the present interest requirements. This was in the year 1919, when the demand for copper was at the lowest ebb in many years. In the most profitable of the last five years the company's revenue was about $28,000,000, or over twenty-five times it present interest requirements.

THE Kennecott Copper Corporation owns in fee mining properties in Alaska which since April, 1915, have produced 360,000,000 pounds of copper and 3,745,000 ounces of silver. The Alaskan mines of the Kennecott Copper Corporation are believed to be the lowest-cost porducers of copper in the world.

THE Utah Copper Company (of whose outstanding stock Kennecott Copper Corporation owns about 38%, of which five hundred thousand shares are pledged as security for this bond issue) is the largest producer of porphyry copper in the world. Its proven reserves on January 1, 1919, amounted to 374,000,000 tons of ore, which is sufficient to provide for thirty years at the company's present maximum rate of production. Since 1910 Utah has distributed not less than $3 per share per annum on its stock. Its present dividend rate is $6 per share, producing on the pledged stock an income of $3,000,000 per annum as compared with the interest requirements of $1,050,000 on this issue.

IN addition to its Alaskan properties and its ownership in the Utah Company, the Kennecott Copper Corporation owns 99% of the Braden property in South America, which is believed to be the third largest known body of proven copper ore in the world.

THE outlook for copper is promising, and at the present time the demand (at a price only one-half cent per pound higher than that realized in 1912) is in excess of the current rate of production.

We are offering this issue for subscription at 99⅛ and accrued interest to yield 7⅛%. The Corporation reserves the right to redeem the bonds at a premium of 1 per cent. for each year or portion of a year of unexpired life; that is, at 110 during the first year, 109 during the second year, etc., in each case with accrued interest.

For full details regarding this issue, reference is made to the circular describing the issue more fully.

January 24, 1920.

Higher Prices Expected With Low Level Trading

BY R. L. BARNUM

(The Constitution-Philadelphia Public Ledger Service. Copyright, 1920.)

New York, January 26.—Today's stock market, especially in the last hour, displayed pronounced underlying strength and gave promise of higher prices if trading stays at its present low level. Compared with last week's low prices, at today's opening, Baldwin and Republic Iron and Steel both showed recoveries of 5 points, Pan-American 3⅝, Mexican Petroleum 6⅞, Crucible 28. Then after a brief decline there was a further advance in these and other stocks to a level considerably above the opening quotations. Stocks which have recently been in the best demand in the loan crowd on the stock exchange floor are the ones which are now showing the largest advances from last week's low. A heavy demand for a stock in the loan crowd indicated a large outstanding short interest. The trader who wants to go short of the market has his broker go to some one in the loan crowd on the floor who represents a holder who is long and wants to stay long, and borrows stock. The broker who does the lending at once gets a check, which means that he can use the money thus obtained in some other transaction. The lender reserves the right to call back his stock at any time. When he does call it the borrower who has sold the stock on the open market has to borrow it from some one else or go into the open market and buy.

Share Recoveries.

Today's share recoveries were due to short covering. As long as the volume of business remains at its present level it is likely that the price trend will continue upward as a result of further short covering. However, if the market should get very active, that is, if daily the turnover should reach a million or a million and a half shares, it is almost certain that the brakes would be put on at once through high money rates.

The over-Sunday announcement of the Crucible stock dividend was the good news on which prices started upward today, causing those short of the market to become nervous. When a trader is long of the market he can put up more money when the market goes against him, and buy in the borrowed stock; but when he is short and the market goes against him, there is nothing to do except pay up. That is why traders who are short get nervous as soon as signs appear that the market has become oversold and that the price trend is upward.

Wall Street Gossip.

According to the over-Sunday news, Crucible stockholders are to be asked by the directors to authorize an increase in the capital stock of 200 per cent, or from $25,000,000 to $75,000,000. Wall street hears that $25,000,000 of the new stock will be issued at once. Whether it will be given to the shareholders outright or sold for cash, is not known. The general supposition is that there will be a stock dividend. But even if the new stock is sold, there would be valuable rights to the shareholders around the present high prices. There are a number of companies like Crucible ready to make some kind of a split-up of accumulated war earnings.

According to Pittsburg dispatches received today in Wall street, the coal mines in that district last week were from 30 to 50 per cent short of the amount of cars needed. This meant that the output of fuel was greatly curtailed.

Call money opened today at 7 per cent, but advanced in the last hour to 10 per cent. Time money remained unchanged.

To Declare Dividends.

Tomorrow is the day when the directors of the U. S. Steel corporation will hold their quarterly meeting to declare dividends and give out the quarterly statement of earnings. The earnings will be those of October, November and December.

Consolidated Gas moved upward with the rest of the market during the forenoon but declined, following the publication of the annual report for the full year 1919. In regard to the annual statement, it was expected that the company would make a bad showing in view of the increased price of oil and material necessary for manufacture of gas but the statement issued today was much worse than was generally expected. The report showed that the company failed to earn its regular dividend of 7 per cent by more than $2,900,000. The company failed to earn its regular dividend in the previous year. Net earnings for the year just past according to the statement issued today amounted to $4,112,440, after all deductions. This was equal to $4.11 per share on the $100,000,000 capital stock. In the year 1918, earnings amounted to $5.68 per share.

To Issue Statement.

The American Hide and Leather company will issue tomorrow its statement of earnings for the last quarter of 1919. This report will, according to estimates, show about $4 per share earned on the preferred stock. This will compare with slightly over $9 earned in the third quarter of the year. The reason for this decline has already been explained in this column. Certain quarters in Wall street do not look with as much favor upon the leather stocks today as they did some time ago. This is also true of the sugar stocks. The argument is that these two classes of securities may be depressed during the coming year because of the presidential campaign during which much criticism is likely to be directed against the prevailing high prices.

Freeport Texas continued its downward movement today and sold at a new low record for all time. There is a rumor in brokerage circles that the directors may pass the dividend at their regular meeting, which will be held on Wednesday.

A Fresh Slump.

A fresh slump in the stock exchange occupied today, a new low level being established for sterling, francs, lire and marks. Sterling sold down to $3.59¼ to the pound, losing 2 1-2 cents at the opening. German marks sold at 1.03 cents each as against 1.27 on Saturday. This represented a loss of about 20 per cent in the price since the end of the week. Tightness of money is the cause universally assigned by the experts for the present downward plunge. Ordinarily, Wall street would welcome any process that promises to result in higher money eventually, but the decline in exchange is viewed with peculiar apprehension because of its possible effects on Europe from both the political and economical standpoint.

Most Productive Cotton Yet Introduced

Tests by progressive farmers, leading varieties in competition, showing for this short variety the remarkable increase over all others of 33 1-3 to 61 84-100 per cent. On a basis of 40 cents for lint and $1.25 per bushel for seed, assuming a yield in best other cotton of a bale per acre, this variety shows a cash increase per acre ranging from $80 to $148—$8,000 to $14,800 on 100 acres—this the experience of "the other man"—the disinterested grower with no seed to sell, and you may prove it by correspondence.

P. G. Sanders, Hagood, S. C. says in competition with the best strain of Cleveland this cotton, GET-THERE-FIRST, produced about a third more.

Lieutenant Governor O. Max Gardner, Raleigh, N. C., will make affidavit to a yield nearly one-third greater (31 72-100 per cent) for GET-THERE-FIRST over best other cotton, the yield the highest ever recorded for Cleveland county.

E. W. Wilkinson, Tignall, Ga., applied 600 pounds A. A. fertilizer per acre, same character of soil, like cultivation, one plot in GET-THERE-FIRST, the other in a leading big boll variety, results showing for GET-THERE-FIRST sixty-one and eighty-four hundredths per cent (61 84-100 per cent) greater returns. The American Agricultural Chemical Company, making experimental tests throughout large areas of Georgia, many conducted in the vicinity of Tignall, applied per acre 1,000 pounds of fertilizer such as used by Mr. Wilkinson, also planting the same strain of big boll, careful records and photographic representations made of all plots, their District Manager, Mr. E. D. Bolton, will bear witness to the fact that GET-THERE-FIRST, with 600 pounds of fertilizer, as planted by Mr. Wilkinson, produced a third more per acre than their plots of big boll with 1,000 pounds of same fertilizer.

Reports of heavy comparative yields coming from high, middle and low sections prove adaptability to any locality.

Mr. E. H. Oswald, president, Allendale Bank, will bear witness to the fact that I made almost a normal crop the past season, though all my cotton was cultivated after oats, much not chopped out until July, 40-day drought later causing great deterioration. I counted nine fully developed large bolls on 7-inch section of a terminal limb.

GET-THERE-FIRST, cramming all available space with big bolls, is the earliest variety; vigorous, free from disease, 40 per cent lint; grows till frost. It is emphatically the only variety that will approach a full yield under boll weevil conditions, and whether or not seed are bought now, their ultimate purchase will have to be made, as the weevil will cover all cotton areas by 1921.

Absolute assurance of no weevil in my seed. Clemson College certificate attached to every sack safeguarding.

Get busy—a $5.00 investment in seed for one acre renders almost certain the production of $80.00 to $148 greater returns—"the other man" supplies the data. Bushel $5.00; 5 bushels at $4.75; 10 bushels at $4.50; 25 bushels at $4.25; 50 or more bushels $4.00.

L. A. STONEY, Allendale, S. C.

ELEVEN MEN TRIED ONMURDERCHARGE

Alleged I. W. W. Arraigned for Killing of Former Service Men on Armistice Day.

Monte Sano, Wash., January 26.—The attorney for the eleven alleged Industrial Workers of the World, charged with murder in connection with the Armistice day killings at Centralia, Wash., filed a motion for a change of venue at the opening of the trial here today. Judge Wilson denied the motion of the defense for a change of venue.

Long Trial Expected.

The trial was transferred to Monte Sano, seat of Grays Harbor county, from Lewis county, where the shooting occurred. Defense counsel then, as now, charged sentiment against the defendants would deprive them of a fair trial.

It has been estimated ten weeks will be necessary for the trial. The prosecution has a list of more than 500 witnesses and the defense is said to plan to present fully 100.

Ten defendants are charged specially with the murder of Lieutenant Warren O. Grimm, a leader in the Armistice day parade. They are Britt Smith, C. C. Bland, Bert Faulkner, Ray Becker, James McInerney, Loren Roberts, Eugene Barnett, Mike Sheehan, John Lamb and Bert Bland. John Doe Davis and Ole Hanson also were named in the information, but have not been apprehended.

The eleventh man, Elmer Smith, Centralia attorney, is charged with being an accessory before the fact in that he is alleged to have "procured, aided, assisted, counselled, incited, commanded and abetted" the others in the alleged conspiracy to shoot the former service men as they marched in a parade.

Conflicting Evidence.

In the investigation many eyewitnesses said the first shooting was begun without warning or provocation by those inside the I. W. W. hall. Some said the firing began from the hall after a single shot from the Avalon hotel, opposite the hall.

At the coroner's inquest Dr. Frank Bickford, Centralia physician and former service man, who was marching in the parade, testified that the shooting began only after the marchers started to rush the hall.

Wesley Everetts, said to have been an I. W. W. organizer and the slayer of Hubbard, was spirited from the jail in the night following the shooting, the electric lights of the town having been cut off. He was taken by a mob to a bridge over the Chehalis river, where he was hanged.

Several service men who were wounded by shots have completely recovered.

Twenty-four men, rounded up after the shooting, were charged with criminal activities, but several of these have since been released.

THE CLANCY KIDS

Cousin Dubb Will Now Be in the Family.

By PERCY L. CROSBY

Fort McPherson Notes

Cold, wet, disagreeable weather proved the making of a disconsolate day at Fort McPherson Monday. It was all borne with a soldier's smile, however, and the best was made of it. Although the walks through the grounds of the post, usually thronged with wounded men taking fresh-air-and-exercise strolls were practically deserted, inside the wards and barracks was warmth and comfort, and that's where most everybody stayed. Very few visitors were seen during the day.

The Red Cross hostess home, the large white building that stands near the entrance to the grounds, was filled with soldiers shortly after its doors were opened at 9 o'clock, when a slight slack in the downpour of rain was noticeable. Being the only remaining welfare building on the grounds, it was the mecca for all those that dared venture from their wards and barracks.

The most popular spot in the hostess house proved to be in front of the large fireplace, seven feet wide, and high in proportion, at the end of the immense reception room. The cheery warmth from a blazing hickory log, supported by a pair of huge New England andirons, attracted quite an array of men within reach of its homelike glow. As the blazes from the log leaped higher chairs were gradually drawn back, enlarging the circle, and admitting newcomers to the ranks enjoying themselves, with not a care as to the outside atmospheric conditions.

Officers Not Outdone.

Nor were the officers to be outdone by the enlisted men in their enjoyment of such a gloomy day. In the officers' ward, the graphophone, which had proved so faithful on sunnier days, was purposely forsaken, and the spirits of the wounded officers, occupying rows of lily-white beds, were livened by the jazz tunes of the Officers' Mandolin club, which was on the job at intervals throughout the day.

One of the indoor sports most keenly enjoyed by the officers is to watch the animated antics of an "Alabama coon jigger," doing a Dixie shindig to the tune of a lively Dixie plantation medley by the mandolin club.

The Officers' Mandolin club, headed by Major Moffitt, and including as its performers Major Larned, Lieutenants Hendricks and McGee, and Misses Decker and Wellman, reconstruction division aides, has appeared several times recently before large audiences at the open-air concerts held on the parade grounds. It is quite a complete musical organization, and under direction of Major Moffitt, has mastered all the latest song hits.

The mandolin club has also been furnishing lively music for the officers' dance every Thursday night, and also for the dancing class for officers, under the supervision of Miss Jeannette Folks, dancing director. Miss Folks is a popular aide in the reconstruction division, and it is said that she was instrumental in forming the officers' choir, composed of fifteen of the most harmonious voices in the officers' quarters.

Major Moffett Leaves.

Major Moffett, who has been "it" at the fort, when it comes to putting over entertainment features, and who is one of the most popular officers at the fort, will leave next Monday for Harrisburg, Penn.

He is leaving the army, and it is said that he contemplates going to Oregon from New Hampshire. Much regret is being expressed in fort circles at his leaving. While stationed at Fort McPherson, he has been commanding officer of the hospital laboratory.

Several more of the post's most popular oficers are leaving. Lieutenant Colonel George B. Lake, surgeon in the officers' ward, who has been stationed at the forst since last October, has been transferred to the Columbus barracks, at Columbus, Ohio. Captain Frank Holt has been released from temporary duty, and will go shortly to General Hospital No. 19, at Osteen, N. C.

Adjutant Dougherty announces that Captain T. M. Page has been ordered to Daytona, Fla. Captain R. M. Butler has been ordered to Jackson, Miss., for temporary duty with the recruiting officer at that place, and Captain W. R. Strange has also been assigned to recruiting work at New Orleans, La.

A Young Coombey.

If ever Captain B. C. Coombey was the envy of his fellow-officers, he is now. He has announced the birth of a fine baby boy at his home. It is said that mother and son are doing nicely.

Private John H. Swain, of the motor transport corps at Camp Jesup, is the guest of Fort McPherson for a few days, while recuperating from injuries received Sunday when he fell off a moving trolley while on his way to Atlanta. He was being placed in an automobile to be taken to Atlanta when a general hospital ambulance happened along. His injuries, though painful, are not thought to be serious.

Miss M. Douglas, of the nurses' quarters, is bemoaning the loss of a small Waltham wrist watch, on a black wrist band. For some reason or other, the watch has a sentimental value greater than any intrinsic value, and she has spread a dragnet over the fort in the hopes of capturing it.

LUCIUS HAYES INJURED IN FIGHT WITH SOLDIER

Lucius Hayes, about 20 years of age, of 152 Beech street, is at Grady hospital in a serious condition, suffering from several cuts inflicted by Private W. Simpkins, Camp Gordon, in a fight near the Exposition cotton mills Monday night.

According to a statement made at police station by Simpkins, who is 18 years of age, Hayes started the row by slapping him in the face. Simpkins then drew a knife and inflicted several deep cuts on Hayes' body. Hayes was rushed to Grady hospital where physicians state his condition is serious.

Believe Woman Died of Cold

Police are investigating the mysterious death of a negro woman, Lottie Kemp, 27 years of age, of 27 Johnson street, Sunday night near the old southern railroad round house on North avenue. Monday morning the dead woman was found lying on the ground just outside the round house. The police were notified and Call Officers McDaniels and Williams investigated the case. It is believed by the police that the woman froze to death during the cold spell.

Snatch Thief Reported.

Miss Jessie Blacker, 190 South Pryor street, reported to the police Monday night that while going to her home about 8 o'clock, in the evening, her pocketbook containing over $45 in cash was snatched from her hands by a negro snatch thief near the Commercial High school, on Pryor street. Police station was notified and officers detailed on the case. Miss Blacker was able to give the police a good description of the negro.

Bank of Stephens.

Stephens, Ga., January 26.—(Special.)—At the recent annual meeting of the stockholders of the Bank of Stephens, an 8 per cent dividend on the full stock was paid and $5,000 passed to surplus. The following officers were re-elected: John F. Holden, president; W. F. Adkins, vice president; M. O. Hollis, cashier; board of directors, W. F. Adkins, E. B. Bell, T. B. Hansford, J. H. Hunter, M. J. Nicholson, R. H. Sanders and J. W. Moody; O. N. Epps, auditor.

THE GUMPS—WE HAVE WITH US ONCE MORE—

NEW YORK ASSEMBLY STILL BARS SOCIALISTS

Albany, N. Y., January 26.—A fourth attempt to reseat the five socialist assemblymen suspended for alleged disloyalty failed tonight in the lower house and their trial, adjourned last Thursday, will be resumed tomorrow before the assembly judiciary committee.

The New York City Bar association, which has opposed the suspension on the ground that it threatened representative government, has not given up its fight.

It is known at tonight's session when Assemblymen William C. Amos, republican, of New York, introduced a memorial from the special committee headed by Charles E. Hughes. This, Speaker Thaddeus C. Sweet announced, will be printed as a public document.

The effort to reseat the socialists was made when a resolution to this effect, introduced last Monday by Mr. Amos, was read. Simon L. Adler, majority leader, raised the point of order that the Amos resolution was, in effect, an amendment to the original suspending resolution which was no longer before the house.

Speaker Sweet ruled the point of order was well taken. Mr. Amos appealed the ruling, but the assembly, by an overwhelming vote, sustained the speaker.

Counsel for the assembly judiciary committee indicated tonight they would put more federal agents on the stand when trial of the five suspended socialist assemblymen is resumed.

Before adjournment was taken last Thursday, Charles M. Robinson, a department of justice operative, who served as a translator for the joint legislative committee investigating radicalism, had testified concerning various pamphlets on bolshevism published by the Jewish socialist federation. Committee counsel, who are hopeful of having their case "substantially in" this week, spent the week-end going over a mass of documents in their possession, selecting only those which they considered essential to proving their case. These, it was said tonight, would contain "sensations."

Seven witnesses already have been heard and exhibits number more than a score, including constitutions of national, stare and county socialist organizations; a speech by August Claessens, a defendant; court papers in the case of Scott Nearing and the American Socialist society, and various pamphlets.

Albany, almost "deserted" over the week-end, tonight was the scene of another invasion. Besides counsel for both sides and witnesses, hundreds of spectators poured into the city to attend this week's hearings.

Gompers Is Defeated In Delegate Election By Cigar Makers' Union

New York, January 26.—Samuel Gompers, president of the American Federation of Labor, was defeated today in the election of delegates to the Cigar Makers' International unions' convention, held by Local 144, the organization to which he has belonged for more than forty years. Mr. Gompers was a cigar maker until 1882 when he became president of the American Federation of Labor and its first vice president of the Cigar Makers' International union. The coming convention, which is expected to be held in Chicago in April, will be the first to which he has not been a delegate in many years.

Morris Brown, secretary of Local 144, and one of the elected delegates, said tonight that he believed the refeat of Mr. Gompers was due to the influence of the younger men in the union. "They are progressive," he said, "and believe that Mr. Gompers is too conservative to advance the cause of labor with proper speed."

Mr. Gompers will be seventy years old tomorrow. A number of telegrams congratulating him on his birthday were sent to Washington tonight by local unions.

General Read Refuses To Surrender Soldiers To Civil Authorities

Columbia, S. C., January 26.—General George W. Read, commandant at Camp Jackson, has refused to surrender to the civil authorities one officer and three enlisted men under arrest at the camp in connectino with the shooting last week of William Chaplin, a civilian. General Read declared the men would be tried by military court-martial

Chaplin was an occupant of an automobile halted by a guard in search of an escaped prisoner. After the guard had ordered the car to proceed, a shot was fired, the bullet killing Chaplin.

OFFICERS WON'T DANCE UNLESS MEN INVITED

Rome, Ga., January 26.—(Special.) Officers of the detachment of troops here for "Army week" service, a few nights ago, declined to attend a dance proposed in their honor because the enlisted men were not invited. Major J. A. Heywood, commanding officer, declined to permit the band to play at the dance for the same reason.

The troops, who have been here for a week stimulating recruiting, comprise officers and men from Camp Benning and Camp Gordon. The incident has caused a social furore here, and little else is discussed in society circles.

ONUS OF JENKINS CASE PLACED UPON JUDGE

Washington, January 26.—Judge Fernando Guzman, of the second criminal court at Puebla, before whom the investigations in connection with the case of William O. Jenkins, American consul agent, held for ransom, was conducted last month, has been removed from office because he tried to make the investigation follow his own personal impressions, instead of according to judicial evidence, advices today from Mexico City said. Information in the posession of the state department is said to indicate that Judge Guzman folllowed the policy plainly indicated by state and federal authorities, and his friends in Puebla are complaining that he has beeen made to bear the onus of the case.

TRIBESMEN OF INDIA SNIPING THE BRITISH

London, January 26.—An official statement from Delhi, British India, under date of January 21, says that in the Tochi district the Waziri tribesmen continue to refuse to bring in rifles in payment of fines imposed. The Mahsud tribesmen are incessantly sniping pickets, the statement asserts, and have been informed that there will be no cessation of hostilities until fines assessed against them have been paid.

"The enemy force has been greatly diminished," the statement continues. "The enemy lost thirty-five dead in fighting on January 17 and 18, and the village of Naikash was destroyed because the enemy mutilated one of the British dead."

According to experiments made at the Pasteur institute in Paris, an average of about six quarts of alcohol can be obtained from each 100 pounds of seaweed.

COSTLY FIRE RAGES AT COLUMBUS, OHIO

Columbus, Ohio, January 26.—Fire early this evening destroyed five buildings on High street, in the heart of the business district, causing a loss estimated at from $500,000 to $800,000, fully covered by insurance. No one was killed or injured.

Four of the buildings were occupied by the Morehouse-Martens company, one of the largest dry goods stores in central Ohio. The other was occupied by the Andrew Dobbie dry goods store, which recently was purchased by the Morehouse-Martens company.

The Morehouse-Martens company estimated the loss to its stock at $600,000.

EFFORT IS MADE TO SECURE MONEY FOR SIX NURSES

Calling attention to the danger which would threaten the city in the event of an epidemic of influenza, Alderman J. R. Seawright, a member of the finance committee of council, on Monday afternoon asked that body to provide an apropriation sufficient at least to pay salaries of the full corps of public health nurses for three more months.

Six of these nurses, half of the stafff, will have to be dropped from the city paroll on February 1, unless an appropriation to pay them, slashed from the sheet by the finance committee in making up the budget two weeks ago, is inserted again. Alderman Seawright's motion was seconded by Alderman W. C. Richardson, but after some discussion the matter was never put to a vote.

Councilman Chosewood was opposed to the motion, declaring that not enough influenza has manifested itself in the city to be the cause for apprehension, and that it would be time enough to act when the malady shows signs of becoming epidemic.

Other members called attention to a statement of Councilman J. R. Nutting, made when council adpoted the sheet, that he would fight for restoration of the appropriation to pay the nurses, and the chairman advised that it might be well to defer the matter until the next meeting of council, when Mr. Nuttines is expected to introduce a resolution in accordance with his notice of a fight.

A Winter Romance
By Jean Baird

XV. The Finale

"Softly, Frank, we'll waken Nan," I whispered to my husband as we entered our front door after being out quite late one evening.

"Waken nobody," retorted Frank, "I'll wager that she and Herb are still in front of that fire—we'll go and see."

A murmur of low voices came to our ears as we entered the library. Sure enough, there sat the pair, apparently heedless of our approach. And would you believe it—Nan's head was on Herb's shoulder! Truly it was a picture.

But Frank couldn't resist the temptation to disturb the lovers.

"Jean, this is no place for us."

Momentary confusion reigned. Then after it was all over the blessed pair told us all about it. They were going to be married soon—how soon they couldn't say, but Herb seemed to believe in the "immediate future."

So ends "a winter romance." As I look back I seem to see Nan during her visit with me—irresistible with all her charms. And chief among them was her goddess-like complexion. I really believe it won Herb from the start.

A final triumph for Magnolia Balm—for it was that which kept Nan's skin so beautiful. And it will make every woman's complexion just as soft and clear. Easy to apply—free from grease, it is an ideal liquid powder. Besides it stays on without being detected. Only 75 cents a bottle at dealers or post paid from the Lyon Manufacturing Co., 100 So. Fifth St., Brooklyn, N. Y. Three colors—white, pink and rose red. Try it today.

Nan and Herb are going to be married in June—but that is supposed to be a secret. —(adv.)

(The end.)

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."—(adv.)

Peachtree Corner For Sale

We have a special price for a limited time on the best undeveloped corner on Peachtree, south of Ponce de Leon avenue.

This is one of those corners where small, inexpensive stores pay a big income from the start, and at the same time the investment has immense speculative possibilities.

There is no street in the Southern States with the advantages that Peachtree street possesses; and here is your best opportunity to make an investment on this famous thoroughfare.

Perfect Health Is Yours If the Blood Is Kept Pure

Almost Every Human Ailment Is Due to Blood Impurities.

You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can readily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurities is a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pains; Catarrh, often a forerunner of dread consumption; Eczema, Tetter, Erysipelas and other disfiguring skin diseases; Malaria, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

You can in a large measure avoid liability to disease, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly. It is sold by druggists everywhere.

FREED FROM THE PHYSIC HABIT

Says her constipation ended and stomach trouble left. Tells how.

"I had stomach trouble and constipation very bad for a long time. Tried everything, but kept getting worse. I could hardly eat anything and my bowels wouldn't move unless I took a physic every day. I have to support myself and two children, yet I couldn't work.

"The first bottle of Milks Emulsion did wonders for me, and I have continued its use until now I feel fine and can work every day. I have a good appetite, my stomach trouble has left me, and my bowels are as regular as clock work."—Mrs. Mary Widner, 103 S. Court St., Sioux City, Iowa.

Mrs. Widner found out what all sufferers should know—that pills, salts and physics do not end constipation, but usually make it worse.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Chas. A. Smith Drug Co.—(adv.)

PEPTO-MANGAN MAKES RICH RED BLOOD

Helps Restore Thin, Rundown Men and Women to Vigorous, Full-Blooded Health.

Recommended by Physicians

Sold in Liquid or Tablet Form—The Name "Gude's" the Guide to the Genuine.

It is a true saying that your health is only as good as your blood. Good rich blood manifests itself in a healthy, natural complexion; clear, keen eyes; tireless energy and enthusiasm; and an abundant supply of reserve strength.

And just as positively does poor, thin blood directly influence the entire system. Pale, sallow complexions; dull eyes; a listless step; languidness; tiredness; worn-out feeling; general dejectedness and unhappiness—all are positive signs that the body is not receiving its proper nourishment through the blood.

Pepto-Mangan helps restore vigorous health, because it contains the very elements so much needed by the blood to enable it to perform its functions and supply the body with nourishment, energy, and strength.

For your convenience, Pepto-Mangan is prepared in tablet as well as liquid form. Both possess exactly the same medicinal value.

There is but one genuine Pepto-Mangan, and that is "Gude's." If the name "Gude's" is not on the package it is not Pepto-Mangan.—(adv.)

Stand Well At Your Bank

A big manufacturer whose bank relations were slightly strained took our statement of his business to his bank's officials.

It was a good statement, because the business justified it. It strengthened his credit at once, and he now stands well with his bank.

The bank simply wanted to KNOW—that was all. Compared to results, the cost of the audit was insignificant.
